## NOTICES OF OPPOSITION

**TAKE NOTICE** that the Registrar is in receipt of a notice of opposition filed by PHILIP MORRIS BRANDS SÀRL(The Opponent), of Quai Jeanrenaud 3, Neuchâtel, 2000, Switzerland filed on the 18<sup>th</sup> day of August, 2021, against trademark Application No. 16356.20 filed on the 10<sup>th</sup> day of July, 2020, by C. THEODOSIOU ENTERPRISES LTD (The Applicant), of 1 Androcleous Str. Mesa Geitonia 4007, Limassl Cyprus (a Cypriot corporation), for the registration of the following trademark, as proprietor thereof:

The grounds for the opposition are as follows:

1. As an internationally known manufacturer of tobacco and smoke-free products, the opponent, Philip Morris Brands Sàrl (PMB) owns hundreds of trademark registrations worldwide for MARLBORO, the Rooftop device, the PM CREST device, within others, in respect of goods in class 34.

Among many other trademarks, PMB is the owner of the following trademark registration in Belize:

-Registration no. 4388.07  
January 2007;

(hereinafter named “the rooftop device”) for goods in class 34, registered on 22

-Registration no. 5969.09

for goods in class 34, registered on 20 May 2009;

-Registration no.10427.14 for goods in class 34, registered on 27 May 2009;

2. By virtue of its said trademark registration in Belize, pursuant to section 24 (1) of the Trade Marks Act the Opponent has exclusive rights in the trademarks, and pursuant to section 38 (1) of the Trade Marks Act the Opponent’s said trademarks are “earlier trademarks”.

3. By virtue of its extensive and long-standing use of the earlier trademarks in Belize, the cited trademarks are well-known trademarks for goods in class 34 and indeed known by the public at large.

4. Philip Morris has been commercializing different MARLBORO products containing the following figurative trade mark:

- (hereinafter named “the rooftop device”)

- (hereinafter named “PM Crest device”)

Which are registered marks on their own (the rooftop device) and/or included in various of the opponent's registered trademarks (the PM Crest device).

5. The trade mark application which the Applicant has applied to register, namely

is very similar visually to the Opponent's earlier trade marks and unregistered trademark for the PM Crest device in the following ways:

- (a) The application detected contains highly similar device to the "PM Crest device";
- (b) The application detected contains a "rooftop device" but in inverted version;
- (c) The application detected contains the wordmark in the middle part of the sign;

All giving rise to a highly similar structure of the registrations no. 5969.09 and 10427.14 and a reproduction of the trademark registration no. 4388.07. Indeed, the line included below the wordmark in the detected application enhances the similarity in structure of the registered marks of the opponent.

It must be noted that the figurative elements contained in the signs at hand (Rooftop device and Crest device) are main figurative elements, enhancing the visual similarities between the trademarks.

- 6. The goods at hand are identical.
- 7. The opponent's earlier marks deserve marks a further scope of protection due to its inherent distinctiveness and its well-known character.
- 8. The trademark application detected is not eligible for registration pursuant to Section 37 (2) of the *Trade Marks Act*, as there exists a likelihood of confusion on the part of the public, including likelihood of association with the Opponent's earlier trademarks.
- 9. The trade mark application detected is not eligible for registration pursuant to Section 37 (3) of the *Trade Marks Act*, as the earlier marks have a reputation in Belize and the use of the later mark without due cause would take unfair advantage of and be detrimental to the distinctive character and the repute of the Opponent's earlier trademarks.
- 10. The trade mark application detected is not eligible for registration pursuant to Section 37 (4) of the Trade Marks Act, by virtue of law of passing off due to its similarity with the earlier unregistered trademark for the PM Crest device.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.
