bacterial poisons; bacterial preparations for medical and veterinary use; bacteriological preparations for medical and veterinary use; balms for medical purposes; balsamic preparations for medical purposes; bandages for dressings; barks for pharmaceutical purposes; bath preparations for medical purposes; bath salts for medical purposes; bicarbonate of soda for pharmaceutical purposes; biocides; biological preparations for medical purposes; biological preparations for veterinary purposes; biological tissue cultures for medical purposes; biological tissue cultures for veterinary purposes; bismuth preparations for pharmaceutical purposes; bismuth subnitrate for pharmaceutical purposes; blood plasma; blood for medical purposes; bone cement for surgical and orthopaedic purposes; bouillons for bacteriological cultures; breast-nursing pads; bromine for pharmaceutical purposes; bronchodilating preparations; bunion pads; by-products of the processing of cereals for dietetic or medical purposes; cachets for pharmaceutical purposes; cachou for pharmaceutical purposes; preparations for callouses; calomel [fungicide]; camphor oil for medical purposes; camphor for medical purposes; candy, medicated; candy for medical purposes; capsules for medicines; casein dietary supplements; castor oil for medical purposes; caustic pencils; caustics for pharmaceutical purposes; cedar wood for use as an insect repellent; cellulose esters for pharmaceutical purposes; cellulose ethers for pharmaceutical purposes; cement for animal hooves; charcoal for pharmaceutical purposes; chemical conductors for electrocardiograph electrodes; chemical contraceptives; chemical preparations for the diagnosis of pregnancy; chemical preparations to treat mildew; chemical preparations to treat wheat blight; chemical preparations for treating phyloxera; chemical preparations for pharmaceutical purposes; chemical preparations for medical purposes; chemical preparations for veterinary purposes; chemical reagents for medical or veterinary purposes; chemico-pharmaceutical preparations; chewing gum for medical purposes; chilblain preparations; chinoline for medical purposes; chloroform; cocaine; cod liver oil; collagen for medical purposes; collodion for pharmaceutical purposes; collyrium; compresses; condurango bark for medical purposes; solutions for contact lenses; contact lens cleaning preparations; cooling sprays for medical purposes; corn rings for the feet; corn remedies; cotton for medical purposes; cotton swabs for medical purposes; cream of tartar for pharmaceutical purposes; creosote for pharmaceutical purposes; croton bark; cultures of microorganisms for medical or veterinary use; curare; decoctions for pharmaceutical purposes; dental abrasives; dental amalgams; dental cements; dental impression materials; dental lacquer; dental mastics; dental amalgams of gold; deodorants, other than for human beings or for animals; deodorants for clothing and textiles; depuratives; preparations for destroying noxious animals; preparations for destroying dry rot fungus; preparations for destroying mice; detergents for medical purposes; diabetic bread adapted for medical use; diagnostic preparations for medical purposes; diagnostic biomarker reagents for medical purposes; diagnostic preparations for veterinary purposes; diapers for pets; diastase for medical purposes; dietary fibre; dietary supplements for animals; dietary supplements with a cosmetic effect; dietetic foods adapted for medical purposes; dietetic beverages adapted for medical purposes; dietetic substances adapted for medical use; digestives for pharmaceutical purposes; digitalin; dill oil for medical purposes; disinfectant soap; disinfectants for hygiene purposes; disinfectants for chemical toilets; disinfectants; douching preparations for medical purposes; dressings, medical; drugs for medical purposes; elixirs [pharmaceutical preparations]; enzyme preparations for medical purposes; enzyme preparations for veterinary purposes; enzyme dietary supplements; enzymes for medical purposes; enzymes for veterinary purposes; ergot for pharmaceutical purposes; esters for pharmaceutical purposes; ethers for pharmaceutical purposes; eucalyptol for pharmaceutical purposes; eucalyptus for pharmaceutical purposes; extracts of hops for pharmaceutical purposes; eyepatches for medical purposes; preparations to facilitate teething; febrifuges; fennel for medical purposes; ferments for pharmaceutical purposes; first-aid boxes, filled; fish meal for pharmaceutical purposes; meal for pharmaceutical purposes; flowers of sulfur for pharmaceutical purposes; fly catching paper; fly glue; fly destroying preparations; food for babies; formic aldehyde for pharmaceutical purposes; freeze-dried food adapted for medical purposes; freeze-dried meat adapted for medical purposes; frostbite salve for pharmaceutical purposes; fumigating sticks; fumigation preparations for medical purposes; fungicides; gallic acid for

pharmaceutical purposes; gamboge for medical purposes; gases for medical purposes; gauze for dressings; gelatine for medical purposes; gentian for pharmaceutical purposes; germicides; glucose for medical purposes; glucose dietary supplements; glycerine for medical purposes; glycerophosphates; greases for medical purposes; greases for veterinary purposes; guaiacol for pharmaceutical purposes; gum for medical purposes; gurjun balsam for medical purposes; haematogen; hemoglobin; hemorrhoid preparations; hemostatic pencils; herbal teas for medicinal purposes; herbal extracts for medical purposes; herbicides; homogenized food adapted for medical purposes; hormones for medical purposes; hydrastine; hydrastinine; hydrated chloral for pharmaceutical purposes; hydrogen peroxide for medical purposes; immunostimulants; infant formula; insect repellents; insect repellent incense; insecticidal animal shampoo; insecticidal veterinary washes; insecticides; iodides for pharmaceutical purposes; iodine for pharmaceutical purposes; iodoform; Irish moss for medical purposes; isotopes for medical purposes; jalap; jujube, medicated; lacteal flour for babies; larvae exterminating preparations; laxatives; lead water; lecithin for medical purposes; lecithin dietary supplements; leeches for medical purposes; lice treatment preparation [pediculicides]; lime-based pharmaceutical preparations; liniments; flaxseed for pharmaceutical purposes; linseed oil dietary supplements; lint for medical purposes; liquorice for pharmaceutical purposes; lotions for pharmaceutical purposes; lotions for veterinary purposes; lupulin for pharmaceutical purposes; magnesia for pharmaceutical purposes; malt for pharmaceutical purposes; malted milk beverages for medical purposes; mangrove bark for pharmaceutical purposes; medical preparations for slimming purposes; medicated eye-washes; medicated animal feed; medicated dentifrices; medicated after-shave lotions; medicated shampoos; medicated toiletry preparations; medicated hair lotions; medicated dry shampoos; medicated shampoos for pets; medicated soap; medicated massage candles; medicinal alcohol; medicinal mud; medicinal infusions; medicinal tea; medicinal oils; medicinal herbs; medicinal roots; medicinal drinks; medicinal hair growth preparations; medicine cases, portable, filled; medicines for alleviating constipation; medicines for dental purposes; medicines for human purposes; medicines for veterinary purposes; melissa water for pharmaceutical purposes; menthol; mercurial ointments; preparations of microorganisms for medical or veterinary use; milk ferments for pharmaceutical purposes; milk sugar for pharmaceutical purposes; milking grease; mineral waters for medical purposes; mineral water salts; mineral food supplements; mint for pharmaceutical purposes; moleskin for medical purposes; mothproofing preparations; mothproofing paper; molding wax for dentists; mouthwashes for medical purposes; mud for baths; mustard oil for medical purposes; mustard for pharmaceutical purposes; mustard plasters; myrobalan bark for pharmaceutical purposes; napkins for incontinents; narcotics; nervines; nicotine gum for use as an aid to stop smoking; nicotine patches for use as aids to stop smoking; nutraceutical preparations for therapeutic or medical purposes; nutritional supplements; nutritive substances for microorganisms; oil of turpentine for pharmaceutical purposes; ointments for pharmaceutical purposes; opiates; opium; opodeldoc; opotherapy preparations; oxygen baths; oxygen for medical purposes; pants, absorbent, for incontinents; panty liners [sanitary]; paper for mustard plasters; parasiticides; pastilles for pharmaceutical purposes; pearl powder for medical purposes; pectin for pharmaceutical purposes; pediculicidal shampoos; pepsins for pharmaceutical purposes; peptones for pharmaceutical purposes; pesticides; petroleum jelly for medical purposes; pharmaceutical preparations for treating sunburn; pharmaceutical preparations for skin care; pharmaceutical preparations for treating dandruff; phenol for pharmaceutical purposes; phosphates for pharmaceutical purposes; phytotherapy preparations for medical purposes; plant extracts for pharmaceutical purposes; pollen dietary supplements; pomades for medical purposes; porcelain for dental prostheses; potassium salts for medical purposes; poultices; powder of cantharides; powdered milk for babies; pre-filled syringes for medical purposes; propolis for pharmaceutical purposes; propolis dietary supplements; protein dietary supplements; protein supplements for animals; purgatives; pyrethrum powder; quassia for medical purposes; quebracho for medical purposes; quinine for medical purposes; quinquina for medical purposes; radioactive substances for medical purposes; radiological contrast substances for medical purposes; radium for medical purposes; rat poison; reagent paper for medical purposes; reagent paper for veterinary purposes; preparations for reducing sexual activity; remedies for foot perspiration; remedies for perspiration; repellents for dogs; rhubarb roots for pharmaceutical purposes; royal jelly for pharmaceutical purposes; royal jelly dietary supplements; rubber for dental purposes; salts for mineral water baths; salts for medical purposes; sanitary panties; sanitary tampons; sanitary pads; sarsaparilla for medical purposes; scapulars for surgical purposes; sea water for medicinal bathing; sedatives; semen for artificial insemination; serotherapeutic medicines; serums; personal sexual lubricants; sexual stimulant gels; slimming pills; slug exterminating preparations; smelling salts; smoking herbs for medical purposes; sodium salts for medical purposes; soil-sterilizing preparations; solvents for removing adhesive plasters; soporifics; starch for dietetic or pharmaceutical purposes; stem cells for medical purposes; stem cells for veterinary purposes; sterilizing preparations; steroids; stick liquorice for pharmaceutical purposes; strychnine; styptic preparations; sugar for medical purposes; sunburn ointments; suppositories; surgical dressings; surgical implants comprised of living tissues; surgical glues; syrups for pharmaceutical purposes; tanning pills; tartar for pharmaceutical purposes; teeth filling material; therapeutic preparations for the bath; thermal water; thymol for pharmaceutical purposes; tincture of iodine; tinctures for medical purposes; tissues impregnated with pharmaceutical lotions; tobacco-free cigarettes for medical purposes; tonics [medicines]; preparations of trace elements for human and animal use; transplants [living tissues]; preparations for the treatment of burns; turpentine for pharmaceutical purposes; vaccines; vaginal washes for medical purposes; vermifuges; vermin destroying preparations; vesicants; veterinary preparations; vine disease treating chemicals; vitamin supplement patches; vulnerary sponges; wadding for medical purposes; wart pencils; wheat germ dietary supplements; yeast for pharmaceutical purposes; yeast dietary supplements.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14440.18 should do so in writing addressed to the undersigned not later than the 22nd day of March, 2019.

DATED this 28th day of December, 2018.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 27th day of March, 2018, by LABORATORIOS VIJOSA, S.A. DATED this 25th day of January, 2019.

NOTICES
OF
OPPOSITION

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by **MARVEL CHARACTERS, INC.**, (The Opponent), of 500 South Buena Vista Street, Burbank, California, 915201, United States of America, against trademark Application No. 14264.18, filed on the 18th day of January, 2018, by **BELIZE CENTRAL TABAKO LTD.** (The Applicant), of 23 Benque Free Zone, Benque Viejo del Carmen Town, Cayo District, Belize, for the registration of the following trademark, as proprietor thereof:

The Opponent opposes the above trademark Application on the grounds that:

1. The Opponent, Marvel Characters, Inc., a corporation organized and existing under the laws of the State of Delaware with principal place of business at 500 South Buena Vista Street, Burbank, California 915201, United States of America, opposes the Applicant's application for registration of trademark **LATIN AMERICA TOBACCO MARVEL SMOKING IS HARMFUL TO YOUR HEALTH** on the ground that the Applicant's trademark is identical by name to the Opponent's trademark **MARVEL** and that the registration of the mark will result in the likelihood of confusion and or association with the Opponent's trade mark based on Article 6bis of the Paris Convention 1883.
2. The Opponent has been engaged for decades in the business of producing and marketing in the United States of America and worldwide of a variety of entertainment goods and services including but not limited to animated and live action motion pictures, publications, merchandise, artwork and other goods and services featuring the **MARVEL** name and character and has worked tirelessly and unsparingly to be recognized as the exclusive owner of the trade mark **MARVEL** earning a solid reputation with its fan base of children and adults who read **MARVEL** comics, watch **MARVEL** movies and television programs.
3. The Opponent's trademark has become a household name, identifiable with children and adults globally and has a library of over 8,000 popular characters including Spider-man, Wolverine, The Fantastic Four, Daredevil, The Punisher, Ghost Rider, Doctor Strange and X-Men among others. Additionally, the Opponent is the owner of Marvel Studios, which has produced hit films such as *Iron Man 3*, *Captain America: Civil War*, *Marvel's The Avengers*, *Avengers: Age of Ultron*, *Avengers: Infinity War*, and *Black Panther*, each of which has yielded over US\$1 Billion Dollars worldwide. Additionally, the Opponent has established its personalized mobile apps which are among iTunes' most popular applications, allowing people worldwide to connect to and/or visit its websites, such as <http://marvel.com>, which provide information about the Opponent and its characters, comics, games, movies, TV programs, etc. Furthermore, the Opponent has exclusive pages on Facebook, Twitter, Google, Tumblr, YouTube, Pinterest, etc., which are accessible globally.
4. The Opponent has been using the trade mark **MARVEL** as early as 1968 and has procured registration in Argentina, Australia, Austria, Belarus, Benelux, Bolivia, Brazil, Canada, Chile, Ecuador, Egypt, France, Hungary, India, Israel, Italy, Japan, Jordan, Macau, Malaysia, Mexico, Norway, Panama, Peru among other countries as attached. The Opponent is also the owner of **MARVEL COMICS LOGO** and **M MARVEL COMIC STYLIZED** which are also registered worldwide. By virtue of prior global adoption and worldwide registrations, long and continuous use and vast publicity, the trademark **Marvel** has become synonymous with the Opponent and its quality products and services and has therefore attained the status as a well-known trade mark.
5. Belize is signatory to the Paris Convention and therefore **ARTICLE 8** of the Paris Convention which states: "A trade name shall be protected in all the countries of the union without the obligation of filing or registration, whether or not it forms part of a trade mark" is relevant to this matter and the Opponent is therefore entitled to protection.
6. The Opponent respectfully requests that the application for registration of trade mark **LATIN AMERICA MARVEL SMOKING IS HARMFUL TO YOUR HEALTH** be refused on the ground that:

- (a) the trademark is identical by name to the Marvel trade mark seeking registration;
- (b) the registration thereof will amount to dilution of the Opponent's trade mark;
- (c) the public is likely to confuse and/or associate the Applicant's trade mark with the Opponent's trade mark thus wrongfully gaining the reputation and goodwill of the Opponent's trade mark.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 25th January, 2019.

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by **PHILIP MORRIS BRANS SÀRL**, (The Opponent), of 500 South Buena Vista Street, Burbank, California, 915201, United States of America, against trademark Application No. 14264.18, filed on the 14th day of January, 2018, by **BELIZE CENTRAL TOBAKO LTD.** (The Applicant), of 23 Benque Free Zone, Benque Viejo del Carmen Town, Cayo District, Belize, for the registration of the following trademark, as proprietor thereof:

The Opponent opposes the above trademark Application on the grounds that:

1. The Opponent, Philip Morris Brands Sàrl (hereinafter PMB), is the proprietor of the internationally well-known trademarks MARLBORO, MARLBORO LIGHTS or Marlboro Lights Label which are registered in Belize and in many countries worldwide.

Among many other trademarks containing MARLBORO, PMB is the owner of the following trademark registrations in Belize:

- Registration no. 6444.09  for goods in class 34, registered on 13 October 2009;

- Registration no. 6526.09  for goods in class 34, registered on 30 December 2009; and
- Registration no. 12399.15 MARLBORO for goods in class 34, registered on 21 December 2015

2. By virtue of its said trademark registrations in Belize, pursuant to section 24 (1) of the *Trade marks Act* the Opponent has exclusive rights in the trademarks, and pursuant to section 38 (1) of the *Trade Marks Act* the Opponent's said trademarks are earlier trademarks."
3. By virtue of its extensive and long-standing use of the earlier trade marks in Belize, MARLBOROR is a well-known trademark for goods in class 34 and a trademark known by the public at large.
4. PMB has been commercializing different products under the trademarks MARLBORO including Marlboro Lights according the following label:

("the Marlboro Lights Label")

5. The trade mark application which the Applicant has applied to register, namely

("the Marvel label")

is very similar phonetically and visually to the Opponent's earlier trademarks and unregistered mark for the Marlboro Lights label in the following ways:

- (a) The word "Marvel" is very similar to Marlboro phonetically;
- (b) The typeface is the same in Marvel and Marlboro, enhancing the visual similarity;
- (c) Both marks include a roof device as main figurative element; and
- (d) There is a similar color combination.

6. The goods at hand are identical.

7. MARLBORO deserves a further scope of protection due to its inherent distinctiveness as a fanciful word and due to its well-known character.

8. The trade mark application for Marvel label is not eligible for registration pursuant to Section 37 (2) of the *Trade Marks Act*, as there exists a likelihood of confusion on the part of the public, including likelihood of association with the Opponent's earlier trademarks.

9. The trade mark application for Marvel label is not eligible for registration pursuant to Section 37 (3) of the *Trade Marks Act*, as the earlier marks have a reputation in Belize and the use of the later mark without due cause would take unfair advantage of and be detrimental to the distinctive character and the repute of the Opponent's earlier trademarks.

10. The trade mark application for Marvel label is not eligible for registration pursuant to Section 37 (4) of the *Trade Marks Act*, by virtue of law of passing off due to its similarity with the earlier unregistered trademark for the MARLBORO Lights label.

11. Further and/or in the alternative, the trade mark application for the Marvel label ought to be refused registration in accordance with Section 35 (6) of the *Trade Marks Act*, as the filing of the application constituted an act of bad faith, as the Applicant was aware of the Opponent's earlier trademarks and that they already caused the rejection of a previous trademark application for Marvel for goods in Class 34.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 25th January, 2019.

TAKE NOTICE that the Registrar is in receipt of an answer, filed on the 14th day of January 2019, by **GLORIA S.A.** (The Applicant), of Avenida Republica de Panama 2461, Santa Catalina, Lima 13, Peru, to the Opposition by **ECOLAB INC.** (The Opponent) filed on the 14th day of December 2018, against trade mark application No. 14144.17 filed on the 6th day of December 2017, by the Applicant, for the registration of the following trade mark, as proprietors thereof:

ECOLAT

The Applicant hereby gives notice that the following are the grounds on which it relies as supporting the above trade mark:-

1. The Opponent is relying on the requirements of Article 6bis of the Paris Convention to establish an earlier right as a well-known mark. The Notice of Opposition does not provide any evidence or indication that the Opponent's ECOLB brand, whether as a word or design, has been applied for or registered in any class in Belize.
2. The grounds presented in the Notice of Opposition to the application for registration of ECOLAT (and design) are not adequate to meet the requirement of Article 6bis that the mark being applied for, in relation to the opposing party's mark: *constitutes a reproduction, an imitation, or a translation, liable to create confusion, of a mark considered by the competent authority of the country of registration or use to be well-known in that country as being already the mark of a person entitled to the benefits of this Convention and used for identical or similar goods*, as the ECOLAB and ECOLAT marks are, firstly, different and distinct enough so as not to constitute a reproduction or imitation and, secondly, not likely to form confusion with one another.
3. The Opponent indicated in the Notice of Opposition that specifically as it relates to the Applicant's application in Classes 5 and 30, such application in those classes is similar to the Opponent's earlier registrations, presumably in other countries. However, the Opponent's mere registrations in those classes elsewhere does not imply automatic recognition as being well-known, which, as per the Paris Convention and local applicability in the Trade Marks Act is ascertained by the Registrar considering the mark as being, *"well-known in this country as being already the mark of a person... and used for identical or similar goods."*
4. The Opponent has based its opposition on the grounds concerning the perceived similarity in sound pronunciation of the words between its ECOLAB trademark and the ECOLAT trademark being applied for, which the Opponent claims, in paragraph 3, would become particularly in radio advertising or telephone advertising. The Applicant unconditionally disagrees for the following reasons:
 - a. The word ECO, is a generic word which is used in several contexts including environmental conservation and is commonly used as a prefix to other words. With the obvious difference in appearance, pronunciation and connotation between the words LAB and LAT, the Opponent is equally placing emphasis on the word ECO, to which no exclusive appropriation should be encouraged or granted, Due to the wide applicability of the word ECO, and even considering the potential to affect other trademarks, there should be allowance for co-existence of the marks.
 - b. The combination of the word ECO with the letters forming LAT, which is not a generic word in the English language and which is intended to refer to products for human consumption as per the classes applied in, is different and distinct from the combination of ECO with the word LAB, which suggests and accompanies the Opponent's actual reputation for use in industrial-level technical, chemical, and scientific products and services, in line with the admitted usage of the opposing party stated in paragraph 1 of the Notice of Opposition.
5. Considering that the Opponent has not established that it has registered or is using its ECOLAB brand in Belize, the Applicant challenges any inherent reputational status, established by advertising or otherwise, in Belize which:
 - a. Could have built or increased any reputation for ECOLAB with consumers domestically; or
 - b. Could create confusion between ECOLAB and ECOLT in audible interpretation.
6. As evidence to be provided in these proceedings will show, the use of ECOLAT for its applied uses in food and other products for human consumption is highly distinguishable in any form of advertising or labelling of products. The Opponent company ECOLAB, Inc. has indicated, in the Notice of Opposition and clearly establishes on its website, that it goes great lengths to preserve its reputation as a provider of water, hygiene and energy technologies. Third party reports, such as the Forbes rankings mentioned by the opposing party, distinguishes the very technical industrial services provided by ECOLAB, Inc. which appeals to a different market than ECOLAT products, and would be obviously different to the consumer and likely sold in different types of stores.
7. As evidence to be provided in these proceedings will show, the Applicant has successfully registered the trademark ECOLAT in several other countries preceding this application and has, itself, developed a reputation amongst the household consumer for its consumption products versus the industrial solutions of the Opponent.
8. As evidence to be provided in these proceedings will also show, the ECOLAT mark has been in co-existence with the ECOLAB mark in other countries.

We admit the following allegations in the Notice of Opposition:

1. The Applicant agrees with the allegation at paragraph 3 of the Notice of Opposition that the Applicant's trademark and Opponent's trademark cannot be compared in concept.

The Opponent is required to leave by way of affidavit, to the Registrar and shall deliver to the Applicant a copy of the affidavit he may desire to adduce in support of his opposition, no later than 30 days from the date of publication of this answer.

DATED this 25th day of January, 2019.

TAKE NOTICE that the Registrar is in receipt of an answer, filed on the 14th day of January 2019, by **GLORIA S.A.** (The Applicant), of Avenida Republica de Panama 2461, Santa Catalina, Lima 13, Peru, to the Opposition by **ECOLAB INC.** (The Opponent) filed on the 14th day of December 2018, against trade mark application No. 14134.17 filed on the 6th day of December 2017, by the Applicant, for the registration of the following trade mark, as proprietors thereof:

The Applicant hereby gives notice that the following are the grounds on which it relies as supporting the above trade mark:-

1. The Opponent is relying on the requirements of Article 6bis of the Paris Convention to establish an earlier right as a well-known mark. The Notice of Opposition does not provide any evidence or indication that the Opponent's ECOLB brand, whether as a word or design, has been applied for or registered in any class in Belize.
2. The grounds presented in the Notice of Opposition to the application for registration of ECOLAT (and design) are not adequate to meet the requirement of Article 6bis that the mark being applied for, in relation to the opposing party's mark: *constitutes a reproduction, an imitation, or a translation, liable to create confusion, of a mark considered by the competent authority of the country of registration or use to be well-known in that country as being already the mark of a person entitled to the benefits of this Convention and used for identical or similar goods*, as the ECOLAB and ECOLAT marks are, firstly, different and distinct enough so as not to constitute a reproduction or imitation and, secondly, not likely to form confusion with one another.
3. The Opponent indicated in the Notice of Opposition that specifically as it relates to the Applicant's application in Classes 5 and 30, such application in those classes is similar to the Opponent's earlier registrations, presumably in other countries. However, the Opponent's mere registrations in those classes elsewhere does not imply automatic recognition as being well-known, which, as per the Paris Convention and local applicability in the Trade Marks Act is ascertained by the Registrar considering the mark as being, *"well-known in this country as being already the mark of a person... and used for identical or similar goods."*
4. The Opponent has not produces any evidence or allegation of similarity of design elements (in colour or appearance) of ECOLAB with the ECOLAT (and design) application, but rather has based its opposition on grounds concerning the perceived similarity in sound pronunciation of the words, which the opposing party claims, in paragraph 3, would become apparent particularly in radio advertising or telephone advertising.
5. Considering that the Opponent has not established that it has registered or is using its ECOLAB brand in Belize, the Applicant challenges any inherent reputational status, established by advertising or otherwise, in Belize which:
 - a. Could have built or increased any reputation for ECOLAB with consumers domestically; or
 - b. Could create confusion between ECOLAB and ECOLT in audible interpretation.
6. The Opponent has based its opposition on the grounds concerning the perceived similarity in sound pronunciation of the words between its ECOLAB trademark and the ECOLAT trademark being applied for, which the Opponent claims, in paragraph 3, would become apparent particularly in radio advertising or telephone advertising. The Applicant unconditionally disagrees for the following reasons:

- a. The word ECO, is a generic word which is used in several contexts including environmental conservation and is commonly used as a prefix to other words. With the obvious difference in appearance, pronunciation and connotation between the words LAB and LAT, the Opponent is equally placing emphasis on the word ECO, to which no exclusive appropriation should be encouraged or granted, Due to the wide applicability of the word ECO, and even considering the potential to affect other trademarks, there should be allowance for co-existence of the marks.
 - b. The combination of the word ECO with the letters forming LAT, which is not a generic word in the English language and which is intended to refer to products for human consumption as per the classes applied in, is different and distinct from the combination of ECO with the word LAB, which suggests and accompanies the Opponent's actual reputation for use in industrial-level technical, chemical, and scientific products and services, in line with the admitted usage of the opposing party stated in paragraph 1 of the Notice of Opposition.
 - c. The application is for the ECOLAT (and design) mark, which, apart from inclusion of the actual word ECOLAT, also included several unique design featured with shapes and colours, making it even more distinctive and differentiable. The Opponent has not included any allegations of similarity in appearance in the Notice of Opposition.
7. As evidence to be provided in these proceedings will show, the use of ECOLAT for its applied uses in food and other products for human consumption is highly distinguishable in any form of advertising or labelling of products. The Opponent company ECOLAB, Inc. has indicated, in the Notice of Opposition and clearly establishes on its website, that it goes great lengths to preserve its reputation as a provider of water, hygiene and energy technologies. Third party reports, such as the Forbes rankings mentioned by the opposing party, distinguishes the very technical industrial services provided by ECOLAB, Inc. which appeals to a different market that ECOLAT products, and would ne obviously different to the consumer and likely sold in different types of stores.
 7. As evidence to be provided in these proceedings will show, the Applicant has successfully registered the trademark ECOLAT in several other countries preceding this application and has, itself, developed a reputation amongst the household consumer for its consumption products versus the industrial solutions of the Opponent.
 8. As evidence to be provided in these proceedings will show, the Applicant has successfully registered the trademark ECOLAT in several other countries preceding this application and has, itself, developed a reputation amongst the household consumer for its consumption products versus the industrial solutions of the Opponent.
 9. As evidence to be provided in these proceedings will also show, the ECOLAT mark has been in co-existence with the ECOLAB mark in other countries where registration has been sought for ECOLAB.

We admit the following allegations in the Notice of Opposition:

1. The Applicant agrees with the allegation at paragraph 3 of the Notice of Opposition that the Applicant's trademark and Opponent's trademark cannot be compared in concept.

The Opponent is required to leave by way of affidavit, to the Registrar and shall deliver to the Applicant a copy of the affidavit he may desire to adduce in support of his opposition, no later than 30 days from the date of publication of this answer.

DATED this 25th day of January, 2019.
