in respect of

- (a) International Class 9 for scientific apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers; compact discs [read only memory], blank recordable DVDs and other digital recording devices; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software and computer programs, downloadable or recorded computer software; computer operating programs, recorded; computer hardware and software, recorded or downloadable for facilitating and administering payment, banking, credit card, debit card, payment card, automatic teller machine, stored value, electronic funds transfer, electronic payments, electronic processing and transmission of bill payment data, cash disbursement, transaction authentication, routing, authorization and settlement services, fraud detection and control, disaster recovery and encryption services; telecommunication and electrical apparatus and instruments, namely, apparatus for the recording, transmission and reproduction of data; accounting machines; apparatus for tracking, management and analysis of financial accounts via a global computer network; computer hardware and software, namely, for the development, maintenance and use of local and wide area computer networks; systems for reading memory cards and systems for reading data in memories, namely, integrated circuit memories and banking card memories; downloadable electronic publications; printing apparatus including printing apparatus for data processing systems and financial transaction systems, namely, mobile [handheld] and stationary point of sale receipt printers; encoders and decoders; modems; computer hardware and software for facilitating payment transactions by electronic means over wireless networks, global computer networks and mobile telecommunications devices; computer hardware and encryption software; computer software for creating encryption keys, digital certificates, digital signatures, computer software for secure data storage and retrieval and transmission of confidential customer information used by individuals, banking and financial institutions; computer software and hardware that facilitates the identification and authentication of near field communication (NFC) devices and radio frequency identification (RFID) devices; computer hardware and software comprising a digital wallet that stores customer account information to access coupons, vouchers, voucher codes and rebates at retailers and to obtain loyalty or monetary rewards that can be credited to their accounts; downloadable computer programs and application software for mobile phones and other digital devices comprising a digital wallet that allow users to access price-comparison information, product reviews, links to the retail websites of others, and discount information; computer software application for use in connection with contactless payment terminals for the purpose of allowing merchants to accept contactless mobile commerce transactions, contactless presentation of loyalty credentials, and contactless redemption of coupons, rebates, discounts, vouchers and special offers; computer software application that allows merchants to deliver coupons, rebates, discounts, vouchers and special offers directly to the mobile telecommunications devices of consumers delivered by contactless RFID or NFC communications; computer software application that allows merchants to deploy smart posters in retail and wholesale in-store locations that consumers can tap with their mobile telecommunications devices to access coupons, rebates, discounts, vouchers and special offers delivered by contactless RFID or NFC communications; integrated circuit chips for use in mobile phones and NFC and RFID devices; magnetic encoded cards and cards containing an integrated circuit chip in the nature of smart cards; security encoded cards all containing programming used for identification authentication and access control; cards encoded with security features for authentication purposes; cards encoded with security features for identification purposes; hologram impregnated encoded cards all containing programming used for verification of authenticity; charge cards, bank cards, credit cards, debit cards, blank electronic chip cards [blank smart cards], stored value cards, electronic data carrier cards, payment cards and payment cards all encoded; banking cards, namely, magnetically encoded banking cards and banking cards using magnetic memories and integrated circuit memories; payment card readers; magnetic coded card readers, electronic data carrier card readers, electronic encryption units, computer hardware, computer terminals, computer software for transaction authorization and settlement services for use in the financial services, banking and telecommunications industries; computer software designed to enable smart cards to interact with terminals and readers; computer chips embedded in telephones and other communication devices; telecommunications equipment, namely, mobile [handheld] and stationary point of sale transaction terminals; computer software for transmitting, displaying and storing transaction, identification and financial information for use in the financial

services, banking and telecommunications industries; radio frequency identification devices, namely, transponders; electronic verification apparatus for verifying authentication of charge cards, bank cards, credit cards, debit cards and payment cards; cash dispensing machines; computer peripheral devices and electronic goods, namely, calculating machines, electronic personal organizers, electronic notepads, mobile telephones, tablet computers, digital readers and personal digital assistants (PDAs); mouse pads; fire-extinguishing apparatus;

- (b) International Class 35 for advertising; business management in connection with the business of payment card services; business administration in connection with the business of payment card services; office functions in connection with the business of payment card services; business advisory services in connection with the business of payment card services; business investigations; commercial information agency services; presentation of goods on communication media for retail purposes; price comparison services; organization of exhibitions for commercial or advertising purposes; marketing consulting services; market research services; evaluation, analysis, forecasts of purchase behavior of banking cards holders and preparing reports about the mentioned observations; promoting the sale of the goods and services of others by means of rewards and incentives generated in connection with the use of credit, debit and payment cards; business administration of consumer loyalty and rewards programs; commercial, industrial and business management assistance; business appraisals; advisory services for business management; marketing studies; provision of business statistical information; drawing up of statements of accounts; book-keeping; business research; public relations; publication of publicity texts; distribution of publicity leaflets; retail services provided through mobile telecommunications means in connection with the provision of credit cards and debit cards; retail services provided on-line, through networks or other electronic means using electronically digitized information connected with the provision of credit cards and debit cards; computerized database management; promoting concerts and cultural events of others, organization of expositions having commercial or advertising purposes; advertising in the field of transport, travel, hotels, lodging, food and meals, sports, entertainment and sightseeing; providing information regarding purchase of goods and services on-line via the Internet and other computer networks; financial records management; information, advisory and consultancy services related to all the aforesaid services; data processing and data verification services; data repository and client profile information services;
- (c) International Class 36 for financial consultancy; financial information; financial sponsorship; financial services, namely, banking, credit card transaction processing services, debit card transaction processing services, charge card transaction processing services, pre-paid card transaction processing services offered through cards with stored value, financial services, namely, electronic credit and debit transactions processing, bill payment and presentment services, cash disbursement through the use of an automated teller machine; check verification, check cashing, deposit services and automated teller machine services, credit card transaction authorization and settlement services, transaction reconciliation, cash management, consolidated funds settlement, consolidated dispute processing, financial information with respect to data repository and client profile information services, and related switching, gateway, settlement and reconciliation, and funds movement services in the field of payment cards, electronic payment processing services, payment transaction authentication and verification services, value exchange services, namely, secure electronic cash transactions and electronic cash transmissions, over public computer networks to facilitate electronic commerce; providing financial information, namely credit and debit card data and reports, electronic funds transfer and currency exchange services, financial assessment and risk management services for others in the field of consumer credit; dissemination of financial information via a global computer network, financial information rendered by computer by means of a secure information computer network and advisory services regarding all of the foregoing services; the provision of financial services for the support of retail services provided through mobile telecommunications means, namely, credit, debit and charge card payment processing services through wireless devices; the provision of financial services for the support of retail services provided on-line, through electronic networks, namely, credit, debit and charge card payment processing services; financial analysis and consultation; banking and credit services; banking, credit, debit and charge card processing services, cash disbursement via automated teller machines; stored valued deposit access services; cheque verification; processing of financial transactions both on-line via a computer database or via telecommunications and at point of sale, namely, credit, debit and charge card transaction processing services; ATM banking services, namely, processing services for financial transactions by card holders via automatic teller machines; ATM banking services, namely, the provision of balance details, deposits and withdrawals of money to card holders via automatic teller machines; financial settlement and financial authorization services in connection with the processing of financial payment transactions, namely, credit, debit and charge card authorization services; travel insurance services, namely, underwriting travel insurance; issuing and redemption of travelers cheques and travel vouchers; payer authentication services; verification of financial information; maintenance of financial records; remote payment services; stored value electronic purse services, namely, electronic payments processing services and transaction authorization and settlement services; provision of debit and credit processing services by means of radio frequency identification devices (transponders); provision of debit and credit processing services by means of communication and telecommunication devices; the provision of financial services for the support of retail services provided through mobile telecommunications means, including payment services through wireless devices, namely, credit, debit and charge card services; processing of credit and debit transactions by telephone and telecommunication link; the provision of financial services for the support of retail services provided on-line, through networks or other electronic means using electronically digitized information, namely, credit, debit and charge card payment processing; value exchange services, namely, the secure exchange of value, including electronic cash, over computer networks accessible by means of smartcards; bill payment services provided through a website; on-line banking; financial services provided over the telephone

and by means of a global computer network or the Internet, namely, credit, debit and charge card services; financial services, namely, the provision of contactless mobile payments processing through merchants at retail, online and wholesale locations; financial services, namely, providing a cloud-based digital wallet that stores customer account information to access coupons, vouchers, voucher codes and rebates at retailers and to obtain loyalty or monetary rewards that can be credited to their accounts via a cash-back system; real estate valuations; real estate investment management; real estate investment services; real estate insurance underwriting services; insurance for property owners; insurance services relating to property; real estate financing; real estate brokerage; real estate appraisals; real estate agency services; evaluation of real estate; administration of financial affairs relating to real estate; provision of real estate loans; financing of real estate development projects; financial brokerage services for real estate; financial services relating to real estate property and buildings; financing and loan services relating to the purchase of real estate; arranging of loan agreements secured on real estate; arranging of shared ownership of real estate; arranging the provision of finance for real estate purchase; assisting in the acquisition of and financial interests in real estate; capital investment in real estate; commercial property investment services; financial services relating to the acquisition of property; financial services relating to the sale of property; financial valuation of freehold property; financial valuation of leasehold property; arranging letting of real estate; arranging of leases of real estate; real estate agency services for the leasing of property; leasing of real estate property; leasing of freehold property; estate management services relating to transactions in real property; financial valuation of personal property; property portfolio management; management of property investments; advisory services relating to real estate ownership; advisory services relating to real estate valuations; corporate real estate advisory services; computerized information services relating to real estate; consultation services relating to real estate; provision of information relating to real estate property; provision of information relating to the property market [real estate]; research services relating to real estate acquisition; mortgage financing and asset securitization; consulting services regarding payment solutions, banking, credit card, debit card and payment card; information, advisory and consultancy services relating to all the aforesaid services;

- (d) International Class 38 for electronic data transmission over a global remote data processing network, including the Internet; services for the transmission, provision or display of information from a computer-stored data bank or via the Internet in the field of financial services; transmission of data through the use of electronic image processing by mobile telephone link; electronic mail, message sending and receiving services; television, radio and Internet broadcasting services; providing multi-user access to a secure computerized information network for the transfer and dissemination of a range of information in the field of financial services; telephone telecommunication services provided via a prepaid telephone calling card; information, advisory and consultancy services relating to all the aforesaid services; leasing access time to a computer database;
- (e) International Class 42 for scientific and technological services, namely, research and design in the field of computer hardware and software; industrial analysis and research services; design and development of computer hardware and software; conversion of data or documents from physical to electronic media; consultancy in the design and development of computer hardware and software; computer programming; technical support and consultation services for managing computer systems, databases and applications; providing temporary use of non-downloadable software and computer software applications for managing, locating, activating and revoking authentication and digital credentials of near field communication (NFC) devices; design, development, maintenance and update of computer hardware and application software for mobile digital devices; design, development, maintenance and update of downloadable computer programs and application software for mobile phones and other digital devices that allows users to access coupons, vouchers, voucher codes, rebates, price-comparison information, product reviews, links to the retail websites of others, and discount information; design, development, maintenance and update of downloadable computer programs and application software that allows users to access sales promotion offers and obtain monetary rewards that can be credited to their accounts via a cash-back system; application service provider (ASP) featuring software for receiving, transmitting and displaying vouchers, coupons, voucher codes, special offers, reviews, product information, price comparison information, links to websites, and receiving and transmitting data for the purchase of goods and services; application service provider (ASP) services featuring software for providing consumers with information regarding discounts, vouchers and special offers for the goods and services of others; application service provider (ASP) services featuring software for social networking; graphic design for the compilation of web pages on the Internet; information relating to the design of computer hardware or software provided on-line from a global computer network or the Internet; creating and maintaining web-sites for others; hosting the web-sites of others; creation of web pages for others; the design, creation and hosting of merchant websites; the designing, creation and hosting of bill payment websites for others; computer and Internet related technological services, namely, providing access to on-line electronic databases via a global computer network for the purposes of identity authentication and verification; data encryption and decryption of financial information; digital signature authentication services for authentication of others, namely, data encryption and provision data integrity; data integrity assurance services for others, namely, providing authentication, issuance, validation and revocation of digital certificates; technical consultation services in the fields of computer programming, financial computer networks, data processing, secure communications, data encryption and decryption and local area network security; providing a website featuring technology that enables users to engage in the dissemination of information in the fields of design and development of computer software, computer hardware, financial computer networks and local area networks; data storage; data retrieval services, namely, data recovery services; information, advisory and consultancy services relating to all the aforesaid services.

The applicant claims that it has a bona fide intention to use the mark.

**ANY** person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14272.18 should do so in writing addressed to the undersigned not later than the **15<sup>th</sup> day of November, 2019.**

**DATED** this 23<sup>rd</sup> day of August, 2019.

(1<sup>st</sup> issue)

**WHEREAS**, the Registrar is in receipt of an application filed on the 16<sup>th</sup> day of January, 2018, by Mastercard International Incorporated of 2000 Purchase New York 10577, United States of America through its agent Arguelles & Company, Attorneys-at-Law of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

CFE: 26.1.4;29.1.4  
in respect of

- (d) International Class 9 for scientific apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers; compact discs [read only memory], blank recordable DVDs and other digital recording devices; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software and computer programs, downloadable or recorded computer software; computer operating programs, recorded; computer hardware and software, recorded or downloadable for facilitating and administering payment, banking, credit card, debit card, payment card, automatic teller machine, stored value, electronic funds transfer, electronic payments, electronic processing and transmission of bill payment data, cash disbursement, transaction authentication, routing, authorization and settlement services, fraud detection and control, disaster recovery and encryption services; telecommunication and electrical apparatus and instruments, namely, apparatus for the recording, transmission and reproduction of data; accounting machines; apparatus for tracking, management and analysis of financial accounts via a global computer network; computer hardware and software, namely, for the development, maintenance and use of local and wide area computer networks; systems for reading memory cards and systems for reading data in memories, namely, integrated circuit memories and banking card memories; downloadable electronic publications; printing apparatus including printing apparatus for data processing systems and financial transaction systems, namely, mobile [handheld] and stationary point of sale receipt printers; encoders and decoders; modems; computer hardware and software for facilitating payment transactions by electronic means over wireless networks, global computer networks and mobile telecommunications devices; computer hardware and encryption software; computer software for creating encryption keys, digital certificates, digital signatures, computer software for secure data storage and retrieval and transmission of confidential customer information used by individuals, banking and financial institutions; computer software and hardware that facilitates the identification and authentication of near field communication (NFC) devices and radio frequency identification (RFID) devices; computer hardware and software comprising a digital wallet that stores customer account information to access coupons, vouchers, voucher codes and rebates at retailers and to obtain loyalty or monetary rewards that can be credited to their accounts; downloadable computer programs and application software for mobile phones and other digital devices comprising a digital wallet that allow users to access price-comparison information, product reviews, links to the retail websites of others, and discount information; computer software application for use in connection with contactless payment terminals for the purpose of allowing merchants to accept contactless mobile commerce transactions, contactless presentation of loyalty credentials, and contactless redemption of coupons, rebates, discounts, vouchers and special offers; computer software application that allows merchants to deliver coupons, rebates, discounts, vouchers and special offers directly to the mobile telecommunications devices of consumers delivered by contactless RFID or NFC communications; computer software application that allows merchants to deploy smart posters in retail and wholesale in-store locations that consumers can tap with their mobile telecommunications devices to access coupons, rebates, discounts, vouchers and special offers delivered by contactless RFID or NFC communications; integrated circuit chips for use in mobile phones and NFC and RFID devices; magnetic encoded cards and cards containing an integrated circuit chip in the nature of smart cards; security encoded cards all containing programming used for identification authentication and access control; cards encoded with security features for authentication purposes; cards encoded with security features for identification purposes; hologram impregnated encoded cards all containing programming used for verification of authenticity; charge cards, bank cards, credit cards, debit cards, blank electronic chip cards [blank smart cards], stored value cards, electronic data carrier cards, payment cards and payment cards all encoded; banking cards, namely, magnetically encoded banking cards and banking cards using magnetic memories and integrated circuit memories; payment card readers; magnetic coded card readers, electronic data carrier

card readers, electronic encryption units, computer hardware, computer terminals, computer software for transaction authorization and settlement services for use in the financial services, banking and telecommunications industries; computer software designed to enable smart cards to interact with terminals and readers; computer chips embedded in telephones and other communication devices; telecommunications equipment, namely, mobile [handheld] and stationary point of sale transaction terminals; computer software for transmitting, displaying and storing transaction, identification and financial information for use in the financial services, banking and telecommunications industries; radio frequency identification devices, namely, transponders; electronic verification apparatus for verifying authentication of charge cards, bank cards, credit cards, debit cards and payment cards; cash dispensing machines; computer peripheral devices and electronic goods, namely, calculating machines, electronic personal organizers, electronic notepads, mobile telephones, tablet computers, digital readers and personal digital assistants (PDAs); mouse pads; fire-extinguishing apparatus;

- (e) International Class 35 for advertising; business management in connection with the business of payment card services; business administration in connection with the business of payment card services; office functions in connection with the business of payment card services; business advisory services in connection with the business of payment card services; business investigations; commercial information agency services; presentation of goods on communication media for retail purposes; price comparison services; organization of exhibitions for commercial or advertising purposes; marketing consulting services; market research services; evaluation, analysis, forecasts of purchase behavior of banking cards holders and preparing reports about the mentioned observations; promoting the sale of the goods and services of others by means of rewards and incentives generated in connection with the use of credit, debit and payment cards; business administration of consumer loyalty and rewards programs; commercial, industrial and business management assistance; business appraisals; advisory services for business management; marketing studies; provision of business statistical information; drawing up of statements of accounts; book-keeping; business research; public relations; publication of publicity texts; distribution of publicity leaflets; retail services provided through mobile telecommunications means in connection with the provision of credit cards and debit cards; retail services provided on-line, through networks or other electronic means using electronically digitized information connected with the provision of credit cards and debit cards; computerized database management; promoting concerts and cultural events of others, organization of expositions having commercial or advertising purposes; advertising in the field of transport, travel, hotels, lodging, food and meals, sports, entertainment and sightseeing; providing information regarding purchase of goods and services on-line via the Internet and other computer networks; financial records management; information, advisory and consultancy services related to all the aforesaid services; data processing and data verification services; data repository and client profile information services;
