DATED this 18th day of May, 2018.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 3rd day of November, 2017, by Johnson & Johnson of One Johnson & Johnson Plaza, New Brunswick, New Jersey, 08933, United States of America, through its agent Morgan & Morgan Trust Corporation (Belize) Limited of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

SENTALSO

in respect of International Class 5 for human pharmaceutical preparations excluding those for the treatment of neurological and central nervous system diseases.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14064.17 should do so in writing addressed to the undersigned not later than the 10th day of August, 2018.

DATED this 18th day of May, 2018.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 8th day of November, 2017, by TYTO IS LLC of 7934 West Dr Suite 603, North Bay Village, Florida 33141, United States of America, through its agent Arguelles & Company, Attorneys-at-Law of Suite 401, The Matalon Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):3.7.5

in the colors beige, light grey, light blue and dark blue, in respect of International Class 42 for data security consultancy; rental of computer software; digitization of documents [scanning]; electronic data storage; providing information on computer technology and programming via a web site; off-site data backup; recovery of computer data; server hosting; software as a service [SaaS]; rental of web servers; cloud computing; hosting computer sites [web sites]; outsource service providers in the field of information technology.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14070.17 should do so in writing addressed to the undersigned not later than the 10th day of August, 2018.

DATED this 18th day of May, 2018.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 6th day of November, 2017, by Bacardi & Company Limited of 5 Aeulestrasse, 9490 Vaduz, Liechtenstein, through its agent Arguelles & Company, Attorneys-at-Law of Suite 401, The Matalon Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

ERISTOFF

in respect of International Class 33 for alcoholic beverages, except beers.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14078.17 should do so in writing addressed to the undersigned not later than the 10th day of August, 2018.

DATED this 18th day of May, 2018.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 10th day of November, 2017, by Johnson & Johnson of One Johnson & Johnson Plaza, New Brunswick, New Jersey, 08933, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited of Withfield Towewr, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CLEMTALA

in respect of International Class 5 for human pharmaceutical preparations for the prevention and treatment of viral diseases, auto-immune and inflammatory diseases, cardiovascular diseases, central nervous system diseases, pain, dermatologic diseases, gastro-intestinal diseases, infectious-related diseases, metabolic diseases, oncologic diseases, ophthalmic diseases, and respiratory diseases; vaccines.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14079.17 should do so in writing addressed to the undersigned not later than the 10th day of August, 2018.

DATED this 18th day of May, 2018.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 9th day of April, 2018, by TOP BRANDS INTERNACIONAL, S.A. of Punta Pacifica, Punta Colon Street, Grand Plaza, Floor 8, Panama City, Republic of Panama, through its agent Morgan & Morgan Trust Corporation (Belize) Limited of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

LURYX

CFE(6):27.5.1
in respect of:

- (a) International Class 3 for soaps, perfumery, essential oils, cosmetics, hair lotions, brushes, makeup brushes;
- (b) International Class 35 for advertising; commercial business management; commercial administration; office work.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 14413.18 should do so in writing addressed to the undersigned not later than the 10th day of August, 2018.

DATED this 18th day of May, 2018.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 11th day of April, 2013, by Orange Brand Services Limited of 3 More London Riverside, London SE1 2AQ United Kingdom, through its agent Barrow & Williams LLP, Attorneys-at-Law of Equity House, 84 Albert Street, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

ORANGE

in respect of:

- (a) International Class 9 for communications servers; computer servers; VPN [virtual private network] operating hardware; WAN [wide area network] operating hardware; LAN [local area network] operating hardware; computer hardware; computer network hardware; computer hardware for providing secure remote access to computer and communications networks; ethernet adapters, cables, controllers, repeaters, switches and transceivers; secure terminal for electronic transactions including electronic payments; apparatus for processing of electronic payments; cameras; cameras [photography], cinematographic cameras, lenses for photographic apparatus; image processing apparatus, instruments and equipment; bar code scanners and readers; radio; telecommunication, radio and television broadcasting transmitters and receivers; apparatus for access to broadcast or transmitted programmes; network operating systems programs; computer operating systems programs; interactive multimedia computer games programs; VPN [virtual private network] operating software; WAN [wide area network] operating software; LAN [local area network] operating software; USB operating software; computer software for synchronizing data between computers, processors, recorders, monitors and electronic devices and host computers; computer software, recorded; computer software for providing secure remote access to computer and communications networks; computer programs and computer software for electronically trading securities; computer software for the creation, maintenance and management of firewalls; software for ensuring the security of electronic mail; virtual reality games software; software for GPS navigation; printed circuit boards; interface cards for data processing equipment in the form of printed circuit; blank flash memory cards, electronic memory [computer hardware], memory cards for video game machines, secure digital (SD) memory cards; blank electronic chip cards, blank integrated circuit cards [blank smart cards]; cards and microprocessors for computers; identity cards, magnetic; pre-paid telephone calling cards magnetically encoded, magnetically encoded credit cards; magnetically encoded debit cards; cards for electronic games designed for use with telephones; CD-ROM drives, Blank CD-ROMs for sound or video recording, CD-ROM 2 writers; blank optical data carriers and blank magnetic data carriers; optical data media; compact discs [audio-video] and Compact Discs [read only memory]

and magnetic data media; USB flash drives; computer software applications and computer programmes [downloadable], being for use in relation to the operation and management of telecommunication network services; downloadable ringtones for mobile phones; computer software to enable teleconferencing, videoconferencing and videophone services; computer software to enable searching and retrieval of data; computer software for accessing databases, telecommunications services, computer networks and electronic bulletin boards; computer games software; downloadable music files; digital audio players, media players, MP3 players and MP4 players; portable media players; photographs, pictures, graphics, image files, sound bites, films, videos and audio-visual programmes [downloadable] provided on-line or from computer databases or the Internet or Internet websites; remote video monitoring system consisting primarily of a camera and video monitor for recording and transmitting images to a remote location; telecommunications hardware and software for monitoring and alerting remote sensor status via the internet; computer software for use in remote monitoring; satellite navigational system, namely, a global positioning system (GPS); telecommunications and broadcasting satellites; telecommunications transmitters; telecommunications and data networking hardware, namely, devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; telephone terminals; telephone switchboards; telecommunications apparatus and instruments; telephone equipment, namely, caller identification boxes; telephone apparatus; multimedia terminals; multi-functional computer terminal with payment function; facsimile machines; personal digital assistants (PDAs); tablets computers; electronic tablets PC's; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages; mobile electronic devices that enable the user to keep track of or manage personal information; accessories for telephones and telephone handsets, namely, headphones and hands free devices for telephone handsets and other mobile electronic devices; cell phone straps; calculators; flat panel display screens, LCD large-screen displays; telecommunications and data networking hardware, namely devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; structured cabling systems comprised of telecommunications cables and hardware;

- (b) International Class 37 for updating computer hardware;
- (c) International Class 38 for provision of telecommunications connections for telephone hotlines and call centers; telephone communication services provided for hotlines and call centers; mobile telephone services, transmission and distribution of data or audio visual images via a global computer network or the internet; providing access to the internet on a temporary basis for third parties; providing electronic transmission of electronic payment data via a global computer network; telephone call completion services for directory assistance customer; transmission of data sound and images by satellite and communications links; delivery of digital music by electronic transmission; transmission of digital files; providing telecommunication channels for teleshopping services; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission and streaming of multimedia content via communications networks; providing user access to the internet; providing access to digital music websites on the internet; providing access to telecommunications infrastructures for other operators; computer aided transmission of messages and images transmission and distribution of data or audio visual images via a global computer network or the internet; providing third party users and operators with access to telecommunications infrastructure and telecommunications networks; advisory, information and consultancy services relating to telecommunications and information technology; internet service provider [ISP];
- (d) International Class 42 for laboratory research services in the fields of electronic and computers; research, design and implementation project management in the field of electronics and computers; product research, design and development; design of computer networks, computer site design, design of computer hardware and computer software, design of multimedia products, design of wireless communication systems for transmission and reception of voice, data and video, design of new products, design of home pages and websites; product research, design and development; technical research; research, design and development services relating to computers, computer programmes, computer systems, computer software application solutions, data processing systems, data management, computerised information processing systems, communications services, communications solutions, communications applications, communications systems and network interfaces and provision of technical consultancy, information and advice relating to the aforesaid; preparation of technical reports and studies for others; computer services, namely computer hardware development, customization of computer hardware and of computer software in the nature of computer programming and provision of information and advice thereon; updating and design of computer hardware; maintenance, updating and design of computer firmware, computer software and computer programs; computer programming services; preparation and provision of information in relation to computers and computer network facilities; technical advice and consultation services in the field of information technology and telecommunication; design and development of computer systems and of telecommunications systems and equipment; computer management services, namely, remote management of computer applications for others; computer project management application service (ASP) provider, namely hosting computer software applications of others and telecommunications network management services, namely, the operation and administration of telecommunication systems and networks for others; operational support services for computer networks, operational support services for computer networks, operational support services for telecommunications networks and operational support services for data transmission networks; computer programming services; given on-line; provision of access to an electronic on-line network for information retrieval; computer rental; design, drawing and commissioned writing, all for the compilation of web pages on the internet; graphic illustration services for others; graphic design services; creating, operating and maintaining databases, intranets and web sites;

hosting the web sites of others; installation and maintenance of computer software; leasing of access time to a computer database; rental of access time to global computer networks and electronic bulletin board services; creating, operating and maintaining web sites, web pages and portals for logging text, images and music provided either via computers or mobile telephones; weather forecasting; weather information services; interior design services; information and advisory services relating to all the aforesaid services.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 9697.13 should do so in writing addressed to the undersigned not later than the 24th day of August, 2018.

DATED this 1st day of June, 2018.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 10th day of April, 2014, by Apple Inc. of 1 Infinite Loop, Cupertino, California, 95014, United States of America, through its agent Barrow & Williams, LLP, Attorneys-at-Law of Equity House, 84 Albert Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

DESIGNED BY APPLE IN CALIFORNIA

in respect of International Class 9 for computers; computer peripheral devices; computer hardware; computer game software for gaming machines, namely, slot machines and video lottery terminals; hand held computers; tablet computers; personal digital assistants; electronic personal organizers; electronic notepads; electronic book readers; handheld digital electronic devices and software related thereto; handheld mobile digital electronic devices capable of providing access to the Internet and for the sending, receiving, and storing of telephone calls, faxes, electronic mail, and other digital data; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages, and electronic devices that enable the user to keep track of or manage personal information; sound recording and reproducing apparatus; MP3 and other digital format audio players; digital audio recorders; digital video recorders and players; audio cassette recorders and players; video cassette recorders and players; compact disc recorders and players; digital versatile disc recorders and players; digital audio tape recorders and players; radios, radio transmitters, and receivers; audio, video, and digital mixers; audio amplifiers; audio video receivers; consumer electronic products, namely, audio decoders; audio equipment for vehicles, namely stereos, speakers, amplifier, equalizer and speaker housing; earphones, headphones; audio speakers; microphones; audio electronic components, namely, surround sound system; modems; electronic apparatus and devices for controlling access to pay-television services; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; interactive photo kiosks for capturing, printing and uploading digital images for future use; audiovisual teaching apparatus; optical apparatus and instruments; wireless digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment; global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; cables, electric; blank tapes for storage of computer data; magnetic data media; chips, discs and tapes bearing or for recording computer programs and software; facsimile machines; cameras [photography]; batteries, electric; televisions; television receivers; television monitors; set top boxes; computer software, recorded; computer and electronic game software; global positioning system (GPS) computer software; computer software for travel and tourism, travel planning, navigation, travel route planning, geographic, destination, transportation and traffic information, driving and walking directions, customized mapping of locations, street atlas information, electronic map display, and destination information; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and other multimedia content, electronic publications, and electronic games; computer software for use in recording, organizing, transmitting, manipulating, and reviewing text, data, audio files, video files and electronic games in connection with computers, televisions, television set-top boxes, audio players, video players, media players, telephones, and handheld digital electronic devices; computer software to enable users to program and distribute text, data, graphics, images, audio, video, and other multimedia content via global communication networks and other computer, electronic and communications networks; computer software for identifying, locating, grouping, distributing, and managing data and links between computer servers and users connected to global communication networks and other computer, electronic and communications networks; computer software for use on handheld mobile digital electronic devices and other consumer electronics; electronic publishing software; electronic publication reader software; computer software for personal information management; downloadable pre-recorded audio and audiovisual content, information, and commentary; downloadable electronic books, magazines, periodicals, newsletters, newspapers, journals, and other publications; computer application software for mobile phones, handheld computers, portable media players, namely, software for use in database management; software for optical character recognition; voice recognition software; software for ensuring the security electronic mail; computer software for accessing, browsing and searching online databases; data synchronization cables; computer

software, namely, software development tools for the creation of mobile internet applications and client interfaces; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, interfaces, and adapters for use with all of the aforesaid goods; computer equipment for use with all of the aforesaid goods; electronic apparatus with multimedia functions for use with all of the aforesaid goods; electronic apparatus with interactive functions for use with all of the aforesaid goods; accessories, parts, fittings, and testing apparatus for all of the aforesaid goods; covers, bags and cases adapted or shaped to contain all of the aforesaid goods; navigational instruments; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; weighing apparatus and instruments; measures; electronic notice boards; measuring apparatus; optical apparatus and instruments; wafers [silicon slices]; integrated circuits; fluorescent screens; remote control apparatus; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; life-saving apparatus and equipment; whistle alarms; sunglasses; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; electrically heated socks; nautical, surveying, optical, weighing, measuring apparatus and instrument, drying apparatus for photographic prints for transmitting and receiving and recording sound and images; downloadable audio and video recording; apparatus for editing cinematographic films, technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; apparatus and instrument conveying, distributing, transforming, storing, regulating or controlling electric current; apparatus for the recording, transmission and reproduction of sound and images; magnetic data carriers; compact disc [audio-video]; calculating machines, data processing equipment; fire- extinguishing apparatus; apparatus, instruments and materials featuring music, comedy, drama, action, adventure and/or animation; computer terminals, communications software for connecting computer network users; answering machines, computer telephony software [enables telephone activities to be performed through a computer]; power adapters, adapters[electricity]; blank computer storage media; fonts, typefaces, type designs and symbols in the form of recorded data; Dynamic Random Access Memory (Dram); computer memory devices; apparatus; electronic apparatus and devices for controlling access to pay-television services; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; interactive photo kiosks for capturing, printing and uploading digital images for future use; digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment; computer software and computer hardware apparatus with multimedia and interactive functions; microprocessors, memory boards, modems, videophones, memory boards, computer monitors, display screens, keyboards, document printers, drives for computers; central processing units (CPU) [computer hardware]; circuit boards; blank magnetic and optical disks; blank tapes for storage of computer data; computer memory devices; blank computer storage media; solid state drives; hard disk drives; miniature hard disk drive storage units; digital media, namely, pre-recorded video cassettes, digital video discs, digital versatile discs, downloadable audio and video recordings, DVDs and high definition digital discs featuring multimedia content; audio tapes for sale with booklets; apparatus for recording and reproducing sound, images, data; CD Ram drives; digital versatile discs; mouse pads; batteries; rechargeable batteries; chargers; chargers for electric batteries; stereo headphones; in-ear headphones; stereo speakers; audio speakers for home; audio speakers; personal stereo speaker apparatus; radio receivers, amplifiers, electric phonographs, record players, high fidelity stereo apparatus, tape recorders and sound reproducing apparatus, loudspeakers, multiple speaker units, microphones; digital audio and video players with multimedia and interactive functions; accessories, parts, fittings, and testing apparatus for all the aforementioned goods; digital audio tape player or digital audio tape recorders; global positing systems; navigation apparatus for vehicles (on board computers); video cameras; bags and cases adapted or shaped to contain cameras and/or video cameras; telephones; cordless telephones; mobile telephones; parts and accessories for mobile telephones; mobile telephone covers; mobile telephone cases; mobile telephone cases made of leather or imitations of leather; mobile telephone covers made of cloth or textile materials; portable digital electronic devices for data processing, information processing, storing and displaying data, transmitting and receiving data, transmission of data between computers, and software related thereto; handheld digital electronic devices for data processing, information processing, storing and displaying data, transmitting and receiving data, transmission of data between computers, and software related thereto; digital music and/or video players; handheld and mobile digital electronic devices for the sending and receiving of telephone calls, faxes, electronic mail, video, instant messaging, music, audiovisual and other multimedia works, and other digital data; handheld and mobile digital electronic devices for the sending and receiving telephone calls, faxes, electronic mail, and other digital media; bags and cases adapted or shaped to contain digital music and/or video players, hand held computers, personal digital assistants, electronic organizers and electronic notepads; holders, straps, armbands, lanyards and clips for portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; computer operating programs; pre-recorded computer programs for personal information management, database management software, character recognition software, telephony management software, paging software, mobile telephone software; database synchronization software, computer programs for accessing, browsing and searching online databases, computer software for use in connection with online music subscription service, software that enables users to play and program music and entertainment-related audio, video, text and multi-media content, software featuring musical sound recordings, entertainment-related audio, video, text and multi-media content, computer software and firmware for operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; computer software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, and electronic publications; downloadable electronic publications in the nature of books, plays, pamphlets, brochures, newsletters, journals, magazines, and periodicals on a wide range of topics of general interest; computer hardware and software for providing integrated telephone communication with computerised global information networks; software for the redirection of messages, Internet e-mail, and/or other data to one or more electronic handheld devices from a data store on or associated with a personal computer or

a server; computer software for the synchronization of data between a remote station or device and a fixed or remote station or device; apparatus for recording, transmission or reproduction of sound or images; electronic magnetostrictive equipment, namely a wave generator, wave sensor and wave analyser; desktop publishing software; Desktop publishing software computer screen saver software; software for detecting, eradicating and preventing computer viruses; software for data encryption; software for analysing and recovering data; software for computer system backup, data processing, data storage, file management and database management; software for telecommunication and communication via local or global communications networks, including the Internet, intranets, extranets, television, mobile communication, cellular and satellite networks; software for creating and delivering electronic greeting cards, messages and electronic mail; software for web design, creation, publishing and hosting; software for access to communications networks including the Internet; instructional material relating to the foregoing; computer disk holders; computer equipment for use with all of the aforesaid goods.

The applicant claims that it has a bona fide intention to use the mark.

Priority claim is on the basis on an application filed on the 10th day of October, 2013 under application number 012212221 in Europe.

Registration of this mark shall give no exclusive right to the use of the words “Designed By” and “California”, separately and apart from the mark as shown.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 10726.14 should do so in writing addressed to the undersigned not later than the 24th day of August, 2018.

DATED this 1st day of June, 2018.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 9th day of February, 2017, by Glen Raven, Inc. of 1831 North Park Avenue Glen Raven, North Carolina 27217, United States of America, through its agent Courtenay Coye LLP, Attorneys-at-Law of 15 “A” Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

DESIGN + PERFORMANCE

in respect of International Class 24 for fabrics in the piece for use in producing awnings, sun and windscreens, tents, canopies, boat covers and tops, indoor and outdoor furniture, beach umbrellas, area rugs, draperies, sheers, curtains, shades and window treatments.

The applicant claims that it has a bona fide intention to use the mark.

Priority claim is on the basis on an application filed on the 28th day of October, 2016 under application number 87/219,835 in the United States of America.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13357.17 should do so in writing addressed to the undersigned not later than the 24th day of August, 2018.

DATED this 1st day of June, 2018.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 15th day of March, 2017, by Dai Nippon Insatsu Kabushiki Kaisha (also trading as Dai Nippon Printing Co., Ltd.) of 1-1 Ichigaya Kagacho 1-chome, Shinjuku-ku, Tokyo, Japan, through its agent Arguelles & Company, Attorneys-at-Law of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

DNP

in respect of:

- (a) International Class 9 for digital photo printers; sublimation digital photo printers; digital photo printers for printing photo in the form of photo book or photo album; thermal printers; bar code printers; computer printers; computer software, recorded for dye-sublimation digital photo printers; computer software, recorded for processing images, graphics and text; computer software applications, downloadable, for mobile phones and personal digital assistants [PDAs] namely, software for use in printing, organizing and viewing digital images and photographs; computer software, recorded; computer software applications,

downloadable; computer hardware; tablet computers; personal digital assistants; monitors [computer hardware]; computer routers; wireless computer routers; smartphones; digital photo frames; digital cameras; computer peripherals devices; computers; cameras [photography]; camera lenses; follow focus apparatus for adjusting camera lenses [parts of cameras]; camera tripods; flashlights [photography]; camera cases; photographic exposure meters; optical lenses; photo-developing machines; photo-enlarging machines; photographic machines for the instant production of photographs; digital photo printing machines; interactive digital photo printing and self-service certificate photographing machines for capturing, printing and uploading digital images for future use; interactive photo kiosks with automatic photographing function; interactive photo kiosks with automatic photographing function for the instant production of pictures; digital colour printers for images; photo print making machines; photo book making machines; interactive digital photo printing and automatic photographing machines; interactive digital photo printing and automatic photographing machines with function of downloadable photo images; interactive photo kiosks with automatic photographing function for the provision of downloadable photo images; interactive digital photo printing machines with internet connectivity allowing users to take identification pictures and apply for the issuance of identification cards; interactive photo kiosks with internet connectivity allowing users to take identification pictures and apply for the issuance of identification cards; interactive digital photo printing and automatic photographing machines with function of storing photo images on network servers; interactive photo kiosks with function of automatic photographing and storing photo images on network servers; automatic digital photographing machines; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus;

- (b) International Class 16 for ink ribbons and ink ribbon cassettes for digital photo printers; inking ribbons for digital colour printers for images; wax ink ribbon sheets; wax ink ribbon sheets for bar code printers and heat transfer printers; dye-sublimation inking sheets for digital photo printers; dye-sublimation ink sheets for digital photo printers; ink ribbons and ink ribbon cassettes for sublimation printers; dye-sublimation inking sheets for document reproducing machines; dye-sublimation print paper; ink ribbons and ink ribbon cassettes for bar code printers; wax inking ribbon sheets for bar code printers; ink ribbons and ink ribbon cassettes for computer printers; dye-sublimation inking sheets for computer printers; ink ribbons and ink ribbon cassettes for heat transfer printers; thermal transfer ribbons for thermal printers; ink ribbons; dye-sublimation ink sheets and wax ink ribbon sheets for use in reproducing images in the printing industry; ink ribbon cassettes; printing papers; dye-sublimation printing papers; heat transfer printing papers; paper and cardboard; printed matters; prints in the nature of photographs; photo albums and photo books containing digitally printed pictures using a photo kiosk; photo albums and photo books containing digitally printed pictures using a digital photo printing machine; photographs [printed]; photographic prints; photograph stands; absorbent sheets of paper or plastic for foodstuff packaging; bags [envelopes, pouches] of paper or plastics for packaging; bags for microwave cooking; garbage bags of paper or of plastics; plastic film for wrapping; bags [envelopes, pouches] of paper or plastics, for packaging; biodegradable paper pulp-based containers for foods and beverages; cream containers of paper; plastic films for wrapping and packaging; plastic bags for packaging; absorbent sheets of paper or plastic for foodstuff packaging; humidity control sheets of paper or plastic for foodstuff packaging; food wrapping plastic films; containers for storage or transport made of paper or cardboard; laminated paper and film for packaging; food wrapping plastic films for household use; bottle wrappers of cardboard or paper; paper containers; packaging containers of paper for medicines and drugs; prescription reminder pads; industrial packaging containers of paper or cardboard; boxes of cardboard or paper; storage containers made of paper, for liquid; containers, made of paper, for beverages.

The applicant claims that the mark is being used.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13422.17 should do so in writing addressed to the undersigned not later than the 24th day of August, 2018.

DATED this 1st day of June, 2018.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of March, 2017, by Abbott Laboratories of 100 Abbott Park, Abbott Park, Illinois, USA, 60064, through its agent Arguelles & Company, Attorneys-at-Law of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):26.11.1,12
in respect of:

- (a) International Class 42 for technical support services, namely, troubleshooting in the nature of diagnosing problems with in vitro diagnostic laboratory equipment; technical support services, namely, troubleshooting in the nature of diagnosing computer

hardware and software problems in the field of in vitro diagnostics; providing remote electronic troubleshooting services for laboratories including in the field of in vitro diagnostics; providing operational monitoring services for medical diagnostic instruments and laboratory equipment including in the field of in vitro diagnostics; remote monitoring of medical diagnostic instruments and diagnostic laboratory systems; providing remote electronic monitoring of in vitro diagnostic equipment, medical diagnostic instruments and laboratory automation systems; providing temporary use of a web-based software application for laboratory and diagnostic equipment information management, monitoring and analysis in the field of in vitro diagnostics; software as a service (SAAS) services featuring software for use in managing data and information including in the field of in vitro diagnostics; providing electronic publications, including instruction sheets and manuals for in vitro diagnostic instruments, laboratory automation systems, and related software; research and development in the field of healthcare and nutrition; medical testing for diagnostic or treatment purposes and biomarker discovery services; technical support services, namely, troubleshooting of computer software problems in the field of medical diagnostics; providing a web-based software platform for data management, monitoring and analysis in the field of medical diagnostics; software as a service (SAAS) services featuring software for medical diagnostics; hosting, managing, developing, and maintaining applications, software, and web sites related to medical diagnostics instruments and systems; computer services, namely remote management of information technology (IT) systems of others comprised of remote data management for medical diagnostic instruments, remote management of medical diagnostic systems and monitoring and reporting on the performance and errors of medical diagnostic instruments; providing an on-line network environment that features technology that enables users to share data in the field of medical diagnostics; providing temporary use of non-downloadable software and applications for monitoring medical diagnostic instruments and managing data from medical diagnostic instruments;

- (b) International Class 44 for consulting services in the fields of diagnostic medical testing and nutrition; providing information in the field of medical diagnostics; treatment of eye diseases and conditions; ophthalmic surgery; providing an internet website for medical professionals and medical patients featuring information on ophthalmic medical devices; medical diagnosis and treatment of cardiac, pain, diabetes, infertility, respiratory, cancer (all types), HIV, malnutrition;
- (c) International Class 45 for social service, namely, promoting global citizenship and corporate social responsibility programs that promote innovation, science, access to health care, community involvement, safeguarding the environment, wellness and health.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13498.17 should do so in writing addressed to the undersigned not later than the 24th day of August, 2018.

DATED this 1st day of June, 2018.

(2nd issue)

in respect of:

- (a) International Class 9 for communications servers; computer servers; VPN [virtual private network] operating hardware; WAN [wide area network] operating hardware; LAN [local area network] operating hardware; computer hardware; computer network hardware; computer hardware for providing secure remote access to computer and communications networks; ethernet adapters, cables, controllers, repeaters, switches and transceivers; secure terminal for electronic transactions including electronic payments; apparatus for processing of electronic payments; cameras; cameras [photography], cinematographic cameras, lenses for photographic apparatus; image processing apparatus, instruments and equipment; bar code scanners and readers; radio; telecommunication, radio and television broadcasting transmitters and receivers; apparatus for access to broadcast or transmitted programmes; network operating systems programs; computer operating systems programs; interactive multimedia computer games programs; VPN [virtual private network] operating software; WAN [wide area network] operating software; LAN [local area network] operating software; USB operating software; computer software for synchronizing data between computers, processors, recorders, monitors and electronic devices and host computers; computer software, recorded; computer software for providing secure remote access to computer and communications networks; computer programs and computer software for electronically trading securities; computer software for the creation, maintenance and management of firewalls; software for ensuring the security of electronic mail; virtual reality games software; software for GPS navigation; printed circuit boards; interface cards for data processing equipment in the form of printed circuit; blank flash memory cards, electronic memory [computer hardware], memory cards for video game machines, secure digital (SD) memory cards; blank electronic chip cards, blank integrated circuit cards [blank smart cards]; cards and microprocessors for computers; identity cards, magnetic; pre-paid telephone calling cards magnetically encoded, magnetically encoded credit cards; magnetically encoded debit cards; cards for electronic games designed for use with telephones; CD-ROM drives, Blank CD-ROMs for sound or video recording, CD-ROM writers; blank optical data carriers and blank magnetic data carriers; optical data media; compact discs [audio-video] and Compact Discs [read only memory] and magnetic data media; USB flash drives; computer software applications and computer programmes [downloadable], being for use in relation to the operation and management of telecommunication network services; downloadable ringtones for mobile phones; computer software to enable teleconferencing, videoconferencing and videophone services; computer software to enable searching and retrieval of data; computer software for accessing databases, telecommunications services, computer networks and electronic bulletin boards; computer games software; downloadable music files; digital audio players, media players, MP3 players and MP4 players; portable media players; photographs, pictures, graphics, image files, sound bites, films, videos and audio-visual programmes [downloadable] provided on-line or from computer databases or the Internet or Internet websites; remote video monitoring system consisting primarily of a camera and video monitor for recording and transmitting images to a remote location; telecommunications hardware and software for monitoring and alerting remote sensor status via the internet; computer software for use in remote monitoring; satellite navigational system, namely, a global positioning system (GPS); telecommunications and broadcasting satellites; telecommunications transmitters; telecommunications and data networking hardware, namely, devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; telephone terminals; telephone switchboards; telecommunications apparatus and instruments; telephone equipment, namely, caller identification boxes; telephone apparatus; multimedia terminals; multi-functional computer terminal with payment function; facsimile machines; personal digital assistants (PDAs); tablets computers; electronic tablets PC's; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages; mobile electronic devices that enable the user to

keep track of or manage personal information; accessories for telephones and telephone handsets, namely, headphones and hands free devices for telephone handsets and other mobile electronic devices; cell phone straps; calculators; flat panel display screens, LCD large-screen displays; telecommunications and data networking hardware, namely devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; structured cabling systems comprised of telecommunications cables and hardware;

- (b) International Class 37 for updating computer hardware;
- (c) International Class 38 for provision of telecommunications connections for telephone hotlines and call centers; telephone communication services provided for hotlines and call centers; mobile telephone services, transmission and distribution of data or audio visual images via a global computer network or the internet; providing access to the internet on a temporary basis for third parties; providing electronic transmission of electronic payment data via a global computer network; telephone call completion services for directory assistance customer; transmission of data sound and images by satellite and communications links; delivery of digital music by electronic transmission; transmission of digital files; providing telecommunication channels for teleshopping services; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission and streaming of multimedia content via communications networks; providing user access to the internet; providing access to digital music websites on the internet; providing access to telecommunications infrastructures for other operators; computer aided transmission of messages and images transmission and distribution of data or audio visual images via a global computer network or the internet; providing third party users and operators with access to telecommunications infrastructure and telecommunications networks; advisory, information and consultancy services relating to telecommunications and information technology; internet service provider [ISP];
- (d) International Class 42 for laboratory research services in the fields of electronic and computers; research, design and implementation project management in the field of electronics and computers; product research, design and development; design of computer networks, computer site design, design of computer hardware and computer software, design of multimedia products, design of wireless communication systems for transmission and reception of voice, data and video, design of new products, design of home pages and websites; product research, design and development; technical research; research, design and development services relating to computers, computer programmes, computer systems, computer software application solutions, data processing systems, data management, computerised information processing systems, communications services, communications solutions, communications applications, communications systems and network interfaces and provision of technical consultancy, information and advice relating to the aforesaid; preparation of technical reports and studies for others; computer services, namely computer hardware development, customization of computer hardware and of computer software in the nature of computer programming and provision of information and advice thereon; updating and design of computer hardware; maintenance, updating and design of computer firmware, computer software and computer programs; computer programming services; preparation and provision of information in relation to computers and computer network facilities; technical advice and consultation services in the field of information technology and telecommunication; design and development of computer systems and of telecommunications systems and equipment; computer management services, namely, remote management of computer applications for others; computer project management application service (ASP) provider, namely hosting computer software applications of others and telecommunications network management services, namely, the operation and administration of telecommunication systems and networks for others; operational support services for computer networks, operational support services for computer networks, operational support services for telecommunications networks and operational support services for data transmission networks; computer programming services; given on-line; provision of access to an electronic on-line network for information retrieval; computer rental; design, drawing and commissioned writing, all for the compilation of web pages on the internet; graphic illustration services for others; graphic design services; creating, operating and maintaining databases, intranets and web sites; hosting the web sites of others; installation and maintenance of computer software; leasing of access time to a computer database; rental of access time to global computer networks and electronic bulletin board services; creating, operating and maintaining web sites, web pages and portals for logging text, images and music provided either via computers or mobile telephones; weather forecasting; weather information services; interior design services; information and advisory services relating to all the aforesaid services.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 9698.13 should do so in writing addressed to the undersigned not later than the 7th day of September, 2018.

DATED this 15th day of June, 2018.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 10th day of April, 2014, by Apple Inc. of 1 Infinite Loop, Cupertino, California, 95014, United States of America, through its agent Barrow & Williams, LLP, Attorneys-at-Law of Equity House, 84 Albert Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

DESIGNED BY APPLE IN CALIFORNIA

in respect of International Class 9 for computers; computer peripheral devices; computer hardware; computer game software for gaming machines, namely, slot machines and video lottery terminals; hand held computers; tablet computers; personal digital assistants; electronic personal organizers; electronic notepads; electronic book readers; handheld digital electronic devices and software related thereto; handheld mobile digital electronic devices capable of providing access to the Internet and for the sending, receiving, and storing of telephone calls, faxes, electronic mail, and other digital data; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages, and electronic devices that enable the user to keep track of or manage personal information; sound recording and reproducing apparatus; MP3 and other digital format audio players; digital audio recorders; digital video recorders and players; audio cassette recorders and players; video cassette recorders and players; compact disc recorders and players; digital versatile disc recorders and players; digital audio tape recorders and players; radios, radio transmitters, and receivers; audio, video, and digital mixers; audio amplifiers; audio video receivers; consumer electronic products, namely, audio decoders; audio equipment for vehicles, namely stereos, speakers, amplifier, equalizer and speaker housing; earphones, headphones; audio speakers; microphones; audio electronic components, namely, surround sound system; modems; electronic apparatus and devices for controlling access to pay-television services; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; interactive photo kiosks for capturing, printing and uploading digital images for future use; audiovisual teaching apparatus; optical apparatus and instruments; wireless digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment; global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; cables, electric; blank tapes for storage of computer data; magnetic data media; chips, discs and tapes bearing or for recording computer programs and software; facsimile machines; cameras [photography]; batteries, electric; televisions; television receivers; television monitors; set top boxes; computer software, recorded; computer and electronic game software; global positioning system (GPS) computer software; computer software for travel and tourism, travel planning, navigation, travel route planning, geographic, destination, transportation and traffic information, driving and walking directions, customized mapping of locations, street atlas information, electronic map display, and destination information; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and other multimedia content, electronic publications, and electronic games; computer software for use in recording, organizing, transmitting, manipulating, and reviewing text, data, audio files, video files and electronic games in connection with computers, televisions, television set-top boxes, audio players, video players, media players, telephones, and handheld digital electronic devices; computer software to enable users to program and distribute text, data, graphics, images, audio, video, and other multimedia content via global communication networks and other computer, electronic and communications networks; computer software for identifying, locating, grouping, distributing, and managing data and links between computer servers and users connected to global communication networks and other computer, electronic and communications networks; computer software for use on handheld mobile digital electronic devices and other consumer electronics; electronic publishing software; electronic publication reader software; computer software for personal information management; downloadable pre-recorded audio and audiovisual content, information, and commentary; downloadable electronic books, magazines, periodicals, newsletters, newspapers, journals, and other publications; computer application software for mobile phones, handheld computers, portable media players, namely, software for use in database management; software for optical character recognition; voice recognition software; software for ensuring the security electronic mail; computer software for accessing, browsing and searching online databases; data synchronization cables; computer software, namely, software development tools for the creation of mobile internet applications and client interfaces; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, interfaces, and adapters for use with all of the aforesaid goods; computer equipment for use with all of the aforesaid goods; electronic apparatus with multimedia junctions for use with all of the aforesaid goods; electronic apparatus with interactive functions for use with all of the aforesaid goods; accessories, parts, fittings, and testing apparatus for all of the aforesaid goods; covers, bags and cases adapted or shaped to contain all of the aforesaid goods; navigational instruments; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; weighing apparatus and instruments; measures; electronic notice boards; measuring apparatus; optical apparatus and instruments; wafers [silicon slices]; integrated circuits; fluorescent screens; remote control apparatus; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; life-saving apparatus and equipment; whistle alarms; sunglasses; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; electrically heated socks; nautical, surveying, optical, weighing, measuring apparatus and instrument, drying apparatus for photographic prints for transmitting and receiving and recording sound and images; downloadable audio and video recording; apparatus for editing cinematographic films, technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids;

apparatus and instrument conveying, distributing, transforming, storing, regulating or controlling electric current; apparatus for the recording, transmission and reproduction of sound and images; magnetic data carriers; compact disc [audio-video]; calculating machines, data processing equipment; fire-extinguishing apparatus; apparatus, instruments and materials featuring music, comedy, drama, action, adventure and/or animation; computer terminals, communications software for connecting computer network users; answering machines, computer telephony software [enables telephone activities to be performed through a computer]; power adapters, adapters[electricity]; blank computer storage media; fonts, typefaces, type designs and symbols in the form of recorded data; Dynamic Random Access Memory (Dram); computer memory devices; apparatus; electronic apparatus and devices for controlling access to pay-television services; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; interactive photo kiosks for capturing, printing and uploading digital images for future use; digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment; computer software and computer hardware apparatus with multimedia and interactive functions; microprocessors, memory boards, modems, videophones, memory boards, computer monitors, display screens, keyboards, document printers, drives for computers; central processing units (CPU) [computer hardware]; circuit boards; blank magnetic and optical disks; blank tapes for storage of computer data; computer memory devices; blank computer storage media; solid state drives; hard disk drives; miniature hard disk drive storage units; digital media, namely, pre-recorded video cassettes, digital video discs, digital versatile discs, downloadable audio and video recordings, DVDs and high definition digital discs featuring multimedia content; audio tapes for sale with booklets; apparatus for recording and reproducing sound, images, data; CD Ram drives; digital versatile discs; mouse pads; batteries; rechargeable batteries; chargers; chargers for electric batteries; stereo headphones; in-ear headphones; stereo speakers; audio speakers for home; audio speakers; personal stereo speaker apparatus; radio receivers, amplifiers, electric phonographs, record players, high fidelity stereo apparatus, tape recorders and sound reproducing apparatus, loudspeakers, multiple speaker units, microphones; digital audio and video players with multimedia and interactive functions; accessories, parts, fittings, and testing apparatus for all the aforementioned goods; digital audio tape player or digital audio tape recorders; global positing systems; navigation apparatus for vehicles (on board computers); video cameras; bags and cases adapted or shaped to contain cameras and/or video cameras; telephones; cordless telephones; mobile telephones; parts and accessories for mobile telephones; mobile telephone covers; mobile telephone cases; mobile telephone cases made of leather or imitations of leather; mobile telephone covers made of cloth or textile materials; portable digital electronic devices for data processing, information processing, storing and displaying data, transmitting and receiving data, transmission of data between computers, and software related thereto; handheld digital electronic devices for data processing, information processing, storing and displaying data, transmitting and receiving data, transmission of data between computers, and software related thereto; digital music and/or video players; handheld and mobile digital electronic devices for the sending and receiving of telephone calls, faxes, electronic mail, video, instant messaging, music, audiovisual and other multimedia works, and other digital data; handheld and mobile digital electronic devices for the sending and receiving telephone calls, faxes, electronic mail, and other digital media; bags and cases adapted or shaped to contain digital music and/or video players, hand held computers, personal digital assistants, electronic organizers and electronic notepads; holders, straps, armbands, lanyards and clips for portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; computer operating programs; pre-recorded computer programs for personal information management, database management software, character recognition software, telephony management software, paging software, mobile telephone software; database synchronization software, computer programs for accessing, browsing and searching online databases, computer software for use in connection with online music subscription service, software that enables users to play and program music and entertainment-related audio, video, text and multi-media content, software featuring musical sound recordings, entertainment-related audio, video, text and multi-media content, computer software and firmware for operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; computer software for authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, and electronic publications; downloadable electronic publications in the nature of books, plays, pamphlets, brochures, newsletters, journals, magazines, and periodicals on a wide range of topics of general interest; computer hardware and software for providing integrated telephone communication with computerised global information networks; software for the redirection of messages, Internet e-mail, and/or other data to one or more electronic handheld devices from a data store on or associated with a personal computer or a server; computer software for the synchronization of data between a remote station or device and a fixed or remote station or device; apparatus for recording, transmission or reproduction of sound or images; electronic magnetostrictive equipment, namely a wave generator, wave sensor and wave analyser; desktop publishing software; desktop publishing software computer screen saver software; software for detecting, eradicating and preventing computer viruses; software for data encryption; software for analysing and recovering data; software for computer system backup, data processing, data storage, file management and database management; software for telecommunication and communication via local or global communications networks, including the Internet, intranets, extranets, television, mobile communication, cellular and satellite networks; software for creating and delivering electronic greeting cards, messages and electronic mail; software for web design, creation, publishing and hosting; software for access to communications networks including the Internet; instructional material relating to the foregoing; computer disk holders; computer equipment for use with all of the aforesaid goods.

The applicant claims that it intends to use the mark.

Priority claim is on the basis on an application filed on the 10th day of October, 2013 under application number 012212221 in Europe.

Registration of this mark shall give no exclusive right to the use of the words “Designed By” and “California”, separately and apart from the mark as shown.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 10726.14 should do so in writing addressed to the undersigned not later than the 7th day of September, 2018.

DATED this 15th day of June, 2018.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 23rd day of October, 2014, by BASF SE of Carl-Bosch-Strasse 38, 67056 Ludwigshafen am Rhein Germany, through its agent Arguelles & Company, Attorneys-at-Law of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.4.9

in respect of International Class 25 for clothing, namely t-shirts, sweaters, pants and jackets; footwear, namely, boots for skiing, boots for football, soccer, gym, athletics, running, trekking, hiking, mountaineering and hunting, rain boots and work boots; parts of footwear, namely shoe soles; headgear, namely hats and caps.

The applicant claims that it has a bona fide intention to use the mark.

Registration of this mark shall give no exclusive right to the use of the word “CHEMISTRY”, separately and apart from the mark as shown.

Priority claim is on the basis of an application filed on the 7th day of August, 2014 under application number 30 2014 005 548.1 in Germany.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 11247.14 should do so in writing addressed to the undersigned not later than the 7th day of September, 2018.

DATED this 15th day of June, 2018.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 9th day of May, 2017, by Apple Inc. of 1 Infinite Loop, Cupertino, California 95014, United States of America, through its agent Barrow & Williams LLP of Equity House, 84 Albert Street, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

IPHONE

in respect of:

- (a) International Class 37 for installation, maintenance, and repair of computer hardware, handheld computers, mobile telephones, computer peripherals and consumer electronic devices; technical support services, namely, troubleshooting in the nature of the repair of computer hardware;
- (b) International Class 42 for installation, maintenance and repair of computer software and mobile phone software.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13601.17 should do so in writing addressed to the undersigned not later than the 7th day of September, 2018.

DATED this 15th day of June, 2018.

CFE(6):5.7.13;29.1.15

in the colors green, yellow, orange, red, violet and blue in respect of International Class 9 for computers; computer hardware; wearable computers; handheld computers; tablet computers; transmitters [telecommunication]; telephones receivers, telephone apparatus; telephone transmitters; video telephones; mobile telephones; smart phones; laptop computers; notebook computers; intercommunication apparatus; handheld digital electronic devices capable of providing access to the internet and for the sending, receiving, and storing telephone calls, electronic mail, and other digital data; smart rings; wearable video display monitors; smart watches; wearable activity trackers; connected bracelets [measuring instruments]; electronic book readers; computer software, recorded; computer software applications, downloadable; computer software platforms, recorded or downloadable; computer software for setting up, configuring, operating or controlling mobile devices, mobile telephones, wearable devices, computers, computer peripherals, set top boxes, televisions, and audio and video players; computer game software; downloadable music files; downloadable image files; peripheral devices for computers; chargers for electric batteries; audio-and video-receivers; sound transmitting apparatus; sound recording apparatus; sound reproduction apparatus; video recorders; video screens; wearable peripherals for use with computers; virtual reality headsets; cell phone straps; accelerometers; altimeters; distance measuring apparatus; distance recording apparatus; pedometer; pressure measuring apparatus; pressure indicators; monitors [computer hardware]; smart glasses; 3D spectacles; eyeglasses; sunglasses; spectacle lenses; optical glass; optical goods; optical apparatus and instruments; cameras [photography]; flashlights [photography]; display screens for computers, mobile telephones, mobile electronic devices, wearable electronic devices, smart watches, smart glasses, televisions, and audio and video players and recorders; computer keyboards; mouse [computer peripheral]; mouse pads; printers for use with computers; teleprinters; disk drives for computers; disks, magnetic; floppy disks; sound recording and reproducing apparatus; digital audio and video players and recorders; audio speakers; audio amplifiers and receivers; vehicle radios; loudspeakers; sound recording discs; sounding apparatus and machines; earphones; headphones; microphones; television apparatus; set top boxes; radios; radio transmitters and receivers; global positioning systems [GPS devices]; navigational instruments; remote controls for controlling computers, mobile telephones, mobile electronic devices, wearable electronic devices, smart watches, smart glasses, audio and video players and recorders, televisions, speakers, amplifiers, home theatre systems, and entertainment systems; wearable devices for controlling computers, mobile telephones, mobile electronic devices, wearable electronic devices, smart watches, smart glasses, audio and video players and recorders, televisions, speakers, amplifiers, home theatre systems, and entertainment systems; USB flash drives; compact disc [audio-video]; compact discs [read-only memory]; computer chips; batteries, electric; battery chargers; electrical and electronic connectors, wires, cables, docking stations, and adapters for use with all of the aforesaid goods; couplers [data processing equipment]; interfaces for computers, computer peripherals, mobile telephones, mobile digital electronic devices, wearable electronic devices, smart watches, smart glasses, televisions, set top boxes, and audio and video players and recorders; protective films adapted for computer screens; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; bags adapted for laptops; cases especially made for photographic apparatus and instruments; cases for smartphones; sleeves for laptops; selfie sticks [monopods]; chargers for electronic cigarettes; electronic collars to train animals; Electronic agendas; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; facsimile machines; weighing apparatus and instruments, measures; electronic notice boards; measuring apparatus; wafers [silicon slices]; integrated circuits; amplifiers; fluorescent screens; remote control apparatus; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; lifesaving apparatus and equipment; whistle alarms; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; electrically heated socks; electronic access control systems for interlocking doors; personal digital assistants; heat regulating apparatus; thermostats; heat regulating apparatus; electric regulating apparatus; electric light regulators (dimmers);

lighting control apparatus; electrical outlets; electrical and electronic switches; alarm sensors, and alarm monitoring systems; sound alarms; alarm bells, electric; smoke and carbon monoxide detectors; electric and electronic locks for doors and windows; electric and electronic controls for garage doors; security surveillance robots.

The applicant claims that it has a bona fide intention to use the mark.

Priority claim is on the basis of an application filed on the 15th day of June, 2017 under application number 72703 in Jamaica.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13779.17 should do so in writing addressed to the undersigned not later than the 7th day of September, 2018.

DATED this 15th day of June, 2018.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 3rd day of August, 2017, by CHENG SHIN RUBBER IND. CO., LTD. of NO. 215 MEEI-KONG ROAD, HUANG-TS'O VILLAGE, TA-SUEN, CHANG HWA, TAIWAN, R.O.C., through its agent Courtenay Coye LLP, Attorneys-at-Law of 15 "A" Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

PRESA

NOTICE
OF
OPPOSITION

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by Levi Strauss & Co., (The Opponent), of Levi's Plaza, 1155 Battery Street, San Francisco, California, 94111, United States of States, against trademark Application No. 14004.17, filed on the 28th day of September, 2017, by Rene Montero (The Applicant), of 2652 Thomas Vincent Ramos Street, Belize City, Belize, for the registration of the following trademark, as proprietor thereof:

The Opponent opposes the above trademark Application on the grounds that:

1. LS&Co. is the owner of the distinctive and world famous trademark 501®, as reflected in the representative Registration No. 7327 issued by the Register of Trademarks, among others, which presently is in full force and effect. LS&Co.'s famous 501® trademark has been registered on the Register of Trademarks in Belize since January 31, 1996, in International Class 25.
2. LS&Co. marks its LEVI'S® brand products with a set of trademarks that are famous around the world. For many years prior to the events giving rise to this Opposition and continuing to the present, LS&Co. annually has spent great amounts of time, money, and effort advertising and promoting the products on which its trademarks are used and has sold many millions of these products all over the world, including in Belize.
3. In addition to their 501® trademark registration, LS&Co. has common law rights in a number of other three digit numbers that it regularly uses for its products. For example, in addition to 501®, LS&Co. often uses a three digit number ending in "_01" to identify versions of its apparel products. It has used at least 901™ and 701™ for this purpose. These three digits marks, including 501®, are referred to collectively as the "_01 Trademarks."
4. By virtue of its long use and promotion of the _01 Trademarks, and the high quality of its goods, LS&Co. has gained a valuable reputation for its _01 Trademarks and has developed valuable goodwill with respect to the marks.
5. LS&Co. also has various other registrations in Belize that pertain to its brands.
6. LS&Co. has a well-established distribution channel of its LEVI'S® brand products in Belize, and has maintained this continuously for approximately ten (10) years, well before the date of Applicant Application No. 14004.17.
7. LS&Co.'s distribution in Belize includes LS&Co.'s famous 501® as well as the _01 Trademarks on garments and other products.
8. The mark contained in the Applicant's said Application No. 14004.17 contravenes sections 37(1) and 37(2) of the Trade Marks Act, Chapter 257 of the Laws of Belize, Revised Edition 2000 and amendments and should not be registered by virtue of the fact that it is similar to the Opponent's trade mark as earlier trade mark and is to be registered for goods or services identical with or similar to those for which the Opponent's trade mark as earlier trade mark and is to be registered for goods or services identical with or similar to those for which the Opponent's trade mark as earlier trade mark is protected which would cause a likelihood of confusion on the part of the public, which includes the likelihood of association with the Opponent's trade mark as earlier trade mark.
9. Further, and in alternative, the Opponent's trade mark is entitled to protection under the Paris Convention as a well known trade mark as an earlier trade mark pursuant section 38(1)(b) of the Trade Marks Act.
10. The Opponent respectfully requests that the subject application for the Applicant's trade mark be refused registration in Class 25.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 15th day of June, 2017.

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by 501 Enterprise, (The Opponent), of 38 Turneffe Avenue, Belmopan, Cayo District, Belize, against trademark Application No. 14004.17, filed on the 28th day of September, 2017, by Rene Montero (The Applicant), of 2652 Thomas Vincent Ramos Street, Belize City, Belize, for the registration of the following trademark, as proprietor thereof:

The Opponent opposes the above trademark Application on the grounds that:

1. The claim is overly wide-ranging and encompasses business services and products of many technology based companies.
2. The mark is claimed to be in use however, there is no evidence of this on the internet. Searching for the mark by text yields no equivalent results. Likewise, a reverse image search has a no equivalent matches. These searches indicate that the mark is not genuinely “in use” within the numerous classes under application.
3. 501 Enterprise has been an actively registered company since 2011. Our logo has been in use since that time. Internet searched for our company or logo will yield results across major Internet search engines. This establishes our presence and activity in the technology sector.
4. As the country’s international phone code, the number “501” is used in the name of many companies which either heavily leverage technology or deliver technology services. This is a commonly used phrase/number.
5. As the application is read, there is an implied claim to the exclusive use to the number “501”, No exclusive rights should be granted to a mark utilizing a pre-existing and commonly used phrase/number such as “501”. We are requesting that the application be denied pending amendments to reduce the breadth of the classes and to explicitly confine the rights of the applicant to use of the mark itself as depicted.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 15th day of June, 2017.

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by Renaissance Hotel Holdings, Inc., (The Opponent), of 10400 Fernwood Road, Bethesda, Maryland, United States of States, against trademark Application No. 13609.17, filed on the 11th day of May, 2017, by Renaissance Place Ltd. (The Applicant), of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trademark, as proprietor thereof:

THE RENAISSANCE

The Opponent opposes the above trademark Application on the grounds that:

1. The Opponent is a subsidiary of Marriott International, Inc. (hereinafter referred to collectively with its subsidiaries as the “Marriott Group” or “Group”) with its management and operations being handled by the said Group. The Opponent is thus a leading and established hospitality company under the Marriott Group. The Marriott Group has various trademark registrations in Belize for various brands associated and affiliated therewith.
2. In respect of its business and series in relation to, inter alia, hotels, restaurants, provision of facilities for meetings, conferences and exhibitions, and catering, bar, cocktail lounge, concierge desk, fitness club and spa services, and advertising, managing, consulting, administering and supporting the provision of hospitality services (hereinafter sometimes collectively referred to as “hospitality services”), the Opponent has adopted the RENAISSANCE name and mark, which is used alone and in combination with words and devices. The trade mark/service mark RENAISSANCE has been used extensively by the Opponent for its hospitality, hotel, bar, restaurant and lounge related business services as well as For a variety of goods commonly found in the Opponent’s hotels.
3. The Opponent and the Marriott Group incur millions of dollars (in United States currency) for worldwide advertising and promotion of the RENAISSANCE brand and associated marks. There are more than 165 RENAISSANCE branded hotels open I at least 35 countries throughout the world.
4. There is knowledge and use of the Opponent’s RENAISSANCE mark, demonstrated by, inter alia, the Marriott Group’s MARRIOTT REWARDS frequent-guest program membership in Belize as well as total number of Room-nights reserved at

RENAISSANCE hotels anywhere in the world by guests with an address in Belize and visits to all Group Website specifically targeting the Renaissance Brand from IP addresses ion Belize.

5. The Opponent's trade mark is entitled to protection under the Paris Convention as a well known trade mark and as an earlier trade mark pursuant section 38(1)(b) of the Trade Marks Act.
6. The mark contained in the Applicant's said application No. 13609.17 contravenes sections 37(1) and 37(2) of the Trade Marks Act, Chapter 257 of the Laws of Belize, Revised Edition 2000 and amendments and should not be registered by virtue of the fact that it is highly and confusingly similar to the Opponent's trade mark as earlier trade mark and is to be registered for goods or services identical with or similar to those for which the Opponent's trade mark as earlier trade mark is protected, which would cause a likelihood of confusion on the part of the public, which includes the likelihood of association with the Opponent's trade mark as earlier trade mark.
7. The mark contained in the Applicant's said Application No. 13609.17 contravenes section 37(3) of the Trade Marks Act, Chapter 257 of the Laws of Belize, Revised Edition 2000 amendments and should not be registered by virtue of the fact that it is identical with or highly similar to the Opponent's trade mark as earlier trade mark and is to be registered for goods and services which are not similar to those for which the Opponent's trade mark as earlier trade mark is protected but the Opponent's trade mark as earlier trade mark has a reputation in Belize and the use of the mark contained in the Applicant's said Application without due cause would take unfair advantage of, or be detrimental to, the distinctive character or the repute of the Opponent's trade mark.
8. Further, and in the alternative, the mark contained in the Applicant's said Application No. 13609.17 contravenes section 35(6) of the Trade Marks Act and should not be registered by virtue of the fact that the Applicant's application for registration of the said mark is made in bad faith.
9. The Opponent respectfully requests that the subject application for the Applicant's trade mark be refused registration.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 15th day of June, 2017
