DECISION

The request for the declaration of invalidity is made under the provisions of Section 47 of the Act. This states:

47(1) The registration of a trade mark may be declared invalid on the ground that the trade mark was registered in breach of section 35 of any of the provisions referred to in that section (absolute ground for refusal or registration) but where the trade mark was registered in breach of subsection(1) (b), (c) or (d) of that section, it shall not be declared invalid if, in consequence of the use which has been made of it, it has after registration acquired a distinctive character in relation to the goods or services or which it is registered.

The applicant's grounds are, in this case, based upon Sections 37(1) (2) (a) of the trade mark Act which states:

37(1) A trade mark shall not be registered if it is identical with an earlier trade mark and the goods or services for which the trade mark is applied for are identical with the goods or services for which the earlier trade mark is protected

(2) A trade mark shall not be registered if because:-

(a) It is identical with an earlier trade mark and is to be registered for goods or services similar to those for which the earlier trade mark is protected; or

There exists a likelihood of confusion on the part of the public, which included the likelihood of association with the earlier trade mark.

Meaning of earlier Trade Mark

S 38 (1) In this Act an "earlier trade mark" means:-

- (a) A trade mark which, at the date of application for registration of the trade mark in question or (where appropriate) of the priority claimed in respect of the application, was entitled to protection under the Paris Convention as a well-known trade mark.

61 (1) References in this Act to a trade mark which is entitled to protection under the Paris Convention as a well-known trade mark are to a mark which is well-known in Belize as being the mark of a person who:

- (a) is a national of a Convention country; or
(b) is domiciled in, or has a real and effective industrial or commercial establishment in, a Convention country,

Whether or not that person carries on business, or has any goodwill, in Belize, and references to the proprietor of such a mark shall be construed accordingly.

(2) The proprietor of a trade mark which is entitled to protection under the Paris Convention as a well-known trade mark is entitled to restrain by injunction the use in Belize of a trade mark which, or the essential part of which, is identical or similar to his mark, in relation to identical or similar goods or services, where the use is likely to cause confusion, but this right is subject to section 48 (effect of acquiescence by proprietor of earlier trade mark).

For Many years prior to the events giving rise to this Opposition and continuing to the present, LS&Co. annually has spent great amounts of time, money, and effort advertising and promoting the products on which its trademarks are used and has sold many millions of these products all over the world, including in Belize.
3. In addition to their 501® trademark registration, LS&Co. has common law rights in a number of other three digit numbers that it regularly used for its products. These three digit marks, including 501®, are referred to collectively as the "_01 Trademarks."

9. Further, and in the alternative, the Opponent's trade mark is entitled to protection under the Paris Convention as a well known trade mark and as an earlier trade mark pursuant section 38(1)(b) of the Trade Marks Act.
10. The Opponent has lodged a prior opposition against the Applicant's Application No. 14004.17 ("Prior Opposition"). The Opponent's Prior Opposition was successful and resulted in a ruling by the Belize Intellectual Property Office against the Applicant issued dated 27th July 2018.
