WHEREAS, the Registrar is in receipt of an application filed on the 15th day of May, 2017, by TCL Communication Limited of 5th Floor, Building 22E, 22 Science Park East Avenue, Hong Kong Science Park, Shatin, New Territories, Hong Kong, through its agent Morgan & Morgan Trust Corporation (BELIZE) Limited of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

in respect of :

- (a) International Class 9 for electronics, namely, televisions, DVD players, digital music players, cameras [photography], game consoles, computer printers, radios, beepers [pagers], head-mounted video displays, USB dongles being wireless network adapters, facsimile machines, sound recording apparatus, video recorders; electronic products, namely, light-emitting electronic pointers, electronic notice boards, acoustic couplers, electronic agendas, camcorders, electric batteries, battery chargers, chargers for electric batteries, commutators, tape recorders, satellite navigational apparatus, teleprinters, television apparatus; mobile electronic products, namely, smart phones, mobile phones, tablet computers, antennas for wireless communications apparatus; wireless telephony apparatus; apparatus for wireless transmission of acoustic information; devices for wireless sound recording apparatus transmission; masts for wireless aerials; wireless broadband radios; wireless computer mice; downloadable computer game software via a global computer network and wireless devices; computer software for wireless content delivery; cordless telephones; wireless transmitters and receivers; smart watches, wearable activity trackers, protective covers and cases for tablet computers, smart card readers; electronic devices, namely, wireless transmitters and receivers, GPS receivers, and near field communication (NFC) technology-enabled readers; consumer electronic products, namely, electric apparatus for communication; headsets for use with computers, smartphones, mobile telephones, computer tablets, and televisions, namely bluetooth headsets, and in-ear headsets; computer hardware; computer software, namely, communication software for providing access to the Internet, computer software for activating, configuring, supporting, managing, updating, repairing, upgrading of, and provisioning electronic devices and wireless devices, electronic mail and messaging software, computer software for instant messaging, sending and receiving emails and contact information, schedule sharing and contents sharing service; consumer electronic products, namely, telephones, cell phones, laptops, desktop computers, portable music players, headset with function of short-range transmission of digital voice and data, smartwatches, fitness trackers, equalizers [audio apparatus] and audio-and-video-receivers, GPS, digital cameras; computer software, recorded; virtual reality software for the creation of computer generated virtual worlds; virtual reality software

for playing virtual reality games; virtual reality game software; augmented reality software for the creation of computer generated virtual worlds; augmented reality game software; virtual reality (VR) products namely goggles, gloves, 3D glasses for smartphones, headsets and head mounted displays adapted for use in watching videos and movies, headphones, head trackers, motion trackers, data gloves, 3D controllers, haptic devices and stereoscopic 3D displays; image processing apparatus for virtual reality (VR) products, namely 2D monoscopic displays, monocular displays, 3D remote controllers and 3D digital electronic controllers; augmented reality products, namely goggles, gloves, 3D glasses for smartphones, headsets and head mounted displays adapted for use in watching videos and movies, headphones, head trackers, motion trackers, data gloves, 3D controllers, haptic devices and stereoscopic 3D displays; computer software for databases; computer software for capture and analysis of data, visualization, manipulation, virtual reality immersion and integration of geographic information in interaction with on-line member communities, other applications and the data itself; virtual reality headsets and head mounted displays adapted for use in watching videos and movies; wearable computers; video displays mounted in eyeglasses; computer hardware and computer peripheral devices for use in the field of virtual reality; virtual reality and augmented reality headsets, helmets, display screens, and sound systems comprised primarily of speakers, all adapted for use in playing video games, viewing videos, motion pictures, and participating in virtual reality and augmented reality environments; virtual reality software for telecommunication; hardware and software for use in enabling computers, handheld consoles, tablet computers, mobile devices, and smart phones to provide virtual world experiences; virtual reality software for creating, sharing, and viewing virtual reality content online over the internet; virtual reality headsets for use in visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; computer peripherals for mobile devices for remotely accessing and transmitting data; computer peripherals for displaying data, video, and virtual reality information and content; electronic and optical communications instruments and components, namely, display screens for virtual reality visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; 3D eyewear; personal video display devices in the nature of wearable displays for viewing digital content including virtual reality, augmented reality, and mixed reality content; media players; global positioning system [GPS] apparatus; apparatus for projection; intercommunications apparatus; wearable digital electronic device comprised primarily of software and display screens for viewing, sending and receiving texts, emails, data and information from smart phones, tablet computers and portable computers; remote control apparatus, namely, wireless or Bluetooth remote controls; computer products, namely, slide projectors, computer keyboards, computer memory devices, computer game programs, computer programs [downloadable software], monitors [computer hardware], electronic pocket translators, pocket calculators, printers for use with computers, USB flash drivers, processors [central processing units], disk drivers for computers, walkie-talkies, personal stereos; armbands specially adapted for personal electronic devices, namely, for attaching mobile telephones and portable media players to the body; protective cases featuring batteries specifically adapted for use with handheld electronic devices, namely, mobile phones, MP3 players, personal digital assistants (PDAs), computers and tablet computers; wireless communication related products, namely, wireless network repeater [computer hardware], network card with USB port for wireless network capture (WI-FI), GPS, wireless computer mice and keyboard, wireless headsets and headphones; mobile devices, namely, electronic mobile digital telecommunication devices and personal digital assistants; handheld computers; apparatus for recording, transmission or reproduction of sound or images; data processing equipment; portable media players; telecommunication related products, namely, laptop computers, satellite receivers, videophones, webcams, electronic coding and decoding units; computer hardware for remotely accessing and transmitting data; connected bracelets [measuring instruments]; smartphones in the shape of a watch; phones, handheld electronic devices, and tablets with RF technology; accessories for electronics, namely, docking stations, car holders, cradles, stands, holders and in-car holders for mobile telephones, headphones, headsets, wireless handsets, battery chargers, battery covers, flash drives, SIM cards, cases for phones, smartphones, mobile phones, handheld electronic devices, computers and tablets; smart controllers namely, programmable controllers for electronic devices; optical pens [computer hardware]; electronic stylus [computer hardware]; electronic pens [visual display units]; parts and fittings for the aforementioned goods;

- (b) International Class 38 for telecommunications technology services; communications by cellular phones; communications by computer terminals; communications by fiber optic networks; communication services, namely, transmitting streamed sound and audiovisual recordings via the Internet; broadcast communication services, namely, transmitting e-mails, faxes, text messages and telephone voice messages to designated recipients for others; teleconferencing services through telepresence; transmission of electronic mail; transmission of digital files; voice mail services; providing access, namely, providing user access to global computer networks, providing electronic telecommunication access to wireless networks, data networks and the internet, providing access to websites on mobile and Internet, providing access to information via wireless networks, data networks and the internet, providing access to wireless internet via a smartphone, providing application access via the wireless local area network, providing access to a global computer network, providing access to databases, providing access to the internet, providing access to telecommunications networks; electronic services namely, transmission of electronic mail, paging services [radio, telephone or other means of electronic communication]; information about telecommunication; message sending; digital network telecommunications services; wireless broadcasting; electronic messaging services; consulting services in the field of telecommunications; advisory services in the field of telecommunications; online communications services; services related to computer hardware and software, namely, rental of mobile phones, smart phones, and handheld electronic devices;

- (c) International Class 42 for providing temporary use of non-downloadable computer software for communications; non-downloadable software namely, temporary provision of non-downloadable online software for obtaining information in the field of technological functions, security and performance of computer network systems; providing non-downloadable software, namely, software to enable users to program audio, video, text and other multimedia content, including music, concerts, videos, radio, television, news, sports, games, cultural events, and entertainment-related programs, software for providing access to the Internet, software for activating, configuring, supporting, managing, updating, repairing, upgrading of, and provisioning electronic devices and wireless devices, electronic mail and messaging software, and software for instant messaging, sending and receiving emails and contact information, schedule sharing and contents sharing service; cloud based software, namely, provision of temporary non-downloadable software to allow users accessing to different computer software; application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software and web sites of others in the fields of telecommunications, communications, and entertainment; software as a service [SaaS]; platform as a service [PaaS]; providing information on computer technology and programming via a web site; designing, creating, maintaining, and hosting communications websites for others; design and development of computer hardware and software; computer hardware and software consulting services, multimedia and audio-visual software consulting services; computer programming; support and consultation services for developing computer systems, databases and applications, services related to communication and networking hardware and software, namely, hosting on-line facilities, via a global computer network to enable users to program the scheduling of audio, video, text and other multimedia content, including music, concerts, videos, radio, television, news, sports, games, cultural events, and entertainment-related programs as they will be aired, and design and development of smart phones, mobile phones, and cell phones and software for smart phones, mobile phones, and cell phones, smart phones, mobile phones, and cell phones consulting service; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer programming, advisory services relating to computer programming, and technical advice relating to computers; data encryption services; design and development of computer software and applications in the field of health and fitness; development and design of virtual reality software; design and development of computers and mobile devices; design and development of computer game software; providing a website featuring information in the field of technology; hosting a web site in the field of technology for others; rental of computers, handheld computers and tablet computers; updating and design of computer software; services for maintenance of software; technical support, namely, monitoring technological functions of computer network system; consulting services in the field of telecommunications technology; advisory services in the field of telecommunications technology; information technology consultancy services.

PRESS RELEASE

NOTICE OF EUROPEAN UNION (EU) GEOGRAPHICAL INDICATIONS (GIS) FOR WHICH PROTECTION IS REQUESTED UNDER ARTICLE 145E OF THE CARIFORUM EU ECONOMIC PARTNERSHIP AGREEMENT

Under the Economic Partnership Agreement between CARIFORUM States and the European Union the Parties committed to a process that would provide future protection to each other's Geographical Indication (GIs) within the context of the Agreement.

The European Union has provided a list of Geographical Indications that it would like CARIFORUM States to provide legal protection. The List includes some well-known European Geographical Indications for

- a) **Cheeses** (for example Roquefort, Feta, Parmigiano Reggiano and Mozzarella di Bufala Campana).
- b) **Spirits** (for example Cognac, Ouzo, Grappa and Scotch Whiskey), and
- c) **Wines** (for example Margaux, Asti, Chianti and Conegliano Valdobbiadene-Prosecco).

Legal protection for these terms will allow producers from the geographic origin of products using these terms to prevent others from using them in CARIFORUM States.

The full list of Geographical Indications for which the EU is currently seeking protection is available for viewing at:
