EXPERIENCE WHAT'S INSIDE

in respect of:

- (a) International Class 9 for computers; handheld computers; minicomputers; computer hardware; integrated circuits; computer chip sets; semiconductor processors; semiconductor chips; microprocessors; printed circuit boards; electronic circuit boards; computer motherboards; microcontrollers; data processors; central processing units; semiconductor memories; computing memory storage devices; flash drives; software programmable processors; digital and optical microprocessors; computer peripherals devices; video circuit boards; audio circuit boards; audio-video circuit boards; video graphic accelerators; graphics accelerators, graphic cards and video processors; videoprocessor boards; electronic security apparatus and surveillance apparatus, namely, computer hardware, computer chips and microprocessors optimized for electronic security surveillance; algorithm software programs for the operation and control of computers; computer operating system software; computer system extensions, tools and utilities in the field of application software for connecting personal computers, networks, telecommunications apparatus and global computer network applications; computer hardware and software for enhancing and providing real-time transfer, transmission, reception, processing and digitizing of audio and video graphics information; computer firmware for use in operating and maintaining computer system programs; computer utility software and other computer software used to maintain and operate computer systems; computer installations; personal digital assistants; portable and handheld electronic personal organizers; security systems for computer hardware and software, namely, firewalls, network access server hardware for creating and maintaining firewalls, virtual private network (VPN) computer hardware and computer server operating software for creating and maintaining firewalls; security software for access and control and security of computer and communications systems; computer hardware and software for use in protecting computer networks from data theft or damage by unauthorized users; computer voice accelerator boards; computer processing software and computer operating systems for network management; telecommunications apparatus and instruments, namely, computer routers, hubs, servers and switches; computer hardware and software for the development, maintenance, and use of local and wide area computer networks; computer networking hardware; set-top boxes; electronic control devices for the interface and control of computers and global computer and telecommunications networks with television and cable broadcasts and equipment; apparatus for testing and programming integrated circuits; computer servers; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (lans), virtual private networks (vpn), wide area networks (wans) and global computer networks; computer software and hardware for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; computer software tools, namely computer utility software for the facilitation of third party software applications; computer hardware and software for wireless network communications; downloadable electronic publications in the nature of newsletters, books, magazines, journals, brochures and white papers in the area of electronics, semiconductors, integrated electronic apparatus and devices, computers, telecommunications, entertainment, telephony, and wired and wireless telecommunications; electronic instructional manuals downloadable from a global computer network; global positioning system (GPS); vehicle navigation computers; wireless devices for transmitting digital data and voice from motor vehicles; vehicle infotainment systems, namely mobile internet computers, radios, televisions and audio video display units;
- (b) International Class 38 for telecommunication and communication services, namely, transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the internet, information services networks and data networks; transfer of data by telecommunication; providing multiple user wireless access to the internet and communication networks; providing for the transmission of voice, data, graphics, sound, video images, and multi-media content via wireless communication networks and the internet; voice over internet protocol (VOIP) services; broadcasting services and provision of

telecommunication access to voice, data, graphics, sound, video, and multimedia content; teleconferencing; electronic transmission and streaming of data, audio, video and multimedia content; internet broadcasting services; electronic transmission and streaming of data, audio, video and digital media content for others via global and local computer networks; wireless broadcasting; providing electronic telecommunications connections through optical networks; telecommunications consulting; providing on-line chat rooms and electronic bulletin boards for transmission of messages among users in the field of general interest; electronic messaging;

- (c) International Class 41 for training services in the fields of networks, network system design, network operation, network maintenance, network testing, network protocols, network management, network engineering, computers, software, microprocessors and information technology; entertainment services, namely, organizing exhibitions for computer gaming, providing on-line computer games, and organizing community sporting and cultural events; providing on-line publications in the nature of magazines, newsletters, journals, books and brochures in the areas of photography, imaging and related goods and services; education services, namely, providing seminars, courses and tutorial sessions in the field of digital imaging via global computer networks; computerized on-line education services, namely, providing classes, seminars, tutorial sessions, conferences and workshops in the field of computers, computer hardware, microprocessors, software and computer networks; educational services, namely, providing interactive tutorial sessions and courses in the nature of how-to guides, tips and techniques, expert guidance and advice, all relating to the purchase, use, care, maintenance, support, upgrading, updating and configuring of computer hardware, computer software, computer networks, teleconferencing and communications goods and services; educational services, namely, conducting classes, seminars, conferences and online educational forums in the field of computer and software use, navigation over global computer networks, computer science and technology, computer management, and distributing course materials in connection therewith; developing and disseminating educational materials designed to increase technology literacy among students; education and training services in the field of online business solutions;
- (d) International Class 42 for computer network management services, namely, monitoring of network systems for technical purposes; hosting of digital content on the internet; computer network monitoring services, namely, providing information on the operation of computer networks; technical design consulting services in the field of computers and wireless computing; providing temporary use of non-downloadable software for enhancing and providing real-time transfer, transmission, reception, processing and digitizing of audio and video graphics information; providing temporary use of non-downloadable software for processing, storage, retrieval, transmission, display, input, output, compressing, decompressing, modifying, broadcasting and printout of data; providing temporary use of non-downloadable software for ensuring the security of computer networks, for access control and security, and for use in protecting computer networks from data theft or damage by unauthorized users; providing temporary use of non-downloadable software for the receipt, display, and use of broadcast video, audio, and digital data signals; providing temporary use of non-downloadable software for creating, facilitating, developing, maintaining and managing remote access to and communication with local area networks (lans), virtual private networks (vpn), wide area networks (wans) and global computer networks; providing temporary use of non-downloadable software for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; providing temporary use of non-downloadable software tools for the facilitation of third party software applications; providing temporary use of non-downloadable software for wireless network communications; development, design, and consulting services relating to computer software and hardware; designing and developing standards for others in the design and implementation of computer software, computer hardware and telecommunications equipment; providing customers and technicians with information relating to computer project management.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed on the 22nd day of December, 2014 under number 66179 in Jamaica.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 11780.15 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 14th day of October, 2015, by Hewlett-Packard Development Company, L.P., of 11445 Compaq Center Drive West, Houston, Texas 77070, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):26.4.2

in respect of International Class 42 for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and Internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; Rental of computer software, hardware and peripherals; leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; monitoring of computer systems by remote access; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; database development services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT reporting and forecasting, IT infrastructure fault and performance monitoring and computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage,

processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed on the 14th day of April, 2015 under number 86/597,155 in U.S.A.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12211.15 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 14th day of October, 2015, by Hewlett-Packard Enterprise Development Company, LP, of 11445 Compaq Center Drive West, Houston, Texas 77070, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):26.4.2;29.1.3

in the color Pantone 339C in respect of:

- (a) International Class 38 for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the internet; voice over internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; providing unified communications services;
- (b) International Class 41 for providing educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology;
- (c) International Class 42 for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and Internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating

systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; Rental of computer software, hardware and peripherals; leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; monitoring of computer systems by remote access; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; database development services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT reporting and forecasting, IT infrastructure fault and performance monitoring and computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed on the 14th day of April, 2015 under number 86/597,155 in U.S.A.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12214.15 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 16th day of December, 2015, by Aisin Seiki Kabushiki Kaisha (also trading as Aisin Seiki Co., Ltd.), of 2-1 Asahi-machi, Kariya-shi, Aichi-ken, Japan, through it agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.3.1,23

in respect of:

- (a) International Class 9 for mechanical and electronic measuring machines for identifying and analyzing structural damage to vehicles; technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; electronic locks; electronic control devices for automobiles; computer programs [downloadable software]; computer programs, recorded; computers; tablet computers; computer peripheral devices; integrated circuits; navigation apparatus for automobiles [on-board computers]; automatic control and remote monitoring apparatus for gas engine heat pumps; automatic switching apparatus [for telecommunication]; change-over switches [for telecommunication apparatus]; electric capacitors for telecommunication apparatus; electric resistors for telecommunication apparatus; electrical transformers [for telecommunication apparatus]; electronic testing equipment, namely, telecommunication line integrity testing apparatus; fuses [for telecommunication apparatus]; indicator lights [for telecommunication apparatus]; microphones [for telecommunication apparatus]; pickups [for telecommunication apparatus]; solar cells; solar panels for the production of electricity; solar batteries; fuel cells; fuel-cell power generation devices; automotive batteries and battery chargers; apparatus and instruments for conveying, distributing, transforming, storing, regulating and controlling electric current; batteries, electric; electric cells; distribution consoles [electricity]; rotary converters; fire alarms; gas alarms; anti-theft warning apparatus; electronic publications, downloadable;
- (b) International Class 10 for medical beds; bathing apparatus for nursing care [for medical use]; medical apparatus; ear plugs for sleeping; ear plugs for protection against noise; urinals [vessels]; plug-in bedpan for invalids; pacifier clips; triangular bandages; supportive bandages; surgical catgut; feeding cups [for medical purposes]; dropping pipettes [for medical purposes]; feeding bottle teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; finger guards [for medical purposes]; electric massage apparatus for household use; aesthetic massage apparatus for industrial use; ear picks; air mattresses, for medical purposes;
- (c) International Class 11 for bath fittings; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seating for use with Japanese style toilet bowls; air-conditioning apparatus by gas engine heat pumps for industrial purposes; heat pumps; air conditioning apparatus and fittings thereof [for industrial purposes]; space heating and cooling apparatus and fittings thereof [for industrial purposes]; air-conditioning apparatus by gas engine heat pumps for household purposes; fans [air-conditioning]; electric radiant heaters [for household purposes]; air conditioning apparatus and fittings thereof [for household purposes]; household electrothermic appliances, namely, coffee roasters, coffee percolators, coffee machines, toasters, cookers, food steamers and stoves; feed water heaters with cogeneration functions [for non-electric prime movers and engines]; hot water storage type hot water supplying apparatus using heat from gas engines [for industrial purposes]; gas water heaters for industrial use; gas engine heat pumps and their parts; boilers, not for parts for non-electric prime movers, and not for engines; hot water storage type hot water supplying apparatus using heat from gas engines [for household purposes]; gas water heaters for household purposes; hot-air space heating apparatus [for household purposes]; stoves for household purposes [non-electric]; toilet bowls and seats sold as a unit; prefabricated bathrooms sold as a unit; portable toilets;
- (d) International Class 12 for prime mover trucks [vehicles]; vehicles for the physically handicapped and those of reduced mobility; automobiles; parts and fittings for automobiles, namely, automobile bodies, tipping apparatus, structural parts for trucks and wagons, tailboard lifts [parts of land vehicles], automobile chassis, automobile tires [tyres], shock absorbers for automobiles, bumpers for automobiles, air bags [safety devices for automobiles, hood for automobiles, windscreen wipers, vehicle seats, seat covers for vehicles, safety belts for vehicle seats, doors for vehicles, mudguards, steering wheels for vehicles, brakes for vehicles, brake pads for automobiles, brake discs for vehicles; two-wheeled motor vehicles, bicycles and their parts and fittings; self-

propelled electric vehicles; electrically operated personal mobility type scooters and automobiles; electric vehicles; wheelchairs for nursing care; electric wheelchairs; wheelchairs and their parts and fittings; rickshaws; sleighs and sleds [vehicles]; hand trucks; carts; bicycle trailers [riyakah]; axles for vehicles; couplings for land vehicles; gearing for land vehicles; clutches for land vehicles; anti-theft alarms for vehicles; anti-theft devices for automobiles; AC motors or DC motors for land vehicles [not including "their parts"]; adhesives rubber patches for repairing tubes or tires; baby carriages [prams];

- (e) International Class 16 for printed matter; stationery; post cards; office requisites, except furniture; sewing patterns, knitting patterns for knitting; embroidery design patterns; tailors' chalk; photographs; photograph stands; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper.

The applicant claims that it has a bona fide intention to use the mark.

Priority claim is on the basis of an application filed on the 17th day of June, 2015 under number 2015-057454 in Japan.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12369.15 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 13th day of May, 2016, by Embotelladora La Cascada S.A., of 27 Calle Oriente, Número 229, San Salvador, República de El Salvador, C.A., through it agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

HI-ENERGY

in respect of International Class 32 for non-alcoholic beverages, namely, carbonated beverages, non-alcoholic non-carbonated flavoured beverages, concentrates for making carbonated water, concentrates for making non-carbonated soft drinks.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12780.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 10th day of June, 2016, by Bandalux Industrial, S.A., of Avda. Sant Julia, 235, 08403 Granollers, Barcelona, Spain, through it agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.4.1,12

in respect of International Class 24 for curtains, namely, curtains made of textile fabrics, curtains made of plastic fabrics; textile materials for use in the manufacture of blinds; mosquito nets; fabrics for textile use; textile substitute materials made from synthetic materials; pleated window curtains

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12845.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 17th day of June, 2016, by Maria Elena Domitila Valenzuela Godoy De Schellenberg, of 20 Calle 24-60 Zona 10, Ofibodegas No. 3 Guatemala, Guatemala, through its Morgan & Morgan Trust Corporation

(Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):29.1.7;26.13.25;27.5.4

in respect of International Class 30 for chocolate and cocoa.

The applicant claims that it intends to use the mark.

The Applicant claims that the word “CUNAKakaw” when translated to the English language is “cocoa cradle”.

Registration of this mark shall give no exclusive right to the use of the work “Kakaw”, separately and apart from the mark as shown.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12878.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 12th day of July, 2016, by Techtronic Power Tools Technology Limited, of Trident Chambers, P.O. Box 146, Road Town, Tortola, British Virgin Islands, through its agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 14th day of November, 2016, by The Procter & Gamble Company, of One Procter & Gamble Plaza, Cincinnati Ohio 45202, United States of America, through its agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):5.3.11,15;29.1.1,4

in the colors dark blue, light blue, white and red in respect of International Class 3 for laundry bleaching preparations; cleaning preparations; polishing preparations; scouring solutions; general purpose abrasive liquids and powders; detergents other than for use in manufacturing operations and for medical purposes.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13205.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 25th day of November, 2016, by Federal Express Corporation, of 3620 Hacks Cross Road, Building B, 3rd Floor, Memphis, Tennessee 38125, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):27.5.3;29.1.12

in the colors purple and orange in respect of International Class 39 for shipping and delivery services, namely, pick-up, transportation, delivery and storage of documents, packages and cargo by land and air.

The applicant claims that it has used the mark since 2000.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13221.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of November, 2016, by Ashton Glenford Mendez, of 48 Sawai Street, Dangriga, Stann Creek, through the Belize Intellectual Property Office, of 1902 Constitution Drive, 3rd Floor, Belmopan City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):5.1.5;26.1.5,20

in respect of International Class 41 for publication of books.

Registration of this mark shall give no exclusive right to the use of the words "Publishing Empire Group", separately and apart from the mark as shown.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13236.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of November, 2016, by Geely Holding Group Co., Ltd., of No. 1760 Jiangling Road, Binjiang District, Hangzhou, Zhejiang, China, through it agent Barrow & Williams LLP, Attorneys-at-Law, of Equity House, No. 84 Albert Street, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

CFE(6):26.4.1,11;26.4.24
in respect of :

- (a) International Class 12 for vehicles for locomotion by land, air, water or rail; electric vehicles; automobiles; automobile chassis; propulsion mechanisms for land vehicles; gear boxes for land vehicles; motorcycles; mobility scooters; tires for vehicle wheels; seat covers for vehicles;
- (b) International Class 37 for machinery installation, maintenance and repair; air conditioning apparatus installation and repair; motor vehicle maintenance and repair; vehicle washing; vehicle service stations [refuelling and maintenance]; vehicle breakdown repair services; varnishing; repair of tires [tyres]; burglar alarm installation and repair.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed on the 11th day of July, 2016 under number 20603955 in China.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13237.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of November, 2016, by Sanliuyidu (China) Co. Ltd., of Wuli Industrial Zone, Jinjiang City, Fujian Province 362200, China, through it agent Barrow & Williams LLP, Attorneys-at-Law, of Equity House, No. 84 Albert Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.11.12,13;27.1.13
in respect of:

- (a) International Class 18 for school bags; handbags; straps for skates; furniture coverings of leather; backpacks; animal skins; umbrellas; canes; harness straps; gut for making sausages; fur-skins; travelling bags; haversacks; trunks [luggage]; leather straps;
- (b) International Class 25 for clothing for gymnastics, trousers, suits; sports jerseys; coats; ready-made clothing; gymnastic shoes, football shoes, slippers, ski boots; hats; hosiery; gloves [clothing]; scarfs; girdles; cyclists' clothing; tee-shirts; sports singlets; bathing suits; layettes [clothing];
- (c) International Class 28 for parlor games; apparatus for games; swimming pools [play articles]; toy scooter; board games; playing balls; body-building apparatus; archery implements; machines for physical exercises; elbow guards [sports articles]; knee guards [sports articles]; in-line roller skates; fishing tackle.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13243.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of November, 2016, by Sanliuyidu (China) Co. Ltd., of Wuli Industrial Zone, Jinjiang City, Fujian Province 362200, China, through its agent Barrow & Williams LLP, Attorneys-at-Law, of Equity House, No. 84 Albert Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.11.12,13;27.1.13

in respect of:

- (a) International Class 18 for school bags; handbags; straps for skates; furniture coverings of leather; backpacks; animal skins; umbrellas; canes; harness straps; gut for making sausages; fur-skins; travelling bags; haversacks; trunks [luggage]; leather straps;
- (b) International Class 25 for clothing for gymnastics, trousers, suits; sports jerseys; coats; ready-made clothing; gymnastic shoes, football shoes, slippers, ski boots; hats; hosiery; gloves [clothing]; scarfs; girdles; cyclists' clothing; tee-shirts; sports singlets; bathing suits; layettes [clothing];

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13244.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(2nd issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of November, 2016, by LOLY IN THE SKY, S.A.P.I DE C.V., of Rio Jordan No. 209, Col. Del Valle, San Pedro Garza Garcia, Nuevo Leon, Mexico, C.P. 66220, through its agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

LOLY IN THE SKY

in respect of International Class 25 for ankle boots; footwear, namely, gym shoes, sneakers, tennis shoes; beach shoes; pyjamas; inner soles; sandals; heels; bath slippers; shoes, namely, running shoes, dress shoes, flat shoes.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 13246.16 should do so in writing addressed to the undersigned not later than the 21st day of April, 2017.

DATED this 24th day of January, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 11th day of June, 2015, by GIP Development, of 25 rue des Scillas, L-2529 Howald, Luxembourg, through its agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

BLAUPUNKT

in respect of:

- (a) International Class 9 for scientific apparatus and instruments, namely, chromatography columns for use in purification in the laboratory and parts and fittings therefor; nautical apparatus and instruments; surveying apparatus and instruments; drying apparatus for photographic prints; glazing apparatus for photographic prints; cinematographic cameras; apparatus for editing

cinematographic film; cinematographic film, exposed; optical apparatus and instruments; weighing apparatus and instruments; measuring apparatus and instruments; signaling buoys; signaling panels, luminous or mechanical; signaling whistle; signals, luminous or mechanical; transmitters of electronic signals; signs, luminous; speed checking apparatus for vehicles; life-saving and teaching apparatus and instruments; anti-interference devices [electricity]; armatures [electricity]; branch boxes [electricity]; cell switches [electricity]; electricity conduits; connectors [electricity]; control panels [electricity]; distribution boards [electricity]; distribution boxes [electricity]; distribution consoles [electricity]; ducts [electricity]; materials for electricity mains, namely, wires, cables; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs, namely, sound recording discs and media recording discs; compact discs [audio-video]; blank recordable DVDs blank CD-ROMs for sound or video recording; blank recordable Blu-ray Discs; Digital Audio Tape recorders and players; Hard Disk Drives (HDD); blank flash memory cards, namely, Memory Stick, multimedia card, Smart Media card, xD Picture Card; USB flash drives; solid-state drive CompactFlash card (CF); Secure Digital (SD) Memory card; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software, recorded; fire extinguishing apparatus; car and marine audio systems; vehicle radios; marine radio communication machines and apparatus; navigational instruments; radios with integrated speakers and integrated navigation systems; radios without integrated speakers and integrated navigation systems; amplifiers; audio speakers for vehicles and marine; digital video recorders; hands free kits for phones; electronic video surveillance products, namely, electronic components of security systems; automatic indicators of low pressure in vehicle tires;

- (b) International Class 12 for vehicles, namely, passenger automobile, sport utility vehicles, vans, picks-up trucks, trailers, tractor, trucks, racing motor cars and structural parts and fittings for all the aforesaid goods; motors for land vehicles; motorcycles and vehicles for locomotion by land, air or water; automobile windshield sunshades; sun shields and visors for motor cars; curtain sheets adapted for motor land vehicles; sun-blinds adapted for automobiles; anti-glare sunstrips for vehicles;
- (c) International Class 17 for synthetic rubber; gutta-percha; gum, raw or partly processed; asbestos; mica, raw or partly processed; plastics in extruded form for use in further manufacturing; packing [cushioning, stuffing] materials of rubber or plastics; fire stopping and insulating materials; flexible tubes, not of metal; tinted plastic film for use on windows; laminated plastic films for use on windows; anti-dazzle films for windows [tinted films].

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 11888.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 5th day of August, 2015, by Hewlett-Packard Development Company, L.P., of 11445 Compaq Center Drive West, Houston, Texas 77070, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

HEWLETT PACKARD

in respect of:

- (a) International Class 38 for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; providing unified communication services;
- (b) International Class 41 for providing educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology;
- (c) International Class 42 for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and

electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; rental of computer software, hardware and peripherals; leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; monitoring of computer systems by remote access; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; database development services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT reporting and forecasting, IT infrastructure fault and performance monitoring and Computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12036.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 14th day of October, 2015, by Hewlett Packard Development Company, L.P., of 11445 Compaq Center Drive West, Houston, Texas 77070, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

CFE(6):26.4.2

in respect of:

- (a) International Class 9 for computer software [recorded]; computer programs [downloadable software]; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking hardware and computer communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters, namely circuit boards; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems comprising data processing apparatus, data storage modules, computer networking modules, power modules and internal computer cooling modules; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits; computer operating systems; computer software [recorded] namely, firmware for operating computer hardware and peripherals; computer software [recorded] for use with computer servers, computer networks, computer storage devices, computer device virtualization and for cloud computing; database, data center and data warehouse software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; computer software [recorded] for IT service desk and help desk applications; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; Computer software, recorded, for information and knowledge management; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software, recorded, for business and big data analytics; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; computer software, recorded, for business process insight and project management and e-commerce: customer relationship management (CRM) software; enterprise resource and risk management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; computer software, recorded, for, application testing and delivery; and for application and device lifecycle management; Computer software, recorded, namely, software-defined infrastructure (SDS) software; computer software, recorded, that provides web-based access to applications and services through a web operating system or portal interface; computer software, recorded, to automate and manage utility industry services, operations and billing; computer software, recorded, for managing software licenses;

- (b) International Class 35 for advertising; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information regarding products and services via communication networks for marketing and providing information to assist in performing electronic business transactions via communications networks; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; business process management and consulting; Business consultancy in the field of application delivery management; Business marketing optimization consultancy;
- (c) International Class 36 for purchase financing and lease financing services; administration of employee benefit plans concerning insurance and finance; administration of employee welfare benefit plans concerning insurance and finance; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management;
- (d) International Class 37 for installation, maintenance and repair of computers and computer networking and computer telecommunications hardware;
- (e) International Class 38 for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed on the 14th day of April, 2015 under number 86/597,155 in U.S.A.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12212.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

in respect of:

- (a) International Class 9 for computer software [recorded]; computer programs [downloadable software]; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking hardware and computer communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk

drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters, namely circuit boards; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems comprising data processing apparatus, data storage modules, computer networking modules, power modules and internal computer cooling modules; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits; computer operating systems; computer software [recorded] namely, firmware for operating computer hardware and peripherals; computer software [recorded] for use with computer servers, computer networks, computer storage devices, computer device virtualization and for cloud computing: database, data center and data warehouse software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; computer software [recorded] for IT service desk and help desk applications; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; Computer software, recorded, for information and knowledge management; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software, recorded, for business and big data analytics; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; computer software, recorded, for business process insight and project management and e-commerce: customer relationship management (CRM) software; enterprise resource and risk management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; computer software, recorded, for, application testing and delivery; and for application and device lifecycle management; Computer software, recorded, namely, software-defined infrastructure (SDS) software; computer software, recorded, that provides web-based access to applications and services through a web operating system or portal interface; computer software, recorded, to automate and manage utility industry services, operations and billing; computer software, recorded, for managing software licenses;

- (b) International Class 16 for printed matter; printed instructional, educational, and teaching materials in the field of computer software and hardware, information technology and technological developments; printed matter in the field of computers and information technology; printed brochures about technological developments; printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals;
- (c) International Class 35 for advertising; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information regarding products and services via communication networks for marketing and providing information to assist in performing electronic business transactions via communications networks; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; business process management and consulting; business consultancy in the field of application delivery management; business marketing optimization consultancy;

- (d) International Class 36 for purchase financing and lease financing services; administration of employee benefit plans concerning insurance and finance; administration of employee welfare benefit plans concerning insurance and finance; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management;
- (e) International Class 37 for installation, maintenance and repair of computers and computer networking and computer telecommunications hardware.

The applicant claims that it intends to use the mark.

Registration of this mark shall give no exclusive right to the use of the word "ENTERPRISE", separately and apart from the mark as shown.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12317.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 30th day of November, 2015, by HP Hewlett Packard Group LLC, of 11445 Compaq Center Drive West, Houston, Texas 77070, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):26.4.2

in respect of:

- (a) International Class 38 for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; providing unified communication services;
- (b) International Class 41 for providing educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology;
- (c) International Class 42 for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and Internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; Consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating

systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; rental of computer software, hardware and peripherals leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; Cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; providing temporary use of non-downloadable software for virtualizing and managing computers, computer hardware and software, servers and computer networks; providing temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and Computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application

development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

The applicant claims that it intends to use the mark.

Registration of this mark shall give no exclusive right to the use of the word "ENTERPRISE", separately and apart from the mark as shown.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12318.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 4th day of December, 2015, by Continental Reifen Deutschland GmbH, of Vahrenwalder Str. 9, 30165 Hannover, Germany, through its agent Balderamos Arthurs LLP, Attorneys-at-Law, of 3750 University Boulevard, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

CONTI

in respect of:

- (a) International Class 7 for machines used in metal, timber, rubber and plastics processing; machines for the manufacture, repair and disassembly of land and sea vehicles; electromechanical machines for chemical industry; agricultural implements other than hand-operated; agricultural machines; extractors for mines; machines for the textile industry; food preparation machines, electromechanical; packaging machines; electrical apparatus for sealing plastics [packaging]; machine tools; printing machines; boxes for matrices [printing]; inking apparatus for printing machines; matrices for use in printing; paper feeders [printing]; printing rollers for machines; printing presses; printing machines for use on sheet metal; printing cylinders; rotary printing presses; tympan [parts of printing presses]; type-setting machines [printing]; printing plates; machines used in the manufacture of printing plates; printing plates [not light-sensitive]; molds [parts of machines]; lithographic printing plates for printing machines; motors and engines (except for land vehicles); anti-pollution devices for motors and engines; belts for motors and engines; connecting rods for machines, motors and engines; control mechanisms for machines, engines or motors; control cables for machines, engines or motors; pneumatic controls for machines, motors and engines; hydraulic controls for machines, motors and engines; cylinders for motors and engines; driving motors other than for land vehicles; hydraulic engines and motors; exhausts for motors and engines; fan belts for motors and engines; fans for motors and engines; fuel economisers for motors and engines; motors, electric, other than for land vehicles; engines, other than for land vehicles; motors for boats; mufflers for motors and engines; pumps [parts of machines, engines or motors]; radiators [cooling] for motors and engines; starters for motors and engines; taps [parts of machines, engines or motors]; electric starters for motors and engines; motor driven electric generators; cylinder heads for engines; cylinder for machines; pistons for cylinders; rolling mill cylinders; pumps [machines]; speed governors for machines, engines and motors; compressed air engines; compressed air pumps; compressed air guns for the extrusion of mastics; air condensers; exhaust manifold for engines; blowing machines for the compression, exhaustion and transport of gases; injectors for engines; self-regulating fuel pumps; spark plugs for internal combustion engines; glow plugs for diesel engines; ignition magnetos; igniting devices for internal combustion engines; air filters for engines; catalytic converters; superchargers; turbocompressors; reeling apparatus, mechanical; coupling other than for land vehicles; shaft couplings [machines]; clutches other than for land vehicles; belt conveyors; belts for machines; dynamo belts; lift belts; springs [parts of machines]; shock absorber plungers [parts of machines]; clack valves [parts of machines]; pressure valves [parts of machines]; valves [parts of machines]; (compressed air) spray guns for water, oil, gas, paint and other gaseous or liquid substances; spraying machines; spray guns for paint; jacks [machines]; pneumatic jacks; rack and pinion jacks; lawnmower [machines]; vending machines; door openers, electric; door closers, electric ;
- (b) International Class 9 for scientific, nautical, surveying, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; electric apparatus for commutation; electro-dynamic apparatus for remote control of signals; monitoring apparatus, electric; naval signaling apparatus; regulating apparatus, electric; measuring devices and instruments; electric control and regulating systems including their processors and sensors for the steering and controlling of vehicles, for improved driving safety, driving stability, and cushioning and noise comfort; electric control and regulating systems including their processors and sensors for regulation and control of brakes, accelerator pedals, transmissions, chassis and suspensions and emissions; voltage regulators for vehicles; simulators for the steering and control of vehicles; steering apparatus, automatic, for vehicles; ammeters, voltmeters, ohmmeters, manometers, tachometers; water level indicators, scales; thermometers, not for medical purposes; compasses [measuring instruments]; directional compasses; acidimeters for batteries; thermostats; speed indicators; speed checking apparatus for vehicles; couplers [data processing equipment]; readers [data processing equipment]; scanners [data processing equipment]; distance measuring apparatus; gasometers [measuring instruments]; petrol gauges; pressure measuring apparatus; air analysis apparatus; respirators for filtering air; temperature

indicators labels, not for medical purposes; temperature indicators; wind socks for indicating wind direction; water level indicators; rods for water diviners; particle accelerators; vehicle breakdown warning signals; distance warning and controlling devices and display instruments; radar devices; reversing monitoring equipment; automatic parking assist systems; optical, acoustic and haptic drowsiness and speed warning devices and display instruments; tire pressure gauge; consumption measurement device; testing apparatus not for medical purposes; material testing instruments and machines; time recording unit; accident data recorder; apparatus and instruments for conducting, switching, regulating and monitoring electricity; anti-interference devices [electricity]; armatures [electricity]; reducers [electricity]; connectors [electricity]; control panels [electricity]; distribution consoles [electricity]; distribution boards [electricity]; ducts [electricity]; electricity conduits; inductors [electricity]; inverters [electricity]; limiters [electricity]; switchboxes [electricity]; terminals [electricity]; transformers [electricity]; wire connectors [electricity]; electrical fuses, electrical relays, transponders; detectors; switches, electric; pressure indicators; pressure indicator plugs for valves; level controlling valves in tanks; brake fluid tester; diagnostic apparatus [not for medical purposes]; monitoring and diagnostic systems for vehicle engines and drive systems; solenoid valves [electromagnetic switches]; lasers, not for medical purposes; electric batteries and their components, rechargeable batteries and their components, solar batteries; fuel cells and their components, chargers for electric batteries; sound alarms; alarm bells, electric; fire alarms; whistle alarms; burglar alarms, burglary detection equipment; locks, electric; electronic immobilizers for motor vehicles; remote operation systems for central locking systems; navigation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; Global Positioning System (GPS) devices; electric/electronic controllers and drives for convertible soft tops, sliding roofs and sun protection devices; data processing devices, fax machines, calculators; electronic agendas; monitors [computer programs]; monitors [computer hardware]; mouse [computer peripheral]; computer peripheral devices; printers for use with computers; computer keyboards; computer hardware; computers; disk drives for computers; computer programs [downloadable software]; computer operating programs, recorded; computer programs, recorded; computer game software; computer software, recorded; computer software applications, downloadable; time clocks [time recording devices]; time recording apparatus; electronic notice boards; video screens; fluorescent screens; projection screens; radiology screens for industrial purposes; screens for photoengraving; screens [photography]; touch screens; sound transmitting apparatus; sound reproduction apparatus; transmitters [telecommunication]; transmitters of electronic signals; transmitting sets [telecommunication]; antennas, radios, televisions, telephones, video telephones; hands-free equipment for telephones; rescue equipment, namely life rafts, rescue ladders, rescue nets, rescue tarpaulins, life belts, life buoys, life jackets, fire extinguishing equipment; contact lenses, spectacles cases, binoculars, sunglasses; 3D spectacles; spectacle frames; spectacle lenses; spectacle [optics]; magnifying glasses [optics]; film cameras, electronic pocket translators; projection apparatus; cameras [photography]; photocopiers [photographic, electrostatic, thermic] cinematographic film, exposed; films, exposed; magnetic data media; optical discs; optical data media; optical character readers; optical condensers; light conducting filaments [optical fibers]; optical glass; optical apparatus and instruments; optical goods; optical lenses; optical lamps; recording disks, cards with integrated circuits (smart cards), mechanisms for coin-operated apparatus namely automatic cash dispensers; encoded magnetic cards; cash registers, calculating machines; photovoltaic cells; monitoring apparatus, electric;

- (c) **International Class 12** for vehicles for locomotion by land, air, water or rail; air pumps [vehicle accessories]; anti-theft devices for vehicles; anti-theft alarms for vehicles; axles for vehicles; balance weights for vehicle wheels; bodies for vehicles; brake linings for vehicles; brake shoes for vehicles; brake segments for vehicles; brake discs for vehicles; brakes for vehicles; caps for vehicle petrol [gas] tanks; hydraulic circuits for vehicles; clutches for land vehicles; connecting rods for land vehicles, other than parts of motors and engines; couplings for land vehicles; covers for vehicle steering wheels; turn signals for vehicles; doors for vehicles; driving motors for land vehicles; driving chains for land vehicles; engine mounts for land vehicles; gear boxes for land vehicles; gearing for land vehicles; horns for vehicles; motors, electric, for land vehicles; non-skid devices for vehicle tires; propulsion mechanisms for land vehicles; reduction gears for land vehicles; reversing alarms for vehicles; vehicle wheel rims; safety belts for vehicle seats; safety seats for children, for vehicles; shock absorbing springs for vehicles; steering wheels for vehicles; suspension shock absorbers for vehicles; tailboard lifts [parts of land vehicles]; tyres, solid, for vehicle wheels; torque converters for land vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; transmissions, for land vehicles; treads for vehicles [roller belts]; turbines for land vehicles; undercarriages for vehicles; engines for land vehicles; parts and accessories for vehicles, namely, combination display instruments, land vehicle cockpits, instrument panels, center consoles; treads for the retreading of tires, hub caps; automobile tires; bicycle tires; casings for pneumatic tires; flanges for railway wheel tires; spare tire covers; spikes for tires; tubeless tires for bicycles, cycles; inner tubes for pneumatic tires; valves for vehicle tires; inner tubes for bicycles, cycles; bands for wheel hubs; hubs for vehicle wheels; rims for wheels of bicycles, cycles; spoke clips for wheels; vehicle wheels; vehicle wheel spokes; wheels for bicycles, cycles; adhesive rubber patches for repairing inner tubes; repair outfits for inner tubes; valves for vehicle tires; vehicle chassis; electronic, hydraulic, electromechanical, electrohydraulic and mechanical brakes for vehicles; brake pads for automobiles; brakes for bicycles; regulated and unregulated electromechanical and electrohydraulic steering systems and their components; electrical, electronic and mechanical actuators, drive shafts and electric motors for land vehicles; air bags [safety devices for automobiles]; shaft couplings and transmission mechanism and shift clutches for land vehicles; suspension springs for vehicles; vibration dampers and torsional vibration dampers (except as components of land vehicle engines) for vehicles; vehicle seats; head-rests for vehicle seats; seat covers for vehicles; hydromounts as vehicle components as far as included in this class; axles and axle modules; interior upholstery for vehicles; motor vehicle seats; cigarette lighters for automobiles; headlight wipers; windshield wipers; electric/electronic controllers and drives for convertible soft tops, sliding roofs and sun protection devices; rubber or plastic concertina walls for trains and articulated buses; fuel lines for vehicles; fuel tank systems for motor vehicles;

- (d) International Class 17 for asbestos; clack valves of rubber; cords of rubber; latex [rubber]; liquid rubber; packing [cushioning, stuffing] materials of rubber or plastics; padding materials of rubber or plastics; rings of rubber; rubber seals for jars; rubber, raw or semi-worked; rubber stoppers; rubber sleeves for protecting parts of machines; rubber material for recapping tires; rubber solutions; shock-absorbing buffers of rubber; synthetic rubber; threads of rubber, not for use in textiles; valves of india-rubber or vulcanized fiber; gutta-percha; gum, raw or semi-worked; mica, raw or partly processed; plastic substances, semi-processed; filtering materials [semi-processed foams or films of plastic]; plastic film other than for wrapping; plastic sheeting for agricultural purposes; threads of plastic soldering; insulating materials; seals, sealant compounds for joints; waterproof packings; flexible pipes (not made from metal); flexible tubes, not of metal, canvas hose pipes; compressed air pipe fittings, not of metal; junctions, not of metal, for pipes; pipe muffs, not of metal; reinforcing materials, not of metal, for pipes; insulators for cables; line seals; natural rubber (liquid); threads of plastic materials, not for textile use; plastic fibers, not for textile use; insulating materials; insulating felt; insulating gloves; insulating paper; insulating fabrics; substances for insulating buildings against moisture; insulating paints; insulating tape and band; insulating plaster; insulating refractory materials; foil of regenerated cellulose, other than for wrapping; viscose sheets, other than for wrapping; rubber solution;
- (e) International Class 37 for pipeline construction and maintenance; underwater construction; building insulating; air conditioning apparatus installation and repair; burglar alarm installation and repair; electric appliance installation and repair; installation, maintenance and repair of computer hardware; vehicle lubrication [greasing]; vehicle wash; vehicle polishing; vehicle service stations [refuelling and maintenance]; vehicle maintenance; vehicle cleaning; vehicle battery charging; tire balancing; vulcanization of tires [repair]; repair of vehicles as part of breakdown assistance; retreading of tires; maintenance, assembly, repair of evaluation instruments for diagram plates, tachographs, accident data recorder, electronic vehicle logs, test and diagnostic apparatus and instruments; machinery installation, maintenance and repair; rebuilding machines that have been worn or partially destroyed; installation, maintenance and repair of computer hardware for data processing systems.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12337.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 22nd day of December, 2015, by Turner Network Television, Inc., of 1050 Techwood Drive, NW, Atlanta, Georgia 30318, U.S.A., through its agent Morgan & Morgan Trust Corporation (Belize) Limited, of Withfield Tower, Third Floor, 4792 Coney Drive, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

CFE(6):26.1.1,18

in respect of:

- (a) International Class 38 for television and video broadcasting and transmission services via telephone wire, television cable, satellite transmission, radio, the internet, wireless networks and other electronic communication networks; streaming of video and audio content via the internet, wireless networks and other electronic communication networks; providing access to video and audio content via video-on-demand transmission services; providing online forums;
- (b) International Class 41 for entertainment services, namely, providing entertainment programs and content via television, satellite transmission, the internet, wireless networks and other electronic communication networks; providing a website featuring audio providing on-line electronic publications not downloadable online publications; visual content and entertainment information; providing on-line videos, not downloadable; presenting live entertainment performances; film production other than advertising films, television show production; production of digital entertainment, namely movies, music, videos, sports broadcasts, news, history, science, politics, comedy, children's entertainment via electronic communication networks.

The applicant claims that it intends to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12389.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 21st day of December, 2015, by Philip Morris Brands Sàrl, of Quai Jeanrenaud 3, 2000 Neuchâtel, Switzerland, through its agent Dujon & Dujon, Attorneys-at-Law, of 24 Tangerine Street, Belmopan City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

CFE(6):25.1.15,19;26.4.11;29.1.1

in the colors red, white and black in respect of:

- (a) International Class 34 for tobacco, raw or manufactured; tobacco products, namely, cigars, cigarettes, cigarillos, tobacco for roll your own cigarettes, pipe tobacco, chewing tobacco, snuff tobacco, kretek; snus; tobacco substitutes, not for medical purposes; electronic cigarettes; smokers' articles, namely, cigarette paper, cigarette tubes, cigarette filters, tobacco tins, cigarette cases, ashtrays, pipes, pocket apparatus for rolling cigarettes, lighters, matches;
- (b) International Class 41 for providing entertainment services; arranging events for cultural and entertainment purposes, namely, live music events, night clubs, discotheques, sports events, movies, art, live performances.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed on the 29th day of October, 2015 under number 302015107381.8 in Germany.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12400.15 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 17th day of June, 2016, by SDMO INDUSTRIES, of 12B rue de la Villeneuve, 29200 Brest, France, through it agent Arguelles & Company, Attorneys-at-Law, of Suite 401, The Matalon, Coney Drive, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.1.4,12

in respect of International Class 7 for current generators; electric generators; generators of electricity; machine tools; motors, and engines, except for land vehicles; non-electrical couplings and transmission components for machines, except for land vehicles; compressed air engines; electric motors, other than for land vehicles; internal combustion engines for power generation, other than for land vehicles; cylinder heads for engines; cylinders for motors and engines; injectors for engines; pistons for engines; igniting devices for internal combustion engines; speed governors for engines and motors; transmission chains other than for land vehicles; fuel economizers for motors and engines; carburetters; carburetter feeders; crankcases for machines, motors and engines; driving chains other than for land vehicles; pumps for heating installations; fuel conversion apparatus for internal combustion engines; control mechanisms for machines, motors and engines, namely, cables and hydraulic and pneumatic controls; welding machines; electrical welding machines, namely, autogenous welding machines; compressors [machines] namely, compressors for refrigerators; dynamos; energy converters, namely, devices to convert wind energy into electricity; agricultural implements, other than hand-operated; water pumps for use in motors and engines; water separators [parts of machines]; de-aerators for feedwater; water heaters [machine parts]; feedwater regulators [parts of machines]; pressure regulators [parts of machines]; filtering machines; filters [as parts of machines, motors or engines]; cartridges for filtering machines; belts, namely, dynamo belts, belts for machines; fan belts for motors and engines; belts for motors and engines; electric welding apparatus; electrodes for welding machines; electric soldering irons; electric soldering apparatus; electric arc cutting apparatus; electric arc welding apparatus; fuel dispensing pumps for service stations.

The applicant claims that it has a bona fide intention to use the mark.

Priority claim is on the basis of an application filed on the 18th day of December, 2015 under number 15/4235150 in France.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12881.16 should do so in writing addressed to the undersigned not later than the 5th day of May, 2017.

DATED this 6th day of February, 2017.

(1st issue)

WHEREAS, the Registrar is in receipt of an application filed on the 23rd day of September, 2016, by Maya Mountain Cacao, Ltd., of Cor. Jose Maria Nunez and Prince Streets, Punta Gorda Town, Toledo District, Belize, Central America, through its agent Dujon & Dujon, Attorneys-at-Law, of 24 Tangerine Street, Belmopan City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.11.12;29.1.3
in respect of International Class 30 for cocoa.

DATED this 10th day of February, 2017.

NOTICE OF OPPOSITION

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by Jaguar Land Rover Limited, (The Opponent), of Abbey Road, Whitley, Coventry CV3 4LF, United Kingdom, against trademark Application No. 13042.16, filed on the 1st day of September, 2016, by Caribbean Licensing Corp. (The Applicant), of Worthing Christ Church, Barbados, for the registration of the following trademark, as proprietor thereof:

landranger

the Opponent opposes the above trademark application on the following grounds:

1. opposition, founded by Section 16 of the Trade Marks Act of Belize Chapter 257, RE 2000, (the Act), is based on *inter alia* the fact that the Opponent's well known mark qualifies for protection under the Paris Convention for the protection of Industrial Property, in particular but not limited to Articles 6*bis* thereof, which is given full effect the Act;
2. the Opponent, is also the registered owner of the mark, LAND ROVER, which is registered as Registration No. 577 for Class 12. The Opponent's mark is known for 4x4 vehicles as well as bicycles as per <http://www.2x2worldwide.com/LANDROVER/EXP-Sport.html>. As such, Opponent asserts that its mark and namesake constitutes an "earlier mark" as per Section 38(1)(a) & (b) of the Act which defines "Earlier Mark" and therefore attracts any and all protection afforded by Section 37 of the Act, particularly, 37(2)(b) by virtue that the Applicant's mark, LAND RANGER, is similar to the earlier mark, LAND ROVER, and is to be registered for good similar to those for which the earlier mark is protected (i.e. the same class with all goods therein being naturally similar). This limb applies as far as Class 12 of the Applicant's application is concerned;
3. a second and independent ground for refusal of registration under Section 37 is 37(3) contemplating an earlier mark that is similar to the Applicant's application and to be registered for "...goods and services which are not similar to those for which the earlier mark is protected" and for which use of the later mark would be detrimental to the distinctive character or reputation of the Opponent's mark. This limb applies as far as Class 28 of the Applicant's application is concerned;
4. the use of the mark contained in the Applicant's said Application No. 13042.16, if registered, would cause a likelihood of confusion on the part of the public, which includes the likelihood of association with the Opponent's mark;
5. the Opponent respectfully requests that the subject application for the Applicant's mark be refused for registration on the above absolute ground, the above relative grounds, and the well-known mark ground. The Opponent reserves the right to adduce further grounds in support of its Opposition at a later date and to supply the appropriate Affidavit in support of the claims made herein, and to provide further details of registrations and prior use in other jurisdictions.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 6th day of February, 2017.

NOTICE OF ANSWER TO OPPOSITION

TAKE NOTICE that the Registrar is in receipt of an answer, filed on the 31st day of January, 2017, by Icon Signs Ltd. (The Applicant), of No. 2118 Guava Street, Belama Phase 1, Belize City, Belize, to the Opposition by Icon Displays Ltd., filed on the 6th day of January, 2017, against trade mark application No. 13016.16, filed on the 25th day of August, 2016, by Icon Signs Ltd, for the registration of the following trade mark, as proprietors thereof:

ICON

The Applicant hereby gives notice that the following are the grounds on which it relies as supporting the above trade mark:-

our client's mark "ICON" has satisfied the three main conditions as provided under the Trade Mark Act of Belize and as such they are entitled to the registration of their trademark;

in light of the specific grounds of opposition we say that we **do not admit to the following allegations in the Notice of Opposition;**

according to the said notice of opposition, it appears that Icon Displays Ltd is opposing the trademark application based on the following grounds:

1. the trademark is confusingly similar to the trademark Icon Displays and is in respect to the same exact business;
2. the Opponent has paid Belize City Trade License under the name Icon Displays since 2010;
3. that the Trademark ICON is similar to the Opponent's Mark;
4. the limited company Icon Displays Ltd. has been duly incorporated in Belize.

As a result of the notice of opposition, our office conducted a trademark search in Belize on the Mark "Icon Displays" in order to respond to points 1 and 3 which were raised by the opponent. A copy of the Trademark Status Seal Report is attached hereto and marked "TMI".

It is vividly clear from the report that the opponent has lied to the Belize Intellectual Property Office since it does not have a registered trademark in the Country of Belize. In light of the above points 1 and 3 are not valid and cannot be raised.

Therefore, we will now consider the remaining two points (2 & 4) below:

It is the applicant's position that the mere payment of trade license fee in a country does not grant an opponent the right to challenge the registration of a Trademark over another entity with a similar trade license. It is important to note that simply having a trade license is not evidence of use sufficient to attract any relevant good will.

Furthermore in respect to the 4th point, we say that it is simply a bald assertion and is neither here nor there. The mere fact of forming a limited liability company with a particular name does not bestow you a right of a trademark. If it did there would be no need to register a trademark. Nevertheless, the applicant can also say that it too is a limited liability company formed under the laws of Belize with the name Icon Signs Ltd.

DATED this 6th day of February, 2017.
