## HEWLETT PACKARD

in respect of:

- (a) International Class 38 for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; providing unified communication services;
- (b) International Class 41 for providing educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology;

- (c) International Class 42 for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; rental of computer software, hardware and peripherals; leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; monitoring of computer systems by remote access; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; database development services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT reporting and forecasting, IT infrastructure fault and performance monitoring and Computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for

information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses.

The applicant claims that it intends to use the mark.

**ANY** person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 12036.15 should do so in writing addressed to the undersigned not later than the 5<sup>th</sup> day of May, 2017.

## CONTI

in respect of:

- (a) International Class 7 for machines used in metal, timber, rubber and plastics processing; machines for the manufacture, repair and disassembly of land and sea vehicles; electromechanical machines for chemical industry; agricultural implements other than hand-operated; agricultural machines; extractors for mines; machines for the textile industry; food preparation machines,

electromechanical; packaging machines; electrical apparatus for sealing plastics [packaging]; machine tools; printing machines; boxes for matrices [printing]; inking apparatus for printing machines; matrices for use in printing; paper feeders [printing]; printing rollers for machines; printing presses; printing machines for use on sheet metal; printing cylinders; rotary printing presses; tympan [parts of printing presses]; type-setting machines [printing]; printing plates; machines used in the manufacture of printing plates; printing plates [not light-sensitive]; molds [parts of machines]; lithographic printing plates for printing machines; motors and engines (except for land vehicles); anti-pollution devices for motors and engines; belts for motors and engines; connecting rods for machines, motors and engines; control mechanisms for machines, engines or motors; control cables for machines, engines or motors; pneumatic controls for machines, motors and engines; hydraulic controls for machines, motors and engines; cylinders for motors and engines; driving motors other than for land vehicles; hydraulic engines and motors; exhausts for motors and engines; fan belts for motors and engines; fans for motors and engines; fuel economisers for motors and engines; motors, electric, other than for land vehicles; engines, other than for land vehicles; motors for boats; mufflers for motors and engines; pumps [parts of machines, engines or motors]; radiators [cooling] for motors and engines; starters for motors and engines; taps [parts of machines, engines or motors]; electric starters for motors and engines; motor driven electric generators; cylinder heads for engines; cylinder for machines; pistons for cylinders; rolling mill cylinders; pumps [machines]; speed governors for machines, engines and motors; compressed air engines; compressed air pumps; compressed air guns for the extrusion of mastics; air condensers; exhaust manifold for engines; blowing machines for the compression, exhaustion and transport of gases; injectors for engines; self-regulating fuel pumps; spark plugs for internal combustion engines; glow plugs for diesel engines; ignition magnetos; igniting devices for internal combustion engines; air filters for engines; catalytic converters; superchargers; turbocompressors; reeling apparatus, mechanical; coupling other than for land vehicles; shaft couplings [machines]; clutches other than for land vehicles; belt conveyors; belts for machines; dynamo belts; lift belts; springs [parts of machines]; shock absorber plungers [parts of machines]; clack valves [parts of machines]; pressure valves [parts of machines]; valves [parts of machines]; (compressed air) spray guns for water, oil, gas, paint and other gaseous or liquid substances; spraying machines; spray guns for paint; jacks [machines]; pneumatic jacks; rack and pinion jacks; lawnmower [machines]; vending machines; door openers, electric; door closers, electric ;

- (b) International Class 9 for scientific, nautical, surveying, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; electric apparatus for commutation; electro-dynamic apparatus for remote control of signals; monitoring apparatus, electric; naval signaling apparatus; regulating apparatus, electric; measuring devices and instruments; electric control and regulating systems including their processors and sensors for the steering and controlling of vehicles, for improved driving safety, driving stability, and cushioning and noise comfort; electric control and regulating systems including their processors and sensors for regulation and control of brakes, accelerator pedals, transmissions, chassis and suspensions and emissions; voltage regulators for vehicles; simulators for the steering and control of vehicles; steering apparatus, automatic, for vehicles; ammeters, voltmeters, ohmmeters, manometers, tachometers; water level indicators, scales; thermometers, not for medical purposes; compasses [measuring instruments]; directional compasses; acidimeters for batteries; thermostats; speed indicators; speed checking apparatus for vehicles; couplers [data processing equipment]; readers [data processing equipment]; scanners [data processing equipment]; distance measuring apparatus; gasometers [measuring instruments]; petrol gauges; pressure measuring apparatus; air analysis apparatus; respirators for filtering air; temperature indicators labels, not for medical purposes; temperature indicators; wind socks for indicating wind direction; water level indicators; rods for water diviners; particle accelerators; vehicle breakdown warning signals; distance warning and controlling devices and display instruments; radar devices; reversing monitoring equipment; automatic parking assist systems; optical, acoustic and haptic drowsiness and speed warning devices and display instruments; tire pressure gauge; consumption measurement device; testing apparatus not for medical purposes; material testing instruments and machines; time recording unit; accident data recorder; apparatus and instruments for conducting, switching, regulating and monitoring electricity; anti-interference devices [electricity]; armatures [electricity]; reducers [electricity]; connectors [electricity]; control panels [electricity]; distribution consoles [electricity]; distribution boards [electricity]; ducts [electricity]; electricity conduits; inductors [electricity]; inverters [electricity]; limiters [electricity]; switchboxes [electricity]; terminals [electricity]; transformers [electricity]; wire connectors [electricity]; electrical fuses, electrical relays, transponders; detectors; switches, electric; pressure indicators; pressure indicator plugs for valves; level controlling valves in tanks; brake fluid tester; diagnostic apparatus [not for medical purposes]; monitoring and diagnostic systems for vehicle engines and drive systems; solenoid valves [electromagnetic switches]; lasers, not for medical purposes; electric batteries and their components, rechargeable batteries and their components, solar batteries; fuel cells and their components, chargers for electric batteries; sound alarms; alarm bells, electric; fire alarms; whistle alarms; burglar alarms, burglary detection equipment; locks, electric; electronic immobilizers for motor vehicles; remote operation systems for central locking systems; navigation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; Global Positioning System (GPS) devices; electric/electronic controllers and drives for convertible soft tops, sliding roofs and sun protection devices; data processing devices, fax machines, calculators; electronic agendas; monitors [computer programs]; monitors [computer hardware]; mouse [computer peripheral]; computer peripheral devices; printers for use with computers; computer keyboards; computer hardware; computers; disk drives for computers; computer programs [downloadable software]; computer operating programs, recorded; computer programs, recorded; computer game software; computer software, recorded; computer software applications, downloadable; time clocks [time recording

devices]; time recording apparatus; electronic notice boards; video screens; fluorescent screens; projection screens; radiology screens for industrial purposes; screens for photoengraving; screens [photography]; touch screens; sound transmitting apparatus; sound reproduction apparatus; transmitters [telecommunication]; transmitters of electronic signals; transmitting sets [telecommunication]; antennas, radios, televisions, telephones, video telephones; hands-free equipment for telephones; rescue equipment, namely life rafts, rescue ladders, rescue nets, rescue tarpaulins, life belts, life buoys, life jackets, fire extinguishing equipment; contact lenses, spectacles cases, binoculars, sunglasses; 3D spectacles; spectacle frames; spectacle lenses; spectacle [optics]; magnifying glasses [optics]; film cameras, electronic pocket translators; projection apparatus; cameras [photography]; photocopiers [photographic, electrostatic, thermic] cinematographic film, exposed; films, exposed; magnetic data media; optical discs; optical data media; optical character readers; optical condensers; light conducting filaments [optical fibers]; optical glass; optical apparatus and instruments; optical goods; optical lenses; optical lamps; recording disks, cards with integrated circuits (smart cards), mechanisms for coin-operated apparatus namely automatic cash dispensers; encoded magnetic cards; cash registers, calculating machines; photovoltaic cells; monitoring apparatus, electric;

- (c) International Class 12 for vehicles for locomotion by land, air, water or rail; air pumps [vehicle accessories]; anti-theft devices for vehicles; anti-theft alarms for vehicles; axles for vehicles; balance weights for vehicle wheels; bodies for vehicles; brake linings for vehicles; brake shoes for vehicles; brake segments for vehicles; brake discs for vehicles; brakes for vehicles; caps for vehicle petrol [gas] tanks; hydraulic circuits for vehicles; clutches for land vehicles; connecting rods for land vehicles, other than parts of motors and engines; couplings for land vehicles; covers for vehicle steering wheels; turn signals for vehicles; doors for vehicles; driving motors for land vehicles; driving chains for land vehicles; engine mounts for land vehicles; gear boxes for land vehicles; gearing for land vehicles; horns for vehicles; motors, electric, for land vehicles; non-skid devices for vehicle tires; propulsion mechanisms for land vehicles; reduction gears for land vehicles; reversing alarms for vehicles; vehicle wheel rims; safety belts for vehicle seats; safety seats for children, for vehicles; shock absorbing springs for vehicles; steering wheels for vehicles; suspension shock absorbers for vehicles; tailboard lifts [parts of land vehicles]; tyres, solid, for vehicle wheels; torque converters for land vehicles; transmission chains for land vehicles; transmission shafts for land vehicles; transmissions, for land vehicles; treads for vehicles [roller belts]; turbines for land vehicles; undercarriages for vehicles; engines for land vehicles; parts and accessories for vehicles, namely, combination display instruments, land vehicle cockpits, instrument panels, center consoles; treads for the retreading of tires, hub caps; automobile tires; bicycle tires; casings for pneumatic tires; flanges for railway wheel tires; spare tire covers; spikes for tires; tubeless tires for bicycles, cycles; inner tubes for pneumatic tires; valves for vehicle tires; inner tubes for bicycles, cycles; bands for wheel hubs; hubs for vehicle wheels; rims for wheels of bicycles, cycles; spoke clips for wheels; vehicle wheels; vehicle wheel spokes; wheels for bicycles, cycles; adhesive rubber patches for repairing inner tubes; repair outfits for inner tubes; valves for vehicle tires; vehicle chassis; electronic, hydraulic, electromechanical, electrohydraulic and mechanical brakes for vehicles; brake pads for automobiles; brakes for bicycles; regulated and unregulated electromechanical and electrohydraulic steering systems and their components; electrical, electronic and mechanical actuators, drive shafts and electric motors for land vehicles; air bags [safety devices for automobiles]; shaft couplings and transmission mechanism and shift clutches for land vehicles; suspension springs for vehicles; vibration dampers and torsional vibration dampers (except as components of land vehicle engines) for vehicles; vehicle seats; head-rests for vehicle seats; seat covers for vehicles; hydromounts as vehicle components as far as included in this class; axles and axle modules; interior upholstery for vehicles; motor vehicle seats; cigarette lighters for automobiles; headlight wipers; windshield wipers; electric/electronic controllers and drives for convertible soft tops, sliding roofs and sun protection devices; rubber or plastic concertina walls for trains and articulated buses; fuel lines for vehicles; fuel tank systems for motor vehicles;
- (d) International Class 17 for asbestos; clack valves of rubber; cords of rubber; latex [rubber]; liquid rubber; packing [cushioning, stuffing] materials of rubber or plastics; padding materials of rubber or plastics; rings of rubber; rubber seals for jars; rubber, raw or semi-worked; rubber stoppers; rubber sleeves for protecting parts of machines; rubber material for recapping tires; rubber solutions; shock-absorbing buffers of rubber; synthetic rubber; threads of rubber, not for use in textiles; valves of india-rubber or vulcanized fiber; gutta-percha; gum, raw or semi-worked; mica, raw or partly processed; plastic substances, semi-processed; filtering materials [semi-processed foams or films of plastic]; plastic film other than for wrapping; plastic sheeting for agricultural purposes; threads of plastic soldering; insulating materials; seals, sealant compounds for joints; waterproof packings; flexible pipes (not made from metal); flexible tubes, not of metal, canvas hose pipes; compressed air pipe fittings, not of metal; junctions, not of metal, for pipes; pipe muffs, not of metal; reinforcing materials, not of metal, for pipes; insulators for cables; line seals; natural rubber (liquid); threads of plastic materials, not for textile use; plastic fibers, not for textile use; insulating materials; insulating felt; insulating gloves; insulating paper; insulating fabrics; substances for insulating buildings against moisture; insulating paints; insulating tape and band; insulating plaster; insulating refractory materials; foil of regenerated cellulose, other than for wrapping; viscose sheets, other than for wrapping; rubber solution;
- (e) International Class 37 for pipeline construction and maintenance; underwater construction; building insulating; air conditioning apparatus installation and repair; burglar alarm installation and repair; electric appliance installation and repair; installation, maintenance and repair of computer hardware; vehicle lubrication [greasing]; vehicle wash; vehicle polishing; vehicle service stations [refuelling and maintenance]; vehicle maintenance; vehicle cleaning; vehicle battery charging; tire balancing;

vulcanization of tires [repair]; repair of vehicles as part of breakdown assistance; retreading of tires; maintenance, assembly, repair of evaluation instruments for diagram plates, tachographs, accident data recorder, electronic vehicle logs, test and diagnostic apparatus and instruments; machinery installation, maintenance and repair; rebuilding machines that have been worn or partially destroyed; installation, maintenance and repair of computer hardware for data processing systems.
