in the colors black, blue, red, green and pink, in respect of International Class 9 for computers; computer peripheral devices; computer hardware; computer game software for gaming machines, namely, slot machines and video lottery terminals; hand held computers; tablet computers; personal digital assistants; electronic personal organizer; electronic notepads; electronic book readers; portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating and reviewing text, data, image and audio files; electronic game software for handheld electronic devices; handheld mobile digital electronic devices capable of providing access to the Internet and for the sending, receiving, and storing of telephone calls, faxes, electronic mail, and other digital data; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages, and electronic devices that enable the user to keep track of or manage personal information; sound recording and reproducing apparatus; MP3 and other digital format audio players; digital audio recorders; digital video recorders and players; audio cassette recorders and players; video cassette recorders and players; compact disc recorders and players; digital versatile disc recorders and players; digital audio tape recorders and players; radios, radio transmitters, and receivers; audio, video, and digital mixers; audio amplifiers; audio video receivers; consumer electronic products, namely, audio decoders; audio equipment for vehicles, namely stereos, speakers, amplifier, equalizer and speaker housing; earphones, headphones; audio speakers; microphones; audio components and accessories; modems; electronic apparatus and devices for controlling access to pay-television services; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; interactive photo kiosks for capturing, printing and uploading digital images for future use; audiovisual teaching apparatus; optical apparatus and instruments; wireless digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment; global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; cables, electric; blank tapes for storage of data; magnetic data media; chips, discs and tapes bearing or for recording computer programs and software; facsimile machines; cameras [photography]; batteries, electric; televisions; television receivers [tv sets]; television monitors; set top boxes; computer software, recorded; computer and electronic game software; global positioning system (GPS) computer software; computer software for travel and tourism, travel planning, navigation, travel route planning, geographic, destination, transportation and traffic information, driving and walking directions, customized mapping of locations, street atlas information, electronic map display, and destination information; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and other multimedia content, electronic publications, and electronic games; computer software for use in recording, organizing, transmitting, manipulating, and reviewing text, data, audio files, video files and electronic games in connection with computers, televisions, television set-top boxes, audio players, video players, media players, telephones, and handheld digital electronic devices; computer software to enable users to program and distribute text, data, graphics, images, audio, video, and other multimedia content via global communication networks and other computer, electronic and communications networks; computer software for identifying, locating, grouping, distributing, and managing data and links between computer servers and users connected to global communication networks and other computer, electronic and communications networks; computer software for use on handheld mobile digital electronic devices and other consumer electronics; electronic publishing software; electronic publication reader software; computer software for personal information management; downloadable pre-recorded audio and audiovisual content, information, and commentary; downloadable electronic books, magazines, periodicals, newsletters, newspapers, journals, and other publications; database management software; software for optical character recognition; software for ensuring the security electronic mail; computer software for accessing, browsing and searching online databases; electronic bulletin boards; database synchronization software; application development software; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, interfaces, and adapters for use with all of the aforesaid goods; computer equipment for use with all of the aforesaid goods; electronic apparatus with

multimedia functions for use with all of the aforesaid goods; electronic apparatus with interactive functions for use with all of the aforesaid goods; accessories, parts, fittings, and testing apparatus for all of the aforesaid goods; covers, bags and cases adapted or shaped to contain all of the aforesaid goods; navigational instruments; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; weighing apparatus and instruments; measures; electronic notice boards; measuring apparatus; optical apparatus and instruments; wafers [silicon slices]; integrated circuits; fluorescent screens; remote control apparatus; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; life saving apparatus and equipment; whistle alarms; sunglasses; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; electrically heated socks; alarm sensors, alarm sensors, and alarm monitoring systems; camera hardware systems for IP (Internet protocol) video surveillance; smoke and carbon monoxide detectors; thermostats, monitors, sensors, and controls for air conditioning, heating, and ventilation devices and systems; locks, electric; and lighting controls; central processing units [processors], microprocessors, semiconductors, computer chips, chipsets, and integrated circuits.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed under number 65418 on 8th September, 2014 in Jamaica.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 11513.15 should do so in writing addressed to the undersigned not later than the 7th day of October, 2016.
