APPLICATIONS FOR TRADEMARK REGISTRATION

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on 16th August, 2013, by Productos Electricos y Ferreteros, S.A. de C.V., of Victoria No. 3269, Colonia Bondonjito, Mexico City, Mexico, 07850, through its agent Courtenay Coye LLP, Attorneys-at-Law, of 15 'A' Street, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

CFE(6):26.4.2;27.5.11

in respect of:

- (a) International Class 8 for blades [hand tools], budding knives, hunting knives, knife steels, kitchen knives, machetes, mincing knives [hand tools], milling cutters [hand tools], sabres, scalling knives, scythes, silver plate [knives, forks and spoons]; pruning scissors, kitchen scissors;
- (b) International Class 9 for particle accelerators; blank recordable optical disc; acidimeters for batteries; acidimeters for accumulators Data processing equipment, namely, couplers; acoustic couplers; electric couplers; actinometers; accumulators, electric; accumulator boxes; chargers for accumulators; plates for electrical accumulators; receiving or container accumulators; accumulators anode; electric accumulator; chargers for electric accumulators; electric accumulators for vehicle; acoustic [sound] alarms; aerometer; electronic writing tablets; surveying apparatus and instruments; surveyors' levels; compasses [measuring instruments]; distance measuring wheels; magnetic compasses; transits [for surveying]; theodolites; indicators for water level; electro-dynamic apparatus for the remote control of railway points; needles for record players; automatic ion-exchange chromatography apparatus for laboratory use; air analysis apparatus; respirators other than for artificial respiration; stills for laboratory experiments; insulated copper electrical wire; electric wire; magnetic wire; metal alloy wires for electrical fuses; telegraph wire; electrical alarm bells; sound alarms; alcoholmeters; voltmeters; ammeters; ohmmeters; high tension batteries; loudspeakers; speaker enclosures; altimeter; batteries for lighting; amplifier; gas testing instruments; gas appliance alarm timer for detecting and altering the presence of gas flow after a prescribed period of time; anemometers; ring sizers; anodes; anode batteries; antenna; antenna aerial; anticathode; electrical anti-interference devices; fire sprinklers; sprinkler systems for fire protection; apparatus and instruments for astronomy, namely, telescopes, spotting scopes, optical lenses and optical glass; electrical devices to attract and kill insects, namely, electric bug killers; headsets for use with computers; audio and video receivers; audio-visual teaching equipment, namely, computers, data projectors, dvd players, slide projectors and overhead projectors; telephone headsets; lighting ballasts; navigational buoys; barometers; electric batteries; charger for electric batteries; electric batteries for vehicle; batteries for flashlights; solar batteries; binoculars; electromagnetic instruments for monitoring boilers, namely, flow meters; arms for electric doors; telephone cable; electrical cable connectors; coaxial cable; electric control systems for engines; fiber optic cables; junction sleeves for electric cables; electrical distribution boxes; electrical connection boxes; cash registers; calculators and calculating machines; calibrators, namely, pressure, voltage, sound and temperature calibrators; heat regulating apparatus; thermostats; cameras [photography]; portable camcorders; computer disc drives; luminous or mechanical signs for roads; battery chargers; video game cartridges; cassette players; blank video cassettes; compact disc players; blank audio-video compact discs; cell phones; electric locks; editing appliances for cinematographic films; film cutting apparatus; blank magnetic data tape; cinematic cameras; magnetic tape drives for computers; blank audio tapes; blank video tapes; tape cleaning heads for recording devices; blank tapes for storage of computer data; integrated circuit cards [smart cards]; short circuit boards; printed circuit boards; integrated circuits; encoded magnetic cards; magnetic encoders; barcode scanners; compact discs [read-only memory]; computer game programs; printers for computers; memory cards for computer; keyboard for computers; laptop computers; electrical capacitors; electrical conductors; electrical connectors; electrical connections; connections for electric lines; casings and casing parts for electrical equipment, namely, housing for switching apparatus; electrical switches; electrical distribution consoles; answering machines; remote controls for electronic devices, namely, DVD players, televisions, high definition DVD players and cable television receivers; converters, electric; current rectifiers; microprocessors; odometers; pedometers; integrated circuits; blank magnetic data carriers; blank optical discs; densimeter; smoke detector; bank note acceptor for separating good bank notes from counterfeits; coin acceptors for separating good coins from counterfeits; counterfeit money detection light to be used in retail stores and banks; dynamometers; currency counting machines; blank magnetic discs; phonograph record players; disc drive for computers; blank flexible diskettes; equipment to measure and record distances, namely, measuring apparatus, measuring tape and graduated rulers; global positioning system [GPS] apparatus; electrical power amplifier; electrical entertainment devices to be used exclusively with a television receiver, namely, remote control devices, joy sticks, video players; scanners for processing information; stage lighting regulators; laboratory equipment,

namely, spectrographs, spectroscopes; personal stereos; signals, luminous or mechanical; optical fibers [light conducting filaments]; camera lenses; fluorescent screens; photocopiers; facsimile machines; apparatus for sound reproducing and/or recording namely, recorders, amplifiers, magnetic tape recorders and digital compact discs; photo printers; electrical switches; flash lamps for cameras; electric power extension cords; laser, not for medical use; electrical limiters; removable hard disk drive; precision measuring apparatus, namely, calipers, micrometers, depth, height and thickness gauges; devices for measuring pressure, namely, manometers, pressure gauges and vacuum gauges; electronic weather sensors for measuring wind; barometric pressure and temperature; computer monitors; computer mice; devices for satellite navigation, namely, portable and automobile global positioning systems; neon signs; eye oscillograph; electrical control panels; projection screen; video screen; lightning rod, electric irons for ironing clothes; electronic pens; polarimeter; two-way radios; radio transmitters; pagers; radios; radios for vehicles; telephone receivers; electrical reducers; electric conductor rails; electrical relay; panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; alarm monitoring systems; video surveillance systems consisting primarily of video and photographic cameras; video recorders; microphones; broadband wireless equipment, namely, telecommunications base station equipment for cellular and fixed networking and communications applications; electronic motion detectors; night vision recorders; telephones; television monitors; baby monitors; radiotelephony sets; sirens; tachometer; computer keyboards; videophones; mobile phones; telegraphs [apparatus]; teleprinter; television sets; temperature indicator; thermionic radio valves; electrical transformers; transistors [electronic]; transmitters of electronic signals; illumination regulator; speed checking apparatus for vehicles; speed indicators; voltage surge protectors; electric buzzers; wireless network router; USB flash drives; computer memory devices; electronic power sources in the nature of batteries; electronic cables; wireless transmitters and receivers transmitters and receivers for audio and video signals for transmission over twisted pair cables; satellite receiver for free and paid channels; modular audio and video components, namely, audio speakers, subwoofers, amplifiers, and cell phones with integrated TV; spark guards; wires, electric; electrical resistors; electric video surveillance devices, namely, electronic components of security systems; thermionic valves; urinometer; fuel gauges; digital multimeter; telephone equipment, namely, caller identification boxes; cabinet for loudspeakers; cases, especially made for photographic apparatus or instruments; jumper cables; antennas; bags and cases specially adapted for holding or carrying portable telephones and telephone equipment and accessories; digital versatile disc players; microphones for communication devices; public address (PA) and sound system accessories, namely, microphone stands, speaker stands, microphone cables, speaker cables, speaker boxes and sound mixers; inverters [electricity]; vacuum tubes [radio]; video telephones; dictating machines; television cameras; record players; video tape recorders; pre-recorded video tapes featuring motion pictures and musical performances; computers; word processors; transceivers; headphones; stereo tuners; blank audio cassettes; pre-recorded audio cassettes featuring musical performances; earphones; graphic equalizers; radios incorporating clocks; semi-conductors; electric discharge tubes, other than for lighting; audio electric components, namely, surround sound systems; television monitors with and without television tuners; television apparatus for projection purposes; computer cables; LCD projector; portable television; wide-angle lenses for cameras; floppy disc drives; digital signal processors; signal processors;

- (c) International Class 11 for heat accumulators; steam accumulators; air cooling apparatus; bath fittings; bath installations; bath plumbing fixtures; bath tubs; cooling installations for water; dampers [heating]; disinfectant apparatus; disinfectant dispensers for toilets; distillation apparatus; drying apparatus and installations; heating elements; evaporators; faucets for pipes; electric heaters for babies' bottles; filters for drinking water; drip irrigation emitters [irrigation fittings]; drying apparatus and installations; evaporators, fans [air conditioning]; filters [parts of household or industrial installations]; flushing tanks; flushing apparatus; fumigation apparatus, not for medical purposes; regulating and safety accessories for gas apparatus; gas lamps; gas lighters; gas condensers, other than parts of machines; heat pumps; heat generators; heaters for baths; heating apparatus; hot water heater; heating installations; hot air apparatus; hydrants; electric kettles; kitchen ranges [ovens]; burners for lamps; electric lamps; light bulbs; electric light bulbs; light-emitting diodes [LED] lighting apparatus; lights for vehicles; luminous house numbers; luminous tubes for lightning; microwave ovens [cooking apparatus]; mixer taps for water pipes; anti-splash tap nozzles; oil lamps; petrol burners; pocket searchlights; pocket warmers; purification installations for sewage; refrigerating apparatus and machines; refrigerating appliances and installation; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for water apparatus; safety lamps; sanitary apparatus and installations; sauna bath installations; toilet seats; sockets for electric lights; standard lamps; street lamps; taps [faucets for bathroom or kitchen]; thermostatic valves [parts of heating installations]; toilet bowls; level controlling valves in tanks; washers for water taps; water conduit installations; water distribution installations; automatic watering installations; water-pipes for sanitary installations; water machines for agricultural purposes.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 10081.13 should do so in writing addressed to the undersigned not later than the 12th day of September, 2014.

DATED this 18th day of June, 2014.

CFE(6):26.4.2;26.13.25;27.5.1
in respect of:

- (a) International Class 9 for particle accelerators; blank recordable optical disc; acidimeters for batteries; acidimeters for accumulators data processing equipment, namely, couplers; acoustic couplers; electric couplers; actinometers; accumulators, electric; accumulator boxes; chargers for accumulators; plates for electrical accumulators; receiving or container accumulators; accumulators anode; electric accumulator; chargers for electric accumulators; electric accumulators for vehicle; acoustic [sound] alarms; aerometer; electronic writing tablets; surveying apparatus and instruments; surveyors' levels; compasses [measuring instruments]; distance measuring wheels; magnetic compasses; transits [for surveying]; theodolites; indicators for water level; electro-dynamic apparatus for the remote control of railway points; needles for record players; automatic ion-exchange chromatography apparatus for laboratory use; air analysis apparatus; respirators other than for artificial respiration; stills for laboratory experiments; insulated copper electrical wire; electric wire; magnetic wire; metal alloy wires for electrical fuses; telegraph wire; electrical alarm bells; sound alarms; alcoholmeters; voltmeters; ammeters; ohmmeters; high tension batteries; loudspeakers; speaker enclosures; altimeter; batteries for lighting; amplifier; gas testing instruments; gas appliance alarm timer for detecting and altering the presence of gas flow after a prescribed period of time; anemometers; ring sizers; anodes; anode batteries; antenna; antenna aerial; anticathode; electrical anti-interference devices; fire sprinklers; sprinkler systems for fire protection; apparatus and instruments for astronomy, namely, telescopes, spotting scopes, optical lenses and optical glass; electrical devices to attract and kill insects, namely, electric bug killers; headsets for use with computers; audio and video receivers; audio-visual teaching equipment, namely, computers, data projectors, dvd players, slide projectors and overhead projectors; telephone headsets; lighting ballasts; navigational buoys; barometers; electric batteries; charger for electric batteries; electric batteries for vehicle; batteries for flashlights; solar batteries; binoculars; electromagnetic instruments for monitoring boilers, namely, flow meters; arms for electric doors; telephone cable; electrical cable connectors; coaxial cable; electric control systems for engines; fiber optic cables; junction sleeves for electric cables; electrical distribution boxes; electrical connection boxes; cash registers; calculators and calculating machines; calibrators, namely, pressure voltage, sound and temperature calibrators; heat regulating apparatus; thermostats; cameras [photography]; portable camcorders; computer disc drives; luminous or mechanical signs for roads; battery chargers; video game cartridges; cassette players; blank video cassettes; compact disc players; blank audio-video compact discs; cell phones; electric locks; editing appliances for cinematographic films; film cutting apparatus; blank magnetic data tape; cinematic cameras; magnetic tape drives for computers; blank audio tapes; blank video tapes; tape cleaning heads for recording devices; blank tapes for storage of computer data; integrated circuit cards [smart cards]; short circuit boards; printed circuit boards; integrated circuits; encoded magnetic cards; magnetic encoders; barcode scanners; compact discs [read-only memory]; computer game programs; printers for computers; memory cards for computer; keyboard for computers; laptop computers; electrical capacitors; electrical conductors; electrical connectors; electrical connections; connections for electric lines; casings and casing parts for electrical equipment, namely, housing for switching apparatus; electrical switches; electrical distribution consoles; answering machines; remote controls for electronic devices, namely, DVD players, televisions, high definition DVD players and cable television receivers; converters, electric; current rectifiers; microprocessors; odometers; pedometers; integrated circuits; blank magnetic data carriers; blank optical discs; densimeter; smoke detector; bank note acceptor for separating good bank notes from counterfeits; coin acceptors for separating good coins from counterfeits; counterfeit money detection light to be used in retail stores and banks; dynamometers; currency counting machines; blank magnetic discs; phonograph record players; disc drive for computers; blank flexible diskettes; equipment to measure and record distances, namely, measuring apparatus, measuring tape and graduated rulers; global positioning system [GPS] apparatus; electrical power amplifier; electrical entertainment devices to be used exclusively with a television receiver, namely, remote control devices, joy sticks, video players; scanners for processing information; stage lighting regulators; laboratory equipment, namely, spectrographs, spectroscope; personal stereos; signals, luminous or mechanical; optical fibers [light conducting filaments]; camera lenses; fluorescent screens; photocopiers; facsimile machines; apparatus for sound reproducing and/or recording namely, recorders, amplifiers, magnetic tape recorders and digital compact discs; photo printers; electrical switches; flash lamps for cameras; electric power extension cords; laser, not for medical use; electrical limiters; removable hard disk drive; precision measuring apparatus, namely, calipers, micrometers, depth, height and thickness gauges; devices for measuring pressure, namely, manometers, pressure gauges and vacuum gauges; electronic weather sensors for measuring wind; barometric pressure and temperature; computer monitors; computer mice; devices for satellite navigation, namely, portable and automobile global positioning systems; neon signs; eye oscillograph; electrical control panels; projection screen; video screen; lightning rod, electric irons for ironing clothes; electronic pens; polarimeter; two-way radios; radio transmitters; pagers; radios; radios for

vehicles; telephone receivers; electrical reducers; electric conductor rails; electrical relay; panel meters, namely, an electronic instrument that displays an input signal in either a digital or analog form; alarm monitoring systems; video surveillance systems consisting primarily of video and photographic cameras; video recorders; microphones; broadband wireless equipment, namely, telecommunications base station equipment for cellular and fixed networking and communications applications; electronic motion detectors; night vision recorders; telephones; television monitors; baby monitors; radiotelephony sets; sirens; tachometer; computer keyboards; videophones; mobile phones; telegraphs [apparatus]; teleprinter; television sets; temperature indicator; thermionic radio valves; electrical transformers; transistors [electronic]; transmitters of electronic signals; illumination regulator; speed checking apparatus for vehicles; speed indicators; voltage surge protectors; electric buzzers; wireless network router; USB flash drives; computer memory devices; electronic power sources in the nature of batteries; electronic cables; wireless transmitters and receivers; transmitters and receivers for audio and video signals for transmission over twisted pair cables; satellite receiver for free and paid channels; modular audio and video components, namely, audio speakers, subwoofers, amplifiers, and cell phones with integrated TV; spark guards; wires, electric; electrical resistors; electric video surveillance devices, namely, electronic components of security systems; thermionic valves; urinometer; fuel gauges; digital multimeter; telephone equipment, namely, caller identification boxes; cabinet for loudspeakers; cases, especially made for photographic apparatus or instruments; jumper cables; antennas; bags and cases specially adapted for holding or carrying portable telephones and telephone equipment and accessories; digital versatile disc players; microphones for communication devices; public address (PA) and sound system accessories, namely, microphone stands, speaker stands, microphone cables, speaker cables, speaker boxes and sound mixers; inverters [electricity]; vacuum tubes [radio]; video telephones; dictating machines; television cameras; record players; video tape recorders; pre-recorded video tapes featuring motion pictures and musical performances; computers; word processors; transceivers; headphones; stereo tuners; blank audio cassettes; pre-recorded audio cassettes featuring musical performances; earphones; graphic equalizers; radios incorporating clocks; semi-conductors; electric discharge tubes, other than for lighting; audio electric components, namely, surround sound systems; television monitors with and without television tuners; television apparatus for projection purposes; computer cables; LCD projector; portable television; wide-angle lenses for cameras; floppy disc drives; digital signal processors; signal processors;

- (b) International Class 11 for heat accumulators; steam accumulators; air cooling apparatus; bath fittings; bath installations; bath plumbing fixtures; bath tubs; cooling installations for water; dampers [heating]; disinfectant apparatus; disinfectant dispensers for toilets; distillation apparatus; drying apparatus and installations; heating elements; evaporators; faucets for pipes; electric heaters for babies' bottles; filters for drinking water; drip irrigation emitters [irrigation fittings]; drying apparatus and installations; evaporators, fans [air conditioning]; filters [parts of household or industrial installations]; flushing tanks; flushing apparatus; fumigation apparatus, not for medical purposes; regulating and safety accessories for gas apparatus; gas lamps; gas lighters; gas condensers, other than parts of machines; heat pumps; heat generators; heaters for baths; heating apparatus; hot water heater; heating installations; hot air apparatus; hydrants; electric kettles; kitchen ranges [ovens]; burners for lamps; electric lamps; light bulbs; electric light bulbs; light-emitting diodes [LED] lighting apparatus; lights for vehicles; luminous house numbers; luminous tubes for lightning; microwave ovens [cooking apparatus]; mixer taps for water pipes; anti-splash tap nozzles; oil lamps; petrol burners; pocket searchlights; pocket warmers; purification installations for sewage; refrigerating apparatus and machines; refrigerating appliances and installation; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for water apparatus; safety lamps; sanitary apparatus and installations; sauna bath installations; toilet seats; sockets for electric lights; standard lamps; street lamps; taps [faucets for bathroom or kitchen]; thermostatic valves [parts of heating installations]; toilet bowls; level controlling valves in tanks; washers for water taps; water conduit installations; water distribution installations; automatic watering installations; water-pipes for sanitary installations; water machines for agricultural purposes.

The applicant claims that it has a bona fide intention to use the mark.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 10084.13 should do so in writing addressed to the undersigned not later than the 12th day of September, 2014.

IBEA CON

in respect of:

- (a) International Class 9 for computers; computer peripheral devices; computer hardware; computer game software for gaming machines including slot machines or video lottery terminals; hand held computers; tablet computers; personal digital assistants; electronic personal organizer; electronic notepads; electronic book readers; portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating and reviewing text, data, image and audio files; electronic game software for handheld electronic devices; handheld mobile digital electronic devices capable of providing access to the internet and for the sending, receiving, and storing of telephone calls, faxes, electronic mail, and other digital data; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages, and electronic devices that enable the user to keep track of or manage personal information; sound recording and reproducing apparatus; MP3 and other digital format audio players; digital audio recorders; digital video recorders and players; audio cassette recorders and players; video cassette recorders and players; compact disc recorders and players; digital versatile disc recorders and players; digital audio tape recorders and players; radios, radio transmitters, and receivers; audio, video, and digital mixers; audio amplifiers; audio receivers; audio decoders; audio equipment for vehicles, namely stereos, speakers, amplifier, equalizer and speaker housing; earphones, headphones; audio speakers; microphones; audio electronic components, namely, surround sound systems; modems; electronic apparatus and devices for controlling access to pay-television services; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; interactive photo kiosks for capturing, printing and uploading digital images for future use; audiovisual teaching apparatus; optical apparatus and instruments; wireless digital electronic apparatus to secure and protect data and images on all forms of wireless equipment including mobile telecommunications equipment using an automatic synchronization process and alarm notification of the loss or theft of the wireless equipment including mobile telecommunications equipment; global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; cables, electric; blank tapes for storage of data; magnetic data media; chips, discs and tapes bearing or for recording computer programs and software; facsimile machines; cameras [photography]; batteries, electric; televisions; television receivers [tv sets]; television monitors; set top boxes; computer software, recorded; computer and electronic game software; global positioning system (GPS) computer software; computer software for travel and tourism, travel planning, navigation, travel route planning, geographic, destination, transportation and traffic information, driving and walking directions, customized mapping of locations, street atlas information, electronic map display, and destination information; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and other multimedia content, electronic publications, and electronic games; computer software for use in recording, organizing, transmitting, manipulating, and reviewing text, data, audio files, video files and electronic games in connection with computers, televisions, television set-top boxes, audio players, video players, media players, telephones, and handheld digital electronic devices; computer software to enable users to program and distribute text, data, graphics, images, audio, video, and other multimedia content via global communication networks and other computer, electronic and communications networks; computer software for identifying, locating, grouping, distributing, and managing data and links between computer servers and user connected to global communication networks and other computer, electronic and communications networks; computer software for use on handheld mobile digital electronic devices and other consumer electronics; electronic publishing software; electronic publication reader software; computer software for personal information management; downloadable pre-recorded audio and audiovisual content, information, and commentary; downloadable electronic books, magazines, periodicals, newsletters, newspapers, journals, and other publications; database management software; software for optical character recognition; software for ensuring the security of electronic mail; computer software for accessing, browsing and searching online databases; electronic bulletin boards; data synchronization software; application development software; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, interfaces, and adapters for use with all of the aforesaid goods; computer equipment for use with all the aforesaid goods; electronic apparatus with multimedia functions for use with all of the aforesaid goods; electronic apparatus with interactive functions for use with all of the aforesaid goods; accessories, parts, fittings, and testing apparatus for all of the aforesaid goods; covers, bags and cases adapted or shaped to contain all of the aforesaid goods; navigational instruments; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; weighing apparatus and instruments; measures; electronic notice boards; measuring apparatus; optical apparatus and instruments; wafers [silicon slices]; integrated circuits; fluorescent screens; remote control apparatus; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; life saving apparatus and equipment; whistle alarms; sunglasses; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; electrically heated socks;
- (b) International Class 35 for business administration management; business consulting services; providing office functions namely, photocopying services; rental of photocopying machines; secretarial services; business services, namely, computerized database and file management; data processing services; advertising agency services; advertising, marketing, and promotion services; advertising and marketing consultation; sales promotion services; promoting the goods and services of others; conducting market research; analysis of advertising response and market research; design, creation, preparations, production, and dissemination of advertisements and advertising material for others; media planning services; administration of consumer loyalty programs; arranging and conducting incentive rewards programs to promote the sale of goods and services; providing business, consumer, and commercial information over computer networks and global communication networks; business services, namely, providing computer databases regarding the purchase and sale of a wide variety of products and services of others; retail department store

and online retail department store services; retail store services in the field of books, magazines, periodicals, newsletters, journals and other publications on a wide range of topics of general interest; retail store services in the field of entertainment featuring movies, television programs, cultural events, sporting events, electronic games, computer software applications, musical works, and audio and audiovisual works; retail store services featuring computers, consumer electronics, telecommunications apparatus, mobile phones, handheld digital electronic devices, computer software, and accessories, peripherals, and carrying cases for such products; product demonstrations; subscription services, namely, providing subscription to text, data, graphics, images, audio content, video content, electronic publications, computer software applications, electronic games, and other multimedia content, provided via the internet and other electronic and communications networks; arranging and conducting of commercial, trade, and business conferences, shows, and exhibitions; information, advisory and consultancy services relating to all the aforesaid.

The applicant claims that it intends to use the mark.

Priority claim is on the basis of an application filed under number 62,626 on 9th May, 2013 in Jamaica.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 10310.13 should do so in writing addressed to the undersigned not later than the 12th day of September, 2014.

NOTICE OF OPPOSITION

TAKE NOTICE that the Registrar is in receipt of a notice of opposition filed by KOHINOOR ENTERPRISES LTD. (The Opponent), of Monte Carlo Plaza Unit #6, Commercial Freezone, Santa Elena Border, Corozal Town, Corozal District, Belize, against trademark Application No. 10284.13, filed on the 1st day of November, 2013, by Brands and Products, S.A., (The Applicant), of France Field, Colon Free Zone, R. of Panama, for the registration of the following trademark, as proprietor thereof:

The Opponent opposes the above trademark Application on the grounds that:

1. The Opponent is the registered proprietor of the mark, **EL PATRON**, filed on 20th February, 2012 and registered under number 8566.12 in respect of International Class 34 for cigarette cases; chewing tobacco; cigar cases; cigar cutters; cigarette filters; cigarette paper; books of cigarette papers; cigarette tips; cigarettes; cigarettes containing tobacco substitutes, not for medical purposes; pocket machines for rolling cigarettes; cigarillos; cigars; match boxes; matches; tobacco pipes; tobacco ("the Opponent's mark").
2. The Applicant's mark is deceptively similar to the Opponent's mark, **EL PATRON** and application has also been made for the registration for goods identical to those for which the earlier **EL PATRON** mark is protected in Class 34 namely, cigarettes. There exists a likelihood of confusion on the part of the public, which includes the likelihood of association with the earlier mark [section 37(2)(b)].
3. The Applicant's mark is deceptively similar to the Opponent's mark in its English translation. **EL PATRON** means "the boss" in English and **PATRONCITO** means "little boss" in English. There exists a likelihood of confusion on the part of the public, which includes a likelihood of association with the earlier mark [section 37(2)(b)].
4. The goods for which the Applicant seeks to register its mark in International Class 34 are identical to the goods for which **EL PATRON** is registered in Class 34. As such, the channels of trade are identical or substantially similar in that the products are sold where tobacco products are available and the targeted consumers are identical or substantially similar in that they are persons looking for tobacco products [section 37(2)(b)].
5. The second word of the Opponent's mark and the beginning of the Applicant's mark i.e. PATRON in **EL PATRON** and PATRON in **PATRONCITO** are identical. The word PATRON would be pronounced /PA/TRON/, thus aurally and visually **EL PATRON** and **PATRONCITO** are very similar. The fact that the dominant element in both marks is PATRON is significant, as the dominant part of a trademark is generally the part that catches the consumer's attention and is remembered more clearly than the rest of the mark. The dominant part of a mark has a significant influence on the general impression given by a mark.
6. The Applicant has acted in bad faith by filing an unauthorized application for **PATRONCITO** in violation of the Opponent's prior rights in the **EL PATRON** mark in Belize [section 35(6)].
7. The registration of the mark **PATRONCITO** will dilute the reputation of the earlier trade mark **EL PATRON** in Belize, and the use of the mark **PATRONCITO** will take unfair advantage of or be detrimental to, the distinctive character of the repute of the earlier trade mark **EL PATRON** [section 37(3)].
8. The registration of the mark **PATRONCITO** in Belize is liable to be prevented by virtue of the laws of passing-off protecting the earlier trademark **EL PATRON** in the course of trade [section 37(4)].
9. The Opponent hereby submits that, bearing in mind the above objections, the Applicant has no right, whatsoever, in the mark, **PATRONCITO**, given the Opponent's prior rights in the mark **EL PATRON** as a registered mark in Belize.
10. The Opponent respectfully requests that the subject application for the mark be refused registration.

The Applicant is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

DATED this 15th day of July, 2014.
