- (c) International Class 7 for engines and motors, other than for land vehicles; power-operated machines and machine tools, namely, power cutters, chain saws, brushcutters, hedge trimmers, string trimmers, blowers, sprayers, generators, coffee harvesters, edgers, cultivators, high pressure washers, lawn mowers, water pumps, olive harvesters, earth augers and mist blowers, band saws, belt sanders, bench grinders, blowers, breakers, chain mortisers, circular saws, combination hammers, compound miter saws, concrete vibrators, cut-off machines, cut-out tools, cutters, demolition hammers, die grinders, disc grinders, disc sanders, drill presses, drills, driver drills, drywall screwdrivers, flip over saws, grass shears, grinders, groove cutters, hammer drills, hammer driver drills, heat guns, hole punchers, hypoid saws, impact drivers, impact wrenches, jig saws, jointers, metal cutters, metal cutting saws, miter saws, mixers, nibblers, oil-impulse drivers, orbital sanders, percussion driver drills, pin nailers, planerjointers, planers, plate jointers, polishers, power washers, pruning shears, reciprocating saws, rotary hammers, routers, sanders, sander-polishers, sash routers, scrapers, screwdrivers, scroll saws, shear wrenches, shears, slide compound saws, socket drivers, staplers, steel rod cutters, stone grinders, stone polishers, table saws, table top miter saws, threaded rod cutters, trimmers, vacuum cleaners, wall chasers, wheel sanders, and parts and accessories therefore; pneumatic power tools, namely, air compressors, air nailers, screwdrivers, crown staplers, impact drivers, pin nailers, tackers, and parts and accessories therefor; gasoline-driven power tools, namely, blowers, brushcutters, chain saws, cultivators, dusters, mist blowers, edging trimmers, generators, hedge trimmers, lawnmowers, pole trimmers, power cutters, sprayers, string trimmers, tillers, water pumps, and parts and accessories therefore; for use in agriculture, forestry and construction industry as well as recreation and gardening;
- (d) International Class 9 for scientific apparatus and instruments for use in the chemical industry, in laboratories and in chromatography, namely, hygiene monitoring systems comprised primarily of adenosine triphosphate detection units, sample collection handling pens for surface and clean-in-place applications and computer software for use in monitoring hygienic conditions; house mark for nautical, surveying, electric (included in Class 9), photographic, cinematographic, optical, weighing, measuring, signaling, supervision, life-saving and teaching apparatus and instruments, namely, high performance instruments systems comprised primarily of rods, columns, solvents and software for high performance liquid chromatography (HPLC), quantitative rapid analysis instruments for scientific, chemical and biological use, analytical test kits comprised primarily of photometers, thermo reactors, reagents for sample preparation and software for use in photometric analysis, turbidimeters, airsampler; photometers and reflectometers for use in analytical quality assurance and environmental analysis that are specially designed to use reagents and test kits, namely, scientific laboratory apparatus and instruments and software for sample preparation, application, analytical quality assurance, and evaluation, wet chemistry test kits comprised of a combination of the following items photometers with cuvette, reagent tests, reflectometers with test strips-all for use in scientific and medical research and environmental testing and waste product testing; computer software used to monitor hygiene, to program photometric systems comprised primarily of photometers, thermo reactors, reagents for sample preparation and software, to evaluate test results, to run high performance liquid chromatography (HPLC) systems comprised primarily of rods, columns, reagents, solvents and software, to select high performance liquid chromatography (HPLC) measurement conditions, to evaluate thin layer chromatography for use in the chemical and pharmaceutical industry and for use in medical and scientific laboratories; LCD glass, optical films, color filters, pre-coated glass plates, aluminum sheets, sorbents, liquids and sprayers for use in electrooptical devices for use in medical and scientific laboratories and in the manufacture of computers and electronic devices, scientific apparatus and instruments, namely light pens, styluses, and electronic pens; programming machines for programming scientific instruments, research computer and diagnosis devices, cd-roms containing computer programs and software for laboratory analysis in the field of medicine, chemistry, biochemistry, molecular biology, genomics, genetic engineering, hygienics, pharmacology; microscope and photographic slides, photographic transparencies, serum bottles, test-tube racks, automatic biochemical analyzers, graduates and burettes for experiment purposes, heat analysis instruments for chemicals, analyzers for chemical structure of substances, automatic chemical analysis instruments; glass driers for laboratory purposes;
- (e) International Class 11 for lighting apparatus and installations; apparatus and machines for refrigerating, namely, refrigerators, refrigerating cabinets, refrigerating display cabinets [display cases], refrigerating machines and temperature-controlled food and beverage dispensers, and components thereof; electric floor fans, electric ceiling fans, electric food heaters, electric single and double burner, hot plates, electric toaster ovens, electric broilers, electric sandwich grills, electric meat grills, electric rotisseries,

electric woks, electric waffle makers, electric popcorn poppers, electric fry kettles, electric tea kettles, domestic cooking ovens, refrigerated cabinets for storing wine.

The applicant claims that it has a bona fide intention to use this mark in Belize.

The applicant claims priority on the basis on an application filed on October 15, 2010, under number 30 2010 061 181.2/01 in Germany.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 7562.11 should do so in writing addressed to the undersigned not later than the 9th day of December, 2011.
