## INTEL. LEAP AHEAD™

in respect of-

- (a) International Class 9 for scientific, navigation, measuring, electric, photographic, film, optical, scales, measuring apparatus, signaling apparatus, regulating apparatus, rescue apparatus and teaching apparatus and instruments; tape recorders, records; apparatus and instruments, all for monitoring, detecting, testing and measuring; floppy disc driving apparatus; electronic security apparatus; surveillance apparatus; apparatus and equipment for recording, processing, receiving, reproducing, transmitting, modifying, compressing, decompressing, broadcasting, merging and/or enhancing sound, images, graphics, and data; algorithm software programs for the operation and control of computers; electronic apparatus and instruments, all for recognizing digital and analog codes; control apparatus for all the aforesaid goods; computer operating system software; computer operating programs; computer system extensions, tools and utilities in the field of application software for connecting personal computers, networks, telecommunications apparatus and global computer network applications; computerized telecommunications and networking equipment consisting of operating system software, modems, cameras, headsets, microphones, cables and adaptors; computer games; racks, cabinets and holders, all adapted for the aforesaid goods; audio and video graphics for real time information and image transfer, transmission, reception, processing and digitizing; computer firmware; computers; handheld computers; microcomputers; minicomputers; computer installations; memory boards; processing apparatus; personal digital assistants; cellular telephones; smart phones; portable and handheld personal organizers; computer hardware; integrated circuits; integrated circuit memories; integrated circuit chips; chip-sets; semiconductor processors; semiconductor processor chips; semiconductor chips; microprocessors; printed circuit boards; electronic circuit boards; computer motherboards and daughterboards; chipsets; computer memory devices; operating systems; computer programs; microcontrollers; data processors; central processing units; semiconductor memory devices; software programmable processors; digital and optical processors; computer peripherals; video circuit boards; audio circuit boards; audio-video circuit boards; video graphic accelerators; multimedia accelerators; video processors; video processor boards; cards, discs, tapes, wires, records, microchips and electronic circuits, all for the recordal and transmission of data; modems; apparatus and instruments, all for processing, storage, retrieval, transmission, display, input, output, compressing, decompressing, modifying, broadcasting and printout of data; computer input and output devices; work stations; data memories; storage devices; security systems for computer hardware and software; set electronic chips; components for computers printed circuits; voice accelerators; voice, data, image and video accelerators; flash memories; flash memory devices; memory systems for computers; telecommunications equipment and computer networks, namely processing and operating systems; headsets; mice; microphones; cables and adapters; computer terminals and printers for use therewith; video display units; telecommunications apparatus and instruments; cameras; computer hardware and software for the transmission and receipt of facsimiles; computer hardware and software for the development, maintenance, and use of local and wide area computer networks; computer hardware and software for the development, maintenance, and use of interactive audio-video computer conference systems; computer hardware and software for the receipt, display, and use of broadcast video, audio, and digital data signals; set-top boxes, electronic control devices for the interface and control of computers and global computer and telecommunications networks with television and cable broadcasts and equipment; routers; hubs; servers; switches; apparatus for testing and programming integrated circuits; peripheral memory apparatus and devices; computer firmware, namely computer operating systems software; fixed function servers; computer networking hardware; semiconductor devices; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (LANs), virtual private networks (VPN), wide area networks (WANs) and global computer networks; router, switch, hub and server operating software; computer software and hardware for use in providing multiple user access to a global computer information network for searching, retrieving, transferring, manipulating and disseminating a wide range of information; computer software tools for the facilitation of third party software applications; computer hardware and software for wireless network communications; downloadable electronic publications in the area of electronics, semiconductors and integrated electronic apparatus and devices, computers, telecommunications, entertainment, telephony, and wired and wireless telecommunications; instructional materials relating to computers recorded magnetically, electronically or optically; parts and fittings for all the aforesaid goods; and manuals sold as a unit and downloadable from a global computer network;
- (b) International Class 16 for binders, bookends, bookmarkers, boxes for pens, calendars, tablets, note cards, self-adhesive pads, desk pads, and calendar pads, pens, pencils, folders, paperweights, pen and pencil holders, photograph stands, rulers, gift wrap, erasers, markers, crayons, chalk, desk sets, desk organizers, bumper stickers; computer instruction manuals; white papers; printed publications in the area of computers, telecommunications, entertainment, telephony, and wireless communications;

- (c) International Class 41 for educational services; training services; entertainment services; services related to sporting and cultural activities; providing on-line publications in the areas of photography, imaging and related goods and services; education and entertainment services relating to digital imaging via global computer networks including the internet and similar services; providing an archive of digital images on-line, for use by consumers; providing an on-line library of digital images which may be shared by users; photographic archiving and image library services; computerized on-line education and training services; interactive tutorials, courses, how to guides, tips and techniques, expert guidance and advice, and interactive discussions on the purchase, use, care, maintenance, support, upgrading, updating and configuring of computer hardware, computer software, computer networks, teleconferencing and communications goods and services; chat rooms; entertainment and educational services relating to allowing computer users to access, upload, download and create on-line photo albums, electronic postcards, address books, and calendars; providing on-line chat rooms for transmission of messages among computer users concerning photography, imaging and related goods and services; information, advisory and consultancy services relating to the aforesaid including such services provided on-line or via the internet; educational services, conducting classes, seminars, conferencing, and hosting online educational forums in the field of computer and software use, navigation over global computer networks, computer science and technology, computer management, and distributing course materials in connection therewith developing and disseminating educational materials design to increase technology literacy among students; training services in the field of networks, network system design, network operation, network maintenance, network testing, network protocols, network management, and network engineering; training services for network hardware and software; training services in the field of online business solutions; providing customers and technicians with information relating to business and project management;
- (d) International Class 42 for managed web hosting and network services; providing online access to data storage services; web site hosting and content distribution services; network monitoring services, namely providing information on the operation of computer networks; providing services in the fields of web software customization, user interface design, web site content management and integration; web site development and maintenance; computer and wireless consulting services; providing temporary use of non-downloadable software; computer consulting services; computer custom software and hardware development, design, and consulting services; leasing of computer equipment, namely, computers, computer hardware, peripherals, computer components, computer software, computer printers, and leasing of office furniture; providing on-line publications; designing and developing standards for others in the design and implementation of computer software, computer hardware and telecommunications equipment.

The applicant claims that it has never used this mark.

The applicant claims priority on the basis of an application filed September 29, 2005, under number 30558256.9 in Germany.

**ANY** person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 3589.05 should do so in writing addressed to the undersigned not later than the 16<sup>th</sup> day of June, 2006.

**DATED** this 20<sup>th</sup> day of March, 2006.
