magnetic data media; magnetic tapes; sound recording discs; mechanisms for coin-operated apparatus; cash registers; calculating machines; data processing equipment; computers; computer software, recorded; computer programs, recorded; downloadable computer software applications for mobile devices and computers, namely, software for financial analysis, planning and management, software for securing and protecting data on mobile devices and computers, software for authenticating user identification, software for controlling access to and communications with mobile devices and computers; downloadable software applications for use with mobile devices, namely, software for use in database management, for use as a spreadsheet, for word processing, for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data in the field of shopping, purchasing, communication, product and service reviews, entertainment, health and fitness, lifestyle, media and video, music and audio, photography and social network; downloadable computer software for processing electronic payments to and from others; downloadable computer software and software applications for use in relation to financial services, financial transactions, electronic commerce, electronic payments, foreign currency exchange, trading and brokerage services and investment advisory services; downloadable authentication software, namely, software for authenticating the identity of a payer; computer software applications, downloadable; downloadable instant messaging software; downloadable file sharing software; downloadable communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; downloadable computer software for processing images, graphics, audio, video, and text; downloadable computer software for the transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software for deploying virtual machines to a cloud-computing platform, and for managing virtual machines on a cloud computing platform; downloadable cloud-based software for storing and managing electronic data, accessing databases and internet security; downloadable computer software for tracking and evaluating customer and personal behaviour in relation to purchasing decisions; downloadable computer software application for use in relation to environmental conservation, climate change and carbon offsetting; online electronic publications, downloadable from the Internet or a computer network or a computer database; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, information materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; computer peripherals; notebook computers; laptop computers; portable computers; handheld computers; personal digital assistants [PDAs]; portable media players; mobile telephones; smart phones; digital cameras; batteries, electric, battery chargers; computer workstations comprising computers and computer monitors; computer servers; computer and telecommunications networking hardware and peripheral devices for data communication and transmission between two points; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices, namely, cable modems, computer fax modem cards, modems; protective sleeves for laptop; laptop carrying cases; computer bags; fire-extinguishing apparatus; computer hardware and firmware for use in the fields of finance, technology, insurance, information technology, cloud computing, blockchain technology, identity authentication, biometrics authentication, data security, computer security, electronic commerce, online trading and data management; satellite-aided navigation systems in the nature of automobile navigation system featuring interactive digital map displays, interactive instructions and user generated information; compact discs featuring music; digital music, downloadable from the Internet; telecommunications apparatus namely, VOIP phones, network telephones, facsimile machines, portable telecommunication instant messaging devices; mouse mats; mobile phone accessories, namely, cases, covers, headsets and hands-free kits for telephones; downloadable video games software in the field of children's entertainment, family entertainment, drama, action, adventure and fantasy; downloadable computer game software, featuring pictures, motion pictures and movies in the field of children's entertainment, family entertainment, drama, action, adventure and fantasy; downloadable motion pictures and movies in the

field of children's entertainment, family entertainment, drama, action, adventure and fantasy; digital music, downloadable from wireless devices; alarm; **36** for insurance administration, consultancy, information, underwriting and risk management; financial affairs and monetary affairs, namely, financial information, management and analysis services; real estate affairs; clearing and reconciling financial transactions via a global computer network; online banking services and financing services; credit card services, namely, credit card authorization services, processing of credit card payment, credit card transaction processing, issuance of credit cards, financial administration of credit card accounts, electronic processing and subsequent transmission of bills and payments thereof; underwriting financial transactions, namely, providing insurance for financial transactions; transmission of funds by electronic means for others; providing electronic processing of electronic funds transfer and electronic payments; financial services, namely, bill payment services and bill payment processing services; real estate services, namely, leasing and management for others of commercial property, offices, office space, residential property, apartments and houses; renting and leasing of real estate; real estate appraisal; real estate valuation, real estate financing, real estate investment; real estate brokerage services; real estate agency services; housing agencies; actuarial services; real estate management and consultancy services; rent collection; rental of offices [real estate]; rental of apartments and flats; provision of financial information via a website; safe deposit services; issuance of traveller's cheques; capital investments; financial evaluation [insurance, banking, real estate]; financial and asset management services; insurance brokerage and financial investment brokerage; financial services provided by telecommunication means, namely, financial investment brokerage, financial consultancy, financial planning, financial forecasting, financial valuation, financial auditing, financial portfolio management, financial asset management, investment fund transfer and transaction services; financial consultancy; banking services provided on-line from a computer databases or the Internet; securities brokerage services, stock exchange quotation services; stocks and bonds brokerage, financial analysis; debit card services in the nature of issuance of debit cards and debit card transaction processing services; charge card services in the nature of issuance of charge cards and payment processing services; cheque payment guarantee services ; banking, savings account and investment management services; financial clearing services; business credit verification via global computer information network; credit risk management; Electronic payment services involving electronic processing and subsequent transmission of bill payment data; bill payment services provided via an electronic wallet; financial accounts payable debiting and crediting services; electronic banking via a global computer network [internet banking]; issuing stored value cards for use as electronic travel tickets; telephone credit cards services, namely, issuing of prepaid telephone calling cards; provision of information relating to finance and insurance, provided online from a computer database or Internet; agencies for collecting of gas and electric power utility payments; antique appraisal; art appraisal; jewellery appraisal; automobile appraisal; providing financial information relating to tax; charitable fund raising; organizing of charitable collections, namely, charitable fundraising services by means of organizing and conducting special events; charitable collections, namely, charitable fundraising services by means of providing individuals with the information and opportunity to make monetary donations to their favorite charity; rental of paper money and coin counting and sorting machines; rental of cash dispensers or automated-teller machines; online payment services, namely, electronic processing of credit card transactions and electronic payments via a global computer network; arranging finance for construction projects; promoting the goods of others, namely, providing vouchers for the goods of others; monetary exchange services, cash dispensing services, namely, automated teller machines services; issuance of tokens of value; money transfer services; financial consultancy, information and advisory services relating to the electronic transfer of funds; financial services, namely, providing for the exchange of foreign currency via the internet and intranet systems; currency trading; currency dealing, namely, currency exchange and transfer services; financial transactions services, namely, facilitating secured online transactions between buyers and sellers and recording of smart contracts via blockchain; provision of charitable fundraising services in relation to carbon offsetting; brokerage of carbon credits; financial sponsorship of carbon offset programmes; funding of and financial investment in emissions reduction projects; financial investment in carbon offset programmes and projects; financial investment in emissions reduction funds; provision of loans [financing]; loans [financing]; **42** for scientific and technological services, namely, research and design in the field of telecommunication software and hardware, Internet technology, websites for advertising, software design, and e-commerce software and hardware design; industrial research and analysis services in the field of e-commerce computer software networking systems; design and development of computer hardware and software; software as a service [SaaS]; blockchain as a service [BaaS] services, namely, providing temporary use of non-downloadable software for database management, data analysis, document management, document analysis, project management, project planning, budget management and electronic storage of data; data encryption, decryption and authentication of information, messages and data; providing user authentication services using biometric, facial recognition, finger print authentication, voice recognition and other types of hardware and software authentication technology for provision of financial services, e-commerce transactions, donations, licensed product tracking and fan engagement; data security consultancy services; computer security services, namely, hard drive erasure, administering digital certificates; computer security threat analysis for protecting data; data encryption services, namely, encrypting confidential.
