chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; disposable photographic camera; dry plates for graphic arts (unexposed); graphic arts films (unexposed); graphic arts paper (unexposed); medical X-ray films (unexposed); photographic emulsions; photographic films for duplicating and micro-films (unexposed); photographic films for identification photography (unexposed); photographic films for scientific measuring (unexposed); photographic films for use in industries (unexposed); photographic films for use with cameras to record images viewed on CRT display in medical diagnosis (unexposed); photographic films (unexposed); photographic paper (unexposed); photographic plate (unexposed) photographic sensitizers; photosensitive chemical products; phototypesetting films (unexposed); phototypesetting paper (unexposed); pre-sensitized plates for offset printing; parts and components of all of the aforesaid goods in this class; **International Class 2** for anti-rust greases; Canada balsam; colorants; copal; dammar resin: developers and toners used for xerographic machines; dyestuffs; ink cartridges for computers, printers and word processors; ink cartridges for inkjet printers; ink cartridges for xerographic machines; mastic (natural resin); mimeographic inks; mordants; nonferrous metal foils and powders for painting, decoration, printing or art production; paints and varnishes; pigments; pine oil extracted from pine roots; precious metal foils and powders for painting, decoration, printing or art production; printing compositions; printing ink; rosin; sandarac; shellac; toner and developer for use in photocopying machines, optical scanners, computer printers, inkjet printers, laser printers, optical printers, microfilm reader-printers; paints and toners for image forming apparatus; toner cartridges for xerographic machines; wallpaper removing preparations; wood preservatives; parts and components of all of the aforesaid goods in this class; **International Class 7** for apparatus for making proof used in graphic arts; apparatus for mixing chemicals; apparatus for preparing printing plates or preparing graphic arts films; machines and machine tools; printing machines; printing plates; parts and components of all of the aforesaid goods in this class; **International Class 9** for accessories for cameras, namely exchangeable lenses, camera lenses, electronic flashes; air tanks; anti-theft warnings apparatus; apparatus and instruments for duplication of exposed photographic films; apparatus for mixing of chemicals for use in a photographic darkroom; apparatus for recording, transmission or reproduction of sound or image; audio and video disks; audio and video tapes; audio mixers and audio speakers, control systems, namely, computer consoles and supporting software for the control and integration of text, audio, graphics, still images and moving pictures in planetariums; automatic document feeders, cassettes and sorters, all of fittings of copying machines; automatic machines for processing exposed graphic arts film, paper and plates; automatic machines for processing exposed photographic films and paper; automatic machines for processing exposed-medical X-ray films; billing machines; apparatus to check stamping mail, binoculars; calculating scales calculators; camera cases and accessories, namely, bags and straps; camera lenses; cameras and fittings thereof and accessories thereto; cameras for identification photography; cameras for special photography; cameras to record images viewed on CRT display; cash registers; cinematographic apparatus and instruments; cinematographic films; coin counting and sorting machines; coin-operated gates for car parks or parking lots; computer hardware; computer input devices; computer memories; computer output devices; computer peripheral devices; computer printers; computer programs (recorded); computer software (recorded); computers; copying apparatus and machines (photographic, electrostatic, thermic); copying machines; data processing apparatus; data processing equipment and computers; densitometers; digital cameras; disposal camera; drawing or drafting machines; electric calculators; electric or magnetic measuring machines and instruments; electric, photographic, cinematographic, optical, measuring, checking apparatus and instruments; electrical communication apparatus and instruments; electrical distribution or control machines and instruments; electrodes; electrolyzers; electronic cameras; electronic data processing machines for use by photographic finishing laboratory; electronic machines and instruments and their parts and fittings; electronic printers as components of computers; electronic viewers; facsimile machines; fiber optic cables; electric wires and cables; films (exposed); filters (photography); flash-bulbs (photography) and stroboscope units; flatness testers; floppy disks; identity cards; industrial meters used in photography, namely exposure meters, TV color balance analyzers, illuminance meters, luminance meters, colorimeters, spectroradiometers thermometers, chlorophyll meters, spectrophotometers, glossmeters, UV radiometers, CRT focus meters, color display measuring instruments, non-contact three-dimensional digitizers; inkjet printers; interfaces for computer, laser printers; luminous or mechanical road signs; machines and instruments for use in amusement parks and pleasure grounds; mounds; magnetic cores; magnetic data carriers, recording discs; magnetic data media; magnetic memory disks; manually operated calculators; measuring apparatus and instruments; melt-cutting machines for metal works; memory disk drive; microfilm cameras; microfilm reader-printers; microfilm reading and/or receiving apparatus; motion picture cameras; notching machines as fittings of automatic processors; operation recording machines; optical apparatus and instruments; optical data media; optical discs; optical fibers; optical glass; optical lenses; optical printers; optical scanners; ozonisers (ozonators); phase modifiers; batteries; photocopying machines; photographic apparatus and instruments, photographic cameras, photographic prints making apparatus; photomask blanks as materials for use in production of IC-electric parts; photoreceptor, phototypesetting machines; physical or chemical apparatus and instruments; planetarium equipment, namely domescreen, projectors, space simulators, lifter units, all-sky movie systems, video and audio, namely, disc or cassette video and audio recorder and players and projectors; planetariums; pre-recorded video discs and tapes; printers for use with computers; processed glass; punch card machines; records; resistance wires; roentgen cameras; rotary converters; scanners; screens (photography); screens used for graphic arts; slide film mounts; slide films and transparencies; spectacles; supporting computer software for use in conjunction with photocopying machines, scanners, optical scanners, computer printers, inkjet printers, laser printers, printers, optical printers, digital cameras and facsimile machines, namely, driver software and network utility software; printers; time recorders; time stamping machines; transparencies (photography); tripods for cameras; vending machines; video cameras; video disc players; video game apparatus for personal use; video printers used for making print of video picture; video tape recorders; video tape recording and/or reproducing apparatus, namely video cameras, video recorder, copier and player, video decks, video tuners; word-processors; parts and components of all the aforesaid goods in this class; **International Class 10** for apparatus and instruments for medical analysis and diagnosis and peripheral devices thereto; intensifying screens for X-ray films (used for medical X-ray photograph); jaundice meter; medical apparatus and instruments; medical X-ray photograph duplicators; orthopedic articles; oximeter; prosthetic or filling materials; roentgen apparatus for medical purposes; surgical catguts; surgical, medical, dental and veterinary apparatus and instruments;

suture materials; testing apparatus for medical purposes; unexposed medical X-ray film cassettes; unexposed medical X-ray films; X-ray diagnostic apparatus; parts and components of all of the aforesaid goods in this class, of which it has been used. The mark shall remain valid for a period of ten years until the 30th day of September, 2033, upon which it can be renewed for further periods of ten years.
