ORANGE

THE MARK shown above, Registration No. 9697.13, has been renewed in the name of **Orange Brand Services Limited, of 3 More London Riverside, London SE1 2AQ, United Kingdom**, as of the 11th day of April, 2023, in respect of **International Class 9** for communications servers; computer servers; VPN [virtual private network] operating hardware; WAN [wide area network] operating hardware; LAN [local area network] operating hardware; computer hardware; computer network hardware; computer hardware for providing secure remote access to computer and communications networks; ethernet adapters, cables, controllers, repeaters, switches and transceivers; secure terminal for electronic transactions including electronic payments; apparatus for processing of electronic payments; cameras; cameras [photography], cinematographic cameras, lenses for photographic apparatus; image processing apparatus, instruments and equipment; bar code scanners and readers; radio; telecommunication, radio and television broadcasting transmitters and receivers; apparatus for access to broadcast or transmitted programmes; network operating systems programs; computer operating systems programs; interactive multimedia computer games programs; VPN [virtual private network] operating software; WAN [wide area network] operating software; LAN [local area network] operating software; USB operating software; computer software for synchronizing data between computers, processors, recorders, monitors and electronic devices and host computers; computer software, recorded; computer software for providing secure remote access to computer and communications networks; computer programs and computer software for electronically trading securities; computer software for the creation, maintenance and management of firewalls; software for ensuring the security of electronic mail; virtual reality games software; software for GPS navigation; printed circuit boards; interface cards for data processing equipment in the form of printed circuit; blank flash memory cards, electronic memory [computer hardware], memory cards for video game machines, secure digital (SD) memory cards; blank electronic chip cards, blank integrated circuit cards [blank smart cards]; cards and microprocessors for computers; identity cards, magnetic; pre-paid telephone calling cards magnetically encoded, magnetically encoded credit cards; magnetically encoded debit cards; cards for electronic games designed for use with telephones; CD-ROM drives, Blank CD-ROMs for sound or video recording, CD-ROM writers; blank optical data carriers and blank magnetic data carriers; optical data media; compact discs [audio-video] and Compact Discs [read only memory] and magnetic data media; USB flash drives; computer software applications and computer programmes [downloadable], being for use in relation to the operation and management of telecommunication network services; downloadable ringtones for mobile phones; computer software to enable teleconferencing, videoconferencing and videophone services; computer software to enable searching and retrieval of data; computer software for accessing databases, telecommunications services, computer networks and electronic bulletin boards; computer games software; downloadable music files; digital audio players, media players, MP3 players and MP4 players; portable media players; photographs, pictures, graphics, image files, sound bites, films, videos and audio-visual programmes [downloadable] provided on-line or from computer databases or the Internet or Internet websites; remote video monitoring system consisting primarily of a camera and video monitor for recording and transmitting images to a remote location; telecommunications hardware and software for monitoring and alerting remote sensor status via the internet; computer software for use in remote monitoring; satellite navigational system, namely, a global positioning system (GPS); telecommunications and broadcasting satellites; telecommunications transmitters; telecommunications and data networking hardware, namely, devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; telephone terminals; telephone switchboards; telecommunications apparatus and instruments; telephone equipment, namely, caller identification boxes; telephone apparatus; multimedia terminals; multi-functional computer terminal with payment function; facsimile machines; personal digital assistants (PDAs); tablets computers; electronic tablets PC's; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages; mobile electronic devices that enable the user to keep track of or manage personal information; accessories for telephones and telephone handsets, namely, headphones and hands free devices for telephone handsets and other mobile electronic devices; cell phone straps; calculators; flat panel display screens, LCD large-screen displays; telecommunications and data networking hardware, namely devices for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; structured cabling systems comprised of telecommunications cables and hardware; **International Class 37** for updating computer hardware; **International Class 38** for provision of telecommunications connections for telephone hotlines and call centers; telephone communication services provided for hotlines and call centers; mobile telephone services, transmission and distribution of data or audio visual images via a global computer network or the internet; providing access to the internet on a temporary basis for third parties; providing electronic transmission of electronic payment data via a global computer network; telephone call completion services for directory assistance customer; transmission of data sound and images by satellite and communications links; delivery of digital music by electronic transmission; transmission of digital files; providing telecommunication channels for teleshopping services; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission and streaming of multimedia content via communications networks; providing user

access to the internet; providing access to digital music websites on the internet; providing access to telecommunications infrastructures for other operators; computer aided transmission of messages and images transmission and distribution of data or audio visual images via a global computer network or the internet; providing third party users and operators with access to telecommunications infrastructure and telecommunications networks; advisory, information and consultancy services relating to telecommunications and information technology; internet service provider [ISP]; **International Class 42** for laboratory research services in the fields of electronic and computers; research, design and implementation project management in the field of electronics and computers; product research, design and development; design of computer networks, computer site design, design of computer hardware and computer software, design of multimedia products, design of wireless communication systems for transmission and reception of voice, data and video, design of new products, design of home pages and websites; product research, design and development; technical research; research, design and development services relating to computers, computer programmes, computer systems, computer software application solutions, data processing systems, data management, computerised information processing systems, communications services, communications solutions, communications applications, communications systems and network interfaces and provision of technical consultancy, information and advice relating to the aforesaid; preparation of technical reports and studies for others; computer services, namely computer hardware development, customization of computer hardware and of computer software in the nature of computer programming and provision of information and advice thereon; updating and design of computer hardware; maintenance, updating and design of computer firmware, computer software and computer programs; computer programming services; preparation and provision of information in relation to computers and computer network facilities; technical advice and consultation services in the field of information technology and telecommunication; design and development of computer systems and of telecommunications systems and equipment; computer management services, namely, remote management of computer applications for others; computer project management application service (ASP) provider, namely hosting computer software applications of others and telecommunications network management services, namely, the operation and administration of telecommunication systems and networks for others; operational support services for computer networks, operational support services for computer networks, operational support services for telecommunications networks and operational support services for data transmission networks; computer programming services; given on-line; provision of access to an electronic on-line network for information retrieval; computer rental; design, drawing and commissioned writing, all for the compilation of web pages on the internet; graphic illustration services for others; graphic design services; creating, operating and maintaining databases, intranets and web sites; hosting the web sites of others; installation and maintenance of computer software; leasing of access time to a computer database; rental of access time to global computer networks and electronic bulletin board services; creating, operating and maintaining web sites, web pages and portals for logging text, images and music provided either via computers or mobile telephones; weather forecasting; weather information services; interior design services; information and advisory services relating to all the aforesaid services, of which it has not been used. The market conditions until now have not justified entry into the market but may change in the future. The mark shall remain valid for a period of ten years until the 11th day of April, 2033, upon which it can be renewed for further periods of ten years.
